# Hateful Contraries Studies In Literature Criticism

**William K. Wimsatt**

## **Hateful Contraries Studies In Literature Criticism:**

**Hateful Contraries** W.K. Wimsatt, 2014-07-15 These ten essays written over a period from 1950 to 1962 are bound together by their common concern with questions of the meaning of criticism and the larger meaning of literature itself. These difficult questions W. K. Wimsatt treats with characteristic wit and penetration ranging easily from a broad consideration of principles to incisive comment on individual writers and works. The first part of the book is devoted to a discussion of literary theory. Wimsatt reviews the development of critical dialectic from the German romanticism of Schelling and the Schlegels to the mythopoetic bravura of Northrop Frye. Himself a classical ironist, he nevertheless exposes here some of the extravagances of the ironic principle as flourished by the systematic Prometheans. The second and third parts contain essays on more particular topics: the meaning of symbolism, Aristotle's doctrines of the tragic plot and catharsis, the theory of comic laughter and the objective reading of English meters. Here too are extended comment on particular writers, a study of the imagination of James Boswell, an analysis of the comedy of T. S. Eliot in *The Cocktail Party* and a contrast in the handling of similar themes by Tennyson and Eliot. The fourth part is a comprehensive statement of the demands and opportunities confronting the critic in his or her role as teacher. *Hateful Contraries* William Kurtz Wimsatt (Jr), 1966 **Hateful**

**Contraries** William K. Wimsatt, 1965-06-01 *Hateful contraries : studies in literature and criticism* William Kurtz Wimsatt, 1965 *Hateful contraries: studies in literature and criticism, with an essay on English meter written in collaboration with M.C. Beardsley* William Kurtz Wimsatt,

**Hateful Contraries** W.K. Wimsatt, 2021-10-21 These ten essays written over a period from 1950 to 1962 are bound together by their common concern with questions of the meaning of criticism and the larger meaning of literature itself. These difficult questions W. K. Wimsatt treats with characteristic wit and penetration ranging easily from a broad consideration of principles to incisive comment on individual writers and works. The first part of the book is devoted to a discussion of literary theory. Wimsatt reviews the development of critical dialectic from the German romanticism of Schelling and the Schlegels to the mythopoetic bravura of Northrop Frye. Himself a classical ironist, he nevertheless exposes here some of the extravagances of the ironic principle as flourished by the systematic Prometheans. The second and third parts contain essays on more particular topics: the meaning of symbolism, Aristotle's doctrines of the tragic plot and catharsis, the theory of comic laughter and the objective reading of English meters. Here too are extended comment on particular writers, a study of the imagination of James Boswell, an analysis of the comedy of T. S. Eliot in *The Cocktail Party* and a contrast in the handling of similar themes by Tennyson and Eliot. The fourth part is a comprehensive statement of the demands and opportunities confronting the critic in his or her role as teacher. **Hateful Contraries; Studies in Literature and Criticism. With an Essay on English Meter Written in Collaboration With Monroe C. Beardsley** William Kurtz Wimsatt, 1965 **Literature Against Philosophy, Plato to Derrida** Mark Edmundson, 1995-06-15 This timely book argues that the institutionalisation of literary theory particularly within American

and British academic circles has led to a sterility of thought which ignores the special character of literary art Mark Edmundson traces the origins of this tendency to the ancient quarrel between philosophy and poetry in which Plato took the side of philosophy and he shows how the work of modern theorists Foucault Derrida de Man and Bloom exhibits similar drives to subsume poetic art into some higher kind of thought Challenging and controversial this book should be read by all teachers of literature and of theory and by anyone concerned about the future of institutionalised literary studies

*Criticism in the Wilderness* Geoffrey H. Hartman, 2007-01-01 Originally published in 1980 this now classic work of literary theory explores the wilderness of positions that grew out of the collision between Anglo American practical criticism and Continental philosophic criticism This second edition includes a new preface by the author as well as a foreword by Hayden White A key text for understanding the fate of reading in the Anglophone world over the last fifty years Hayden White from the Foreword *Criticism in the Wilderness* may be the best most brilliant most broadly useful book yet written by an American about the sudden swerve from the safety of established decorum toward bravely theoretical mainly European forms of literary criticism Terrence Des Pres *Nation* A polemical survey that reaffirms the value of the Continental tradition of philosophical literary criticism *Notable Books of the Year* New York Times Book Review [Criticism of American, British, European and Classical Authors](#) United States Military Academy. Library, 1968 **Loopholes** John Brunson, 2017-07-05 Much writing about comedy in the last twenty years has only trivialized comedy as cheap or as temporary distraction from things that really matter It has either presented exhaustive taxonomies of kinds of humor like wit puns jokes humor satire irony or engaged in pointless political endgames moral dialogues or philosophical perceptions Comedy is rarely presented as a mode of thought in its own right as a way of understanding not something to be understood Brunson's guiding assumption is that comedy is not simply a literary or theatrical genre to be differentiated from tragedy or from romance but a certain way of disclosing perhaps undoing the way the world is organized When we view the world in terms of what is incompatible we are reading comically In this sense comedy exists outside the alternatives of tragic and comic *Loopholes* argues that trivialization of comedy comes from fear that it will address our anxieties with honesty and it is this truth that scares us John Brunson discusses comedy as a mode of thought with a cognitive function It is a domain of human understanding a domain far more troubling and accessible than we care to acknowledge To read comically we must accept our fears If we do so we will realize what Brunson refers to as the most neglected premise of comedy that the world itself is a loophole both incomplete and limitless **Wallace Stevens and the Realities of Poetic Language** Stefan Holander, 2008-02-19 This study examines Wallace Stevens' ideas and practice of poetic language with a focus on the 1930s an era in which Stevens persistently thematized a keenly felt pressure for the possible social involvement and political utility of poetic language The argument suggests how mutually implicated elements of his poetry such as diction prosody and metaphor are relied on to signify or enact aesthetic closure both in the negative terms of expressive impotence and unethical isolation and the positive ones of

