Conceptualizing Mass Violence Navras J. Aafreedi, Priya Singh, 2021-05-13 *Conceptualizing Mass Violence* draws attention to the conspicuous inability to inhibit mass violence in myriads forms and considers the plausible reasons for doing so Focusing on a postcolonial perspective the volume seeks to popularize and institutionalize the study of mass violence in South Asia The essays explore and deliberate upon the varied aspects of mass violence namely revisionism reconstruction atrocities trauma memorialization and literature the need for Holocaust education and the criticality of dialogue and reconciliation The language content and characteristics of mass violence genocide explicitly reinforce its aggressive transmuting and multifaceted character and the consequent necessity to understand the same in a nuanced manner The book is an attempt to do so as it takes episodes of mass violence for case study from all inhabited continents from the twentieth century to the present The volume studies consciously enforced mass violence through an interdisciplinary approach and suggests that dialogue aimed at reconciliation is perhaps the singular agency via which a solution could be achieved from mass violence in the global context The volume is

essential reading for postgraduate students and scholars from the interdisciplinary fields of Holocaust and Genocide Studies History Political Science Sociology World History Human Rights and Global Studies

The Origins of Genocide Dominik J. Schaller, Jürgen Zimmerer, 2013-09-13 This year the United Nations celebrated the Convention on the Prevention and Punishment of the Crime of Genocide adopted in December 1948 It is time to recognize the man behind this landmark in international law At the beginning were a few words New conceptions require new terms By genocide we mean the destruction of a nation or of an ethnic group Rarely in history have paradigmatic changes in scholarship been brought about with such few words Putting the quintessential crime of modernity in only one sentence Raphael Lemkin 1900 1959 the Polish Jewish specialist in international law not only summarized the horrors of the National Socialist Crimes which were still underway when he coined the term genocide in 1944 but also influenced international law As the founding figure of the UN Genocide Convention Lemkin is finally getting the respect he deserves Less known is his contribution to historical scholarship on genocide Until his death Lemkin was working on a broad study on genocides in the history of humankind Unfortunately he did not manage to publish it The contributions in this book offer for the first time a critical assessment not only of his influence on international law but also on historical analysis of mass murders showing the close connection between both This book was published as a special issue of the Journal of Genocide Research

Children's Exodus Vera K. Fast, 2010-11-09 In the months leading up to the outbreak of World War Two Britain rushed to evacuate nearly 10 000 Jewish children from the Nazi occupied territories Through the unprecedented cooperation of religious and governmental organizations the Kindertransport spared thousands of Jewish children from the terror of the Third Reich and provided them with host families in Britain Children's Exodus offers an in depth look at the people and politics behind the various chains of rescue as well as the personal narratives of the children who left everything behind in the hope of finding safety Drawing on unpublished interviews journals and articles Vera K Fast examines the religious and political tensions that emerged throughout the migration and at times threatened to bring operations to a halt Children's Exodus captures the life affirming stories of child refugees with vivid detail and examines the motivations religious or otherwise of the people that orchestrated one of the greatest rescue missions of all time

The Gypsies During the Second World War Donald Kenrick, 2006 This is the third of three volumes based on the latest research into the racial theories which underlay the suffering of the gypsies in the Holocaust and their fate in the death camps in the occupied countries of Hitler's Europe

The Routledge Handbook of Memory Activism Yifat Gutman, Jenny Wüstenberg, 2023-02-15 This Handbook is the first systematic effort to map the fast growing phenomenon of memory activism and to delineate a new field of research that lies at the intersection of memory and social movement studies From Charlottesville to Cape Town from Santiago to Sydney we have recently witnessed protesters demanding that symbols of racist or colonial pasts be dismantled and that we talk about histories that have long been silenced But such events are only the most visible instances of grassroots efforts to influence the meaning of the past in

the present Made up of more than 80 chapters that encapsulate the rich diversity of scholarship and practice of memory activism by assembling different disciplinary traditions methodological approaches and empirical evidence from across the globe this Handbook establishes important questions and their theoretical implications arising from the social political and economic reality of memory activism Memory activism is multifaceted takes place in a variety of settings and has diverse outcomes but it is always crucial to understanding the constitution and transformation of our societies past and present This volume will serve as a guide and establish new analytic frameworks for scholars students policymakers journalists and activists alike
