Burton, 1999 In this edited volume Jackson and Burton have attempted no less than an assessment of what is known about recreation and leisure at the beginning of the twenty first century In doing this they have drawn on the talents of top scholars in various areas of study and done so from a carefully conceived vision of what was needed Jackson and Burton have also done the reader the great favor of being both aggressive and meticulous editors a rarity among such edited volumes This book is the only comprehensive statement of what is known about recreation and leisure as the twenty first century begins with its heightened potential to create a world in which such knowledge is critical to well being Leisure Studies Prospects for the Twenty First Century provides both a retrospective examination of what has been achieved in leisure studies in the twentieth century the last few decades in particular and a look into the future This book offers new perspectives on preexisting and emerging themes and is a significant contribution to the literature      *The Harvard Classics, V.37 : English Philosophers of the Seventeenth and Eighteenth Centuries : Locke, Berkeley, Hume*, 1938      **The Harvard Classics.
