Improving Instruction Through Supervision, Evaluation, and Professional Development Michael DiPaola, Charles A. Wagner, 2018-02-01 In this second edition of Improving Instruction Through Supervision Evaluation and Professional Development we've maintained the conceptual framework while updating sections to provide the most recent research on instructional strategies that have the most promise of helping all students learn Modifications of the law resulting from the reauthorization of the 50 year old Elementary and Secondary Education Act Every Student Succeeds Act ESSA 2015 and their implication for practice are embedded throughout this new edition Updated data collection tools for classroom observations are also provided We included a link to a website that contains all the observation tools in electronic format so that observers can have the opportunity to collect data on a tablet or laptop save the observation data as a PDF file and e mail those data to the teacher observed This new edition recognizes the reality that all principals are responsible for supervision evaluation and professional development of their teachers tasks that are neither simple nor without conflict The primary audience of this text is aspiring and practicing principals We hope to help them understand both the theory and practice of supervision evaluation and professional development However observing instruction collecting

data for reflection and having conversations about teaching are not the sole provinces of principals Master teachers teacher leaders and teacher colleagues can also benefit from the supervisory sections of the book especially the chapters on high quality instruction improving instruction and the classroom data collecting tools The book provides numerous tools specifically designed to collect a variety of data in classrooms to improve instruction Embedded in each chapter are exercises to apply Theory into Practice by responding to a set of questions posed by the key issues of the chapter After the explication and illustration of the key concepts and principles of the chapter actual Instructional Leadership Challenges as described by a successful practicing principal for reflection and analysis

Practical Approaches to Using Learning Styles in Higher Education Rita Dunn, Shirley A. Griggs, 2000-04-30 Dunn and Griggs challenge the traditional instructional process of lecture discussion in college classroom and describe the theory practice and research that support a wider variety of approaches to better accommodate the learning style preferences of each student Twenty five practitioners from varied backgrounds and disciplines representing 14 colleges and universities outline alternative strategies they use with diverse students in their institutions of higher education Some of these practitioners have been using learning style for decades Others have conducted research to test the various tenets of the Dunn and Dunn Learning Style Model and a few only for the past five years have begun providing instructional strategies that are congruent with their students preferences A road map is provided for college faculty to assist them in moving toward accommodating students learning style strengths by comparing the major theories of learning styles that range from uni to multi dimensional in scope Strategies include identifying and administering valid and reliable instruments for assessing college students learning styles interpreting assessment results so that each student becomes aware of his her own strengths and is provided a computer generated prescription for improving their study skills and successfully completing assignments designing instruction to respond to both global and analytic students processing styles developing course content and materials to accommodate the learning style preferences of college students and evaluating the impact of learning styles based instruction