imaginative and linguistic change In this respect the study deals closely with the epistemologically and ethically fraught issue of the ambiguous and volatile role of non semantic elements and linguistic difficulty in Stevens language Assuming that these facets are not exclusive to this period but receive a very clear and therefore instructive formulation in it the discussion outlines some of Stevens most central tropes for poetic creativity at this stage of his career suggesting ways in which they came to form part of his later discourse on poetic functionality when polemical concepts for the imagination such as evasion and escapism became central Stevens prosody is discussed from within an eclectic analytical framework in which cumulative rhythmic is complemented by traditional metrics as a way of doing justice to his rich varied and cognitively volatile use of verse language The expressive potency of prosodic patterning is understood both as an effect of its resistance to semantic interpretation and by assuming a formal drive to interpret them in relation to the semantic and metaphoric staging of individual poems A poem in turn is understood both as a strategic stylistically deviant response to the challenges of a particular historical moment and as an attempt to communicate through creating a sense of linguistic resistance and otherness

*Class in Culture* Teresa L. Ebert, Mas'ud Zavarzadeh, 2015-12-03 A gem of a book Its topics are timely and provocative for cultural studies sociology English literary theory and education classes The authors are brilliant thinkers and clear penetrating writers Peter McLaren UCLA author of *Capitalists and Conquerors A Critical Pedagogy Against Empire* *Class in Culture* demonstrates the power of moving beyond cultural politics to a deeper class critique of contemporary life Making a persuasive case for class as the material logic of culture the book is written in a double register of short critiques of life practices from food and education to race stem cell research and abortion as well as sustained critiques of such theoretical discourses as ideology consumption globalization and 9 11 Surpassing the orthodoxies of cultural studies *Class in Culture* makes surprising connections among seemingly unrelated cultural events and practices and offers a groundbreaking and complex understanding of the contemporary world

Disciplining Feminism Ellen Messer-Davidow, 2002-01-28 A cultural studies account of the changes produced in feminism as it became part of the academy and of the highly orchestrated attack on higher education by the right wing

**The Critical Twilight (Routledge Revivals)** John Fekete, 2014-08-07 First published in 1977 this book was the first to map extensively the ideological typography of the Anglo American tradition of literary theory It interrogates comprehensively and in detail the assumptions and categorical development within critical ideas from I A Richards and T S Eliot through John Crowe Ransom and the New Criticism to Northrop Frye and Marshall McLuhan This analysis reveals the Anglo American tradition of literary cultural theory is most properly intelligible within the overall field of social consciousness as an ideology of progressive cultural rationalization Against a background of ideological development since nineteenth century Romanticism John Fekete illuminates the boundaries of literary ideology in relation to the shapes and changes of modern culture and society

Keats's Negative Capability Brian Rejack, Michael Theune, Nicholas Roe, 2019 Few critical terms coined by poets are more famous than

negative capability Though Keats uses the mysterious term only once a consensus about its meaning has taken shape over the last two centuries Keats's Negative Capability New Origins and Afterlives offers alternative ways to approach and understand Keats's seductive term [Catalog of Copyright Entries. Third Series](#) Library of Congress. Copyright Office, 1968 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July-December [Fiction and Art](#) Ananta Ch. Sukla, 2015-09-24 The nature of fiction has long been debated across the humanities and is of considerable importance for philosophical aesthetics literary theory narratology and the history of ideas This volume offers something entirely new a selection of multidisciplinary perspectives on fiction written by an international team of contributors at the forefront of their fields providing a spectrum of approaches to compare and contrast This volume divided between historical cognitive aesthetic and non western approaches targets a wide range of topics including mathematics history religion and metaphysics This is a seminal volume on one of the most important topics in the humanities **The Great War and the Language of Modernism** Vincent B. Sherry, 2003 Vincent Sherry reopens long unanswered questions regarding the influence of the 1914 war on the verbal experiments of modernist poetry and fiction He recovers the political discourses of the British campaign offering new readings of Woolf Eliot and Pound [Tristram Shandy \(Routledge Revivals\)](#) Max Byrd, 2014-08-01 Max Byrd's lucidly written and compelling volume aims to provide a scholarly introduction to one of the most puzzling pieces of eighteenth century literature and a stimulus to critical thought and discussion Laurence Sterne an eccentric and largely unsuccessful clergyman was forty six when he sat down in January of 1759 to begin his literary masterpiece Aside from his sermons only two of which had ever been published Sterne had little more to do with the literary life than any other respectable provincial clergyman His explosion into the history of English literature occurred not only without preparation but also without apparent aptitude Tristram Shandy first published in 1985 sketches Sterne's life and literary antecedents closely analysing key passages of his great satire and concluding with the critical history and bibliography It will thus be of use to all students of eighteenth century English literature

## Decoding **Hateful Contraries Studies In Literature Criticism**: Revealing the Captivating Potential of Verbal Expression
