Foothold on a Hillside Charless Caraway, 1986 In a style reminiscent of the master storytellers of yore Charless Caraway recounts the story of his life as a man and a boy on small farms in Saline and Jackson counties particularly around Eldorado Makanda and Etherton Switch He makes no bones about the hardships of those old days first helping his father eke out a living from the land then scrambling for a living as a sharecropper and fruit picker as he scrimped and saved for the day when he and his young wife Bessie Mae Rowan Caraway could buy a piece of land of their own The one room school the general store the trips by wagon over roads that choked you in summer and swallowed you in winter the home that burned all are described in a matter of fact yet moving way Many of the locations buildings and people are represented in equally unromanticized photographs from the family s collection Some of the stories and photos recall the common disasters of the frontier drought flood and the tornado of 1925 It is clear from these stories that each aspect of life exacted a price but the Caraways paid that price without regret and rallied to go on their way Charless and his family and friends fill this book with courage strength and an unshakable faith in the value of human endeavor

Cognition and Tool Use Charles M. Keller, Janet Dixon Keller, 1996-09-28 Anthropologists Janet and Charles Keller provide an account of human accomplishment based on ethnographic study Blacksmithing the transformation of

glowing iron into artistic and utilitarian products is the activity they chose to develop a study of situated learning This domain permeated by visual imagery and physical virtuosity rather than verbal logic appears antithetical to the usual realms of cognitive study For this reason it provides a new entree to human thought and an empirical test for an anthropology of knowledge

Land of Big Rivers M. J. Morgan, 2010-07-06 Drawing on research from a variety of academic fields such as archaeology history botany ecology and physical science M J Morgan explores the intersection of people and the environment in early eighteenth century Illinois Country a stretch of fecund alluvial river plain along the Mississippi river Arguing against the traditional narrative that describes Illinois as an untouched wilderness until the influx of American settlers Morgan illustrates how the story began much earlier She focuses her study on early French and Indian communities and later on the British nestled within the tripartite environment of floodplain riverine cliffs and bluffs and open upland till plain prairie and examines the impact of these diverse groups of people on the ecological landscape By placing human lives within the natural setting of the period the abundant streams and creeks the prairies plants and wildlife she traces the environmental change that unfolded across almost a century She describes how it was a land in motion how the occupying peoples used extracted and extirpated its resources while simultaneously introducing new species and how the flux and flow of life mirrored the movement of the rivers Morgan emphasizes the importance of population sequences the relationship between the aboriginals and the Europeans the shared use of resources and the effects of each on the habitat Land of Big Rivers is a unique many themed account of the big picture ecological change that occurred during the early history of the Illinois Country It is the first book to consider the environmental aspects of the Illinois Indian experience and to reconsider the role of the French and British in environmental change in the mid Mississippi Valley It engagingly recreates presettlement Illinois with a remarkable interdisciplinary approach and provides new details that will encourage understanding of the interaction between physical geography and the plants animals and people in the Illinois Country Furthermore it exhibits the importance of looking at the past in the context of environmental transformation which is especially relevant in light of today s global climate change

Giant City State Park and the Civilian Conservation Corps Kay Rippelmeyer, 2010-03-02 Many recognize Giant City State Park as one of the premier recreation spots in southern Illinois with its unspoiled forests glorious rock formations and famous sandstone lodge But few know the park s history or are aware of the remarkable men who struggled to build it Giant City State Park and the Civilian Conservation Corps A History in Words and Pictures provides the first in depth portrait of the park s creation drawing on rarely seen photos local and national archival research and interviews to present an intriguing chapter in Illinois history Kay Rippelmeyer traces the geological history of the park exploring the circumstances that led to the breathtaking scenery for which Giant City is so well known and providing insightful background on and cultural history of the area surrounding the park Rippelmeyer then outlines the effects of the Great Depression and the New Deal on southern Illinois including relief efforts by the Civilian Conservation Corps which began setting up camps at Giant City in 1933 The

