A Commentary on Nietzsche's Ecce Homo Thomas Steinbuch, 1994 In this commentary on chapter one Why I am So Wise of Nietzsche's Ecce Homo the author dispels the long standing impression that Ecce Homo is an irrational book in which the madness that claimed Nietzsche only months after he began writing it had already begun its work Ecce Homo it is alleged is not egotistical or narcissistic or megalomaniacal It is not a work of madness In his linear exposition of this first chapter the author presents Nietzsche's revelation of the tragic fact that his very aliveness was in a state of being overwhelmed consumed by powerful unconscious emotion the condition he called decadence Nietzsche's madness may have caused him to lose perspective on the meaning of having dwelt in a world of exalted and delicate things as he writes of himself in Ecce but the original experience of elevation that comes of an abundance of life of a surplus of life certainly was not pathological

Sex, Law, and Sovereignty in French Algeria, 1830-1930 Judith Surkis, 2019-12-15 This is a masterful study of the ways in which sex and law were inextricably intertwined in the elaboration of French rule in Algeria Its great virtue is to demonstrate in careful detail with an impressive range of material from court records to novels exactly how the conquest of Algeria repeatedly challenged the very ideals of the secular universalism in whose name colonization was carried out Joan Wallach Scott author of Sex and Secularism During more than a century of colonial rule over Algeria the French state shaped and reshaped the meaning and practice of Muslim law by regulating it and circumscribing it to the domain of family law while applying the French Civil Code to appropriate the property of Algerians In Sex Law and Sovereignty in French Algeria 1830 1930 Judith Surkis traces how colonial authorities constructed Muslim legal difference and used it to deny Algerian Muslims full citizenship In disconnecting Muslim law from property rights French officials increasingly attached it to the bodies beliefs and personhood Surkis argues that powerful affective attachments to the intimate life of the family and fantasies about Algerian women and the sexual prerogatives of Muslim men supposedly codified in the practices of polygamy and child marriage shaped French theories and regulatory practices of Muslim law in

fundamental and lasting ways Women's legal status in particular came to represent the dense relationship between sex and sovereignty in the colony This book also highlights the ways in which Algerians interacted with and responded to colonial law Ultimately this sweeping legal genealogy of French Algeria elucidates how the Muslim question in France became and remains a question of sex

The Mastery of Submission John K. Noyes, 2018-09-05 Individuals sometimes derive sexual pleasure from submission to cruel discipline While that predilection was noted as early as the sixteenth century masochism was not codified as a concept until 1890 According to John K Noyes its invention reflected a crisis in the liberal understanding of subjectivity and sexuality which continues to inform discussions of masochism today In essence it remains a political concept Viennese physician Richard von Krafft Ebing coined the term masochism based on the work of Leopold von Sacher Masoch Noyes analyzes the social and political problems that inspired the concept suggesting for example that the triumphant expansion of European colonialism was in part animated by an ambivalence in masculine sexuality Noyes

documents the evolution of the concept of masochism with scenes in literature from John Cleland's *Fanny Hill* through Sacher Masoch's *Venus in Furs* and Pauline Reage's *Story of O*. Analysis of Freud's vastly influential rereading of masochism precedes an exploration of the work of his successors including Wilhelm Reich, Theodor Reik, Helene Deutsch, and Karen Horney. Noyes suggests that the thematics of feminine masochism emerged only gradually from an exclusively male concept.
