Fudge, 2003 Grounded in primary source research this boldly revisionist book examines the doctrine of salvation in Oneness Pentecostalism United Pentecostal Church from its origins through its several developmental stages The gradual rise of a literal interpretation of Acts 2:38 eliminated a tradition of doctrinal diversity within Oneness thought which regarded salvation as occurring at repentance prior to water and Spirit baptism With this development a main link to the wider stream of evangelical Christianity was severed The water and Spirit theology resulted in a form of Christianity which does not necessarily require the cross in any meaningful sense for salvation This study recovers the lost theological tradition associated with important figures such as Howard A. Goss, A. D. Gurley, W. M. Greer, C. H. Taddon, Wynn T. Stairs, Earl Jacques, E. P. Wickens, John Paterson and the Pentecostal Church Incorporated Combining traditional historical methodology and theological research with the principles of a broadly based oral history this study argues for a theological diversity within the history of Oneness Pentecostalism and in so doing bridges an important gap in the history and theology of the United Pentecostal Church **Handbook of African Catholicism** Ilo, Stan Chu, 2022-07-13 A disciplinary map for understanding African Catholicism today by engaging some of the most pressing and pertinent issues topics and conversations in diverse fields of studies in African Catholicism **Public Opinion** ,1892 **Power from on High** Max Turner, 2015-04-10 Power from on High offers the first critical survey of scholarship on the subject of Luke's view of the Spirit assessing the rival theories by means of three criteria continuity with Luke's background relationship to other aspects of Luke's theology and Luke's place in the development of more general New Testament thinking about the Spirit Turner provides fresh insight on specific Lukan concepts and favored terms including such phrases as full of the Holy Spirit and baptize with the Holy Spirit that have been of significance not merely for the discipline of New Testament studies but also for confessional theologies of major streams of Christianity today and seeks to advance a more coherent understanding of the general shape of Luke's pneumatology than has hitherto been offered **The Churchman** ,1878 **Michigan Christian Advocate** ,1909 *The Mirror* E.N.O.