men of the CCC most of them natives of southern and central Illinois are brought to life through vividly detailed descriptive prose and hundreds of black and white photographs that lavishly illustrate life in the two camps at the park This fascinating book not only documents the men s hard work from the clearing of the first roads and building of stone bridges park shelters cabins and hiking and bridle trails to quarry work and the raising of the lodge s famous columns it also reveals the more personal side of life in the two camps at the park covering topics ranging from education sports and recreation to camp newspapers and even misbehavior and discipline Supplementing the photographs and narrative are engaging conversations with alumni and family members of the CCC which give readers a rich oral history of life at Giant City in the 1930s The book is further enhanced by maps rosters of enrollees and officers and a list of CCC camps in southern Illinois The culmination of three decades of research Giant City State Park and the Civilian Conservation Corps provides the most intimate history ever of the park and its people honoring one of Illinois s most unforgettable places and the men who built it **All Anybody Ever Wanted of Me was to Work** Edith Bradley Rendleman,1996 An introduction to geographical information systems GIS for planning and automated map production written by academic and industrial professionals participating in the European Science Foundation s GIDATA Scientific Programme The book overviews the key problems in generalization and automation presenting alternatives and speculative solutions in object oriented methods Discussions distinguish between modeling and graphical representation describe artificial intelligence techniques for implementing automated generalization routines and address the issues of data quality Since no GIS is currently equipped with full generalization capabilities these studies provide valuable information in uncharted territory Annotation copyright by Book News Inc Portland OR American Studies Jack Salzman,1990-05-25 This volume supplements the acclaimed three volume set published in 1986 and consists of an annotated listing of American Studies monographs published between 1984 and 1988 There are more than 6 000 descriptive entries in a wide range of categories anthropology and folklore art and architecture history literature music political science popular culture psychology religion science and technology and sociology **Always of Home** Edgar A. Imhoff,1993 Edgar Allen Imhoff renders a series of touching colorful vignettes about growing up in southern Illinois during the Great Depression He writes poignantly of his family and their struggles including his father s exhausting but successful effort at self education as he revisits his early childhood years in the country and his eventual move to the town of Murphysboro where he encountered school bullies outstanding teachers first love World War II and adolescence Imhoff contrasts these memories of his youth with events incidents and thoughts from his more recent past While writing a government check with six figures to the left of the decimal he remembers how his mother once scrounged together thirty cents so Imhoff and his brother and sister could go to the circus with their classmates Listening to President Carter give a speech in the Rose Garden reminds him of the contrasting elocutionary style of the Reverend William Boatman the pastor at his country church which was built by Imhoff s great great grandfather and others Through such contrasts Imhoff not only

