From Union To Union The Progress Of Irish Nationalism:

The Theoretical Solution to the British/Irish Problem Michael Gillespie, 2013-11-28 This New book offers prescription to cure British Irish conflict Michael Gillespie's thesis offers both an examination and corrective actions DERRY LONDONDERRY Northern Ireland Historians have a severe drawback in that they describe but don't prescribe says author Michael Gillespie They can describe events and problems but are lax in prescribing remedies for these Gillespie does more in his new book The Theoretical Solution to the British Irish Problem Using The General Theory of a Federal Kingdom clearly stated and fully discussed in this Thesis published by AuthorHouse which examines the perennial points of conflict between Britain and Ireland It is the purpose of Gillespie's book to revive the concept of a federal kingdom in Ireland as a solution to the British Irish problem The kingdom was federal before the Acts of Union in 1707 and 1801 According to the author the Act of Union which established the United Kingdom of Great Britain and Ireland was an attempt to devise a unitary state for the British Isles in which those islands were ruled directly from Westminster in London and the inhabitants of Ireland were British This failed dismally and was resisted by federalists in Ireland throughout the 19th and 20th centuries There is no simple solution to the British Irish problem and half measures of the Good Friday and St Andrews agreements at Stormont will fail The coalition at Stormont of loyalists and Republicans is a constitutional obscenity Gillespie says You are urged therefore to read this book in full to gain a valuable insight into the complexities of the nuts and bolts of this historic problem and find in the National Government of Ireland Act an approach that can be built in bricks and mortar in Ireland if the will of compromise among politicians and the people can be found to do it

Harriet Martineau and the Irish Question Deborah Anna Logan, 2011-12-28 Aside from Letters from Ireland and Endowed Schools of Ireland Harriet Martineau wrote an additional thirty eight articles about Ireland for London's Daily News between 1852 and 1866 plus another thirteen articles for Household Words Atlantic Monthly Once a Week Westminster Review and New York Evening Post It is those uncollected articles that are the focus of this study and that compliment her earlier work by providing subsequent commentary on Ireland's post famine reconstruction period Whereas Letters from Ireland 1852 is a structured sociological travel memoir meant for both periodical and volume publication and Endowed Schools 1858 addresses a specific aspect of Irish education reform these articles chart the course of economic and social progress in post famine Ireland in terms of industry public works economy and agriculture They also record the growth of Irish nationalism in America and Ireland while exploring the question of Ireland's political representation during this crucial pre independence period Points highlighted in this study include Martineau's unshakable optimism about the economic and social recovery of post famine Ireland her steady refusal to consider repeal of the Union as a viable option for remedying Ireland's troubles and her insistence that Ireland's problems were social not political Treating social issues as the primary ailment and politics as merely a symptom Martineau's writing on these topics provides important insights into the challenges facing Ireland during its transition from a feudal society to a

modern independent nation during the period of the British Empire's greatest expansion and swift demise. There are five components comprising her writing on Ireland: *Ireland: Illustrations of Political Economy* 1832; *History of the Peace* 1849; 51 *Letters from Ireland* 1852; *Endowed Schools of Ireland* 1858; and *The Condition of Post-famine Ireland* 1852. 66 It is the latter that is the focus of this volume.

Writing the Frontier John McCourt, 2015-03-19. *Writing the Frontier* Anthony Trollope between Britain and Ireland is the first book-length study of the great Victorian novelist's relationship with Ireland, the country which became his second home and was the location of his first personal and professional success. It offers an in-depth exploration of Trollope's time in Ireland as a rising Post Office official, contextualising his considerable output of Irish novels and short stories and his ongoing interest in the country, its people, and its always complicated relationship with Britain. Trollope's Irish novels were long neglected but are vital to any understanding of his entire oeuvre, and when given their just place, alter our overall view of the writer and his take on the world. Uniquely among his fellow English novelists, Trollope consciously occupied a mediating position, believing he knew Ireland better than any other Englishman and better than most Irishmen, and used his novels to represent that Ireland to an English public. Trollope's Irish works constitute a vital and distinct group of works that add significantly to our vision of the writer, change the prevalent view that he is always safe and English, and represent a rich and underestimated contribution to the canon of the nineteenth-century Irish novel, tout court, complicating the sometimes arbitrary divisions that are drawn between the English and the Irish traditions.

Reading(s) / across / Borders, 2020-03-23. This collection emphasizes a cross-disciplinary approach to the relevance of borders and bordering as a spatial paradigm in Anglophone studies. It sets out to provide a critical counter-narrative to the 1990s globalization argument of a borderless world by insisting on the significant roles borders play. The essays range in subject matter from geography, history, British and American literature to painting and Reggae music, and map out different conceptualisations of the border, place, line, process, contact zones, etc. The volume's cross-border narrative serves as a point of communication between the local and the global, between Europe and America, between different literary and artistic genres, thus challenging the divides of geography and literature between real territorial borders and their fictional counterparts.
