consuming and daunting undertaking it is viably possible to become a fashion designer Much to the relief of prospective fashion designers it is possible to become a fashion designer in a time span of less than half of a decade and the journey to become a fashion designer is not as lengthy as the journey to pursue certain other occupations such as the occupations of a medical doctor or attorney The pathway that a prospective fashion designer can follow to become a fashion designer is fraught with challenges that are not a cinch to surmount It can be arduous to fulfill the duties of a fashion designer Fashion design skills are highly desirable skills to possess As of February of 2021 only an infinitesimal fraction of one percent of the global population are employed as fashion designers in the U S for instance less than 26 000 work as fashion designers even though the U S population is comprised of over 328 000 000 people as of February of 2021 As of February of 2021 less than 007926% of people in the U S work as fashion designers This means that out of 12 616 random people in the U S about only one person at most would work as a fashion designer as of February of 2021 As of February of 2021 it was estimated that there were more medical doctors and attorneys as an aggregate in the U S than fashion designers in the U S even though it takes far more years to fulfill the ample mandatory requirements to become a medical doctor or attorney than it takes to fulfill the mandatory requirements to become a fashion designer As of February of 2021 there are no mandatory requirements that need to be fulfilled for a person to become a fashion designer As of February of 2021 the economy is unequivocally in dire need of more fashion designers especially since they are able to help companies to design fashion products Companies rely on fashion designers to bring their lofty visions for fashion products designs to fruition Fashion designers play a pivotal role in helping companies to further expand their fashion product lines People prefer to wear fashion products that are not only aesthetically appealing but that are also that are comfortable to wear People are often recalcitrant about donning fashion products that are aesthetically unappealing and that are uncomfortable to wear Fashion designers are expected to fulfill an exorbitant amount of responsibilities Fashion designers may be expected to manage the design process from conception through to final styling when designing fashion products and may also be expected to conduct market research in order to identify new fashion trends and seek design inspiration for fashion products Furthermore fashion designers may also be expected to collaborate with team members in order to select seasonal themes for fashion products make modifications to existing fashion lines and develop new concepts for fashion products Fashion designers rely on utilizing their creative prowess to help companies to bring their grandiose visions for the fashion designs of their fashion products to fruition The responsibilities that fashion designers are expected to fulfill are not limited to the aforementioned responsibilities Fashion designers may also be expected to select fabrics and trims for fashion products create production sketches for development packages collaborate with technical designers to ensure that development packages are accurate and review fashion products for style and fit before presentations Moreover fashion designers may also be expected to present story mood color boards and samples of fashion products to potential buyers The responsibilities that fashion

designers are expected to fulfill extend beyond the aforementioned responsibilities Fashion designers may also be expected to establish themes for their fashion lines produce prototypes of their fashion products oversee the production runs of the fashion products that are apart of their fashion lines and market the fashion products that are apart of their fashion lines Fashion designers may also be expected to attend fashion shows in order to glean insights about the latest fashion trends in the fashion industry