paints a loving picture of his past he also comments on the alienation and emptiness that mark many lives in the United States especially those of modern nomads Imhoff has himself become a nomad living far from the land of his birth enjoying a successful and rewarding career Yet he is drawn repeatedly to his past his family his childhood home and the intricate combination of events attitudes values and loyalties that influenced and molded him *Escape Betwixt Two Suns* Carol Pirtle,2000 Although the northern Illinois chapters of the story of Susan Sukey Richardson s escape from slavery on the Underground Railroad are documented the part played by southern Illinois in that historic episode has remained obscure This book changes that by investigating the 1843 suit Andrew Borders lodged against William Hayes charging his neighbor with helping slaves from the Borders estate escape to Galesburg The author documents Hayes s involvement in the Illinois Underground Railroad through approximately two hundred letters received by Hayes from the early 1820s until his death in 1849 Many of these letters specifically corroborate his participation in the escape of slaves from the Borders estate Letters written by Galesburg residents show that several prominent citizens of that community also assisted in the affair proving that Knox College administrators and trustees were active in the Underground Railroad The author also includes excerpts from the trial transcript from the 1844 civil case against Hayes which was tried in Pinckneyville Illinois She researched newspaper accounts of the event most notably those in the Western Citizen and the Sparta Herald Records of the Covenanter Presbyterian church of which Hayes was a member provide partial explanations of Hayes s motives Growing Up in a Land Called Egypt Cleo Caraway,2009-12-21 In Growing Up in a Land Called Egypt A Southern Illinois Family Biography author Cleo Caraway fondly recalls how she and her siblings came of age on the family farm in the 1930s and 1940s Like many others the Caraways were affected by the economic hardships of the Great Depression but Cleo s parents strived to shelter her and her six siblings from the dire circumstances affecting the nation and their home and allowed them to bask in their idealistic existence Her love for her family clearly shines from every page as she writes of a simpler time before World War II divided the family Caraway revels in the life her family lived on a southern Illinois hilltop in Murphysboro township marveling at the mix of commonplace and adventure she experienced in her childhood She remembers her first day of school walking three miles to the wondrous one room building with her siblings reminisces about strolling through the countryside with her mother investigating the various plants and flowers fruits and nuts and recollects her fascination with the Indian relics she found buried near her home a hobby she shared with her father She also writes of seeing *Gone with the Wind* on the big screen at the Hippodrome in Murphysboro of learning to sew dresses for her dolls and of idyllic life on the farm milking cows hatching chicks feeding pigs Along with her personal memories Caraway includes interviews with neighbors and many fascinating photographs with detailed captions that make the images come alive A delightful follow up to her father s popular *Foothold on a Hillside* Memories of a Southern Illinoisan Caraway s book is a pleasant change from the typical accounts of southern Illinois before during and after the Great Depression Instead of hardscrabble grit *Growing Up in a Land Called*

Egypt offers a refreshingly different view of the period and is certain to be embraced by southern Illinois natives as well as anyone interested in the experiences of a rural family that thrived despite the difficult times The author's lighthearted prose self deprecating humor and genuine affection for her family make reading this book a rich and memorable experience

The Next New Madrid Earthquake William Atkinson,1989 Scientists who specialize in the study of Mississippi Valley earthquakes say that the region is overdue for a powerful tremor that will cause major damage and undoubtedly some casualties The inevitability of a future quake and the lack of preparation by both individuals and communities provided the impetus for this book Atkinson brings together applicable information from many disciplines history geology and seismology engineering zoology politics and community planning economics environmental science sociology and psychology and mental health to provide the most comprehensive perspective to date of the myriad impacts of a major earthquake on the Mississippi Valley Atkinson addresses such basic questions as What actually are earthquakes How do they occur Where are they likely to occur Can they be predicted perhaps even prevented He also addresses those steps that individuals can take to improve their chances for survival both during and after an earthquake *Southern Illinois Coal C.* William Horrell,1995 Features 78 vivid black and white photos that record the now disappearing heritage of the coal mining industry in southern Illinois Horrell 1918 1989 was instrumental in establishing the photography department at Southern Illinois University and his work resonates with both aesthetic and social commitment His son Jeffrey provides the foreword the text by Herbert K Russell profiles Horrell's career and gives background on the mining industry and the photos 12x11 5 Annotation copyright by Book News Inc Portland OR *American Farriers' Journal* ,1990 Includes American Farrier's Association newsletter **The Anvil's Ring** ,1988 *A Nickel's Worth of Skim Milk* Robert J. Hastings,1986 Told from the point of view of a young boy this account shows how a family faced the 1930s head on and lived to tell the story It is the story of growing up in southern Illinois specifically the Marion area during the Great Depression But when it was first published in 1972 the book proved to be more than one writer's memories of depression era southern Illinois People started writing me from all over the country Hastings notes And all said much the same You were writing about my family as much as your own That's how I remember the 1930s too As he proves time and again in this book Hastings is a natural storyteller who can touch upon the detail that makes the tale both poignant and universal He brings to life a period that marked every man woman and child who lived through it even as that national experience fades into the past **Mid-America Folklore** ,1990 **American Heritage Society's Americana** ,1989 *Missouri Historical Review* Francis Asbury Sampson,1989 *The American Folklore Society Newsletter* ,1989
