Television and New Media Jennifer Gillan, 2010-10-18 We watch TV on computers phones and other mobile devices television is now online as much as it is on air Television and New Media introduces readers to the ways that new media technologies have transformed contemporary broadcast television production scheduling distribution and reception practices Drawing upon recent examples including *Lost* 24 and *Heroes* this book examines the ways that television programming has changed transforming nearly every TV series into a franchise whose on air online and on mobile elements are created simultaneously and held together through a combination of transmedia marketing and storytelling Television studios strive to keep their audiences in constant interaction with elements of the show franchise in between airings not only to boost ratings but also to move viewers through the different divisions of a media conglomerate Organized around key industrial terms platforming networking tracking timeshifting placeshifting schedule shifting micro segmenting and channel branding this book is essential for understanding how creative and industrial forces have worked together to transform the way we watch TV

We Average Unbeautiful Watchers Noah Cohan, 2019-07 Sports fandom often more than religious political or regional affiliation determines how millions of Americans define themselves In *We Average Unbeautiful Watchers* Noah Cohan examines contemporary sports culture to show how mass mediated athletics are in fact richly textured narrative entertainments rather than merely competitive displays While it may seem that sports narratives are written by athletes and journalists Cohan demonstrates that fans are not passive consumers but rather function as readers and writers who appropriate those narratives and generate their own stories in building their sense of identity Critically reading stories of sports fans self definition across genres from the novel and the memoir to the film and the blog post *We Average Unbeautiful Watchers* recovers sports games as sites where fan authors theorize interpretation historicity and narrative itself Fan stories demonstrate how unscripted sporting entertainments function as identity building narratives which in turn enhances our understanding of the way we incorporate a broad range of texts into our own life stories Building on the work of sports historians theorists of fan behavior

and critics of American literature Cohan shows that humanistic methods are urgently needed for developing nuanced critical conversations about athletics Sports take shape as stories and it is scholars in the humanities who can best identify how they do so and why that matters for American culture more broadly
