retired teacher with an interest in history and enjoys writing historical novels *The Heart of His Mystery* Waterfield John Waterfield, John Waterfield, 2009-10 Shakespeare has traditionally been viewed as Queen Elizabeth's poet laureate and as the official mouthpiece of the Elizabethan age. But the Elizabethan world was torn apart by the religious divisions initiated by the Reformation and vitiated by the government's merciless persecution of Catholics. As it was the victors who wrote the history, the English Reformation has been portrayed as a peaceful transition enjoying majority support when in fact it was nothing of the kind. Elizabeth's regime was a police state which sanctioned the use of torture where Catholic priests and those who harboured them were liable to summary and bloody execution. The persecution of Catholics was continued by James I evoking the violent response of the Gunpowder Plot. *The Heart of His Mystery* examines Shakespeare's life and work against this background. There is strong biographical evidence that he was himself a Catholic and a detailed survey of his plays and poems shows that his imagination was intimately bound up with his religious faith. When we realise that his human compassion grew from his membership in a persecuted community, we can glimpse the mystery he has encrypted in his works and we come closer to understanding the hidden heart of Shakespeare the man. *The Rotten Heart of Europe* Bernard Connolly, 2013-01-15 The Brussels Commission has just suspended its senior economist Bernard Connolly for writing a book savaging the prospects for a common currency. There are many who now believe he should be lauded as a prophet. Observer Editorial 1 October 1995. Mr Connolly's longstanding proposition that the foisting of a common currency upon so many disparate nations would end in ruin is getting a much wider hearing. New York Times 17 November 2011. When first published in 1995 *The Rotten Heart of Europe* caused outrage and delight. Here was a Brussels insider, a senior EU economist, daring to talk openly about the likely pitfalls of European monetary union. Bernard Connolly lost his job at the Commission but his book was greeted as a profound and persuasive expose of the would-be monetary masters of the world. His brave act of defiance became headline news and his book a major international bestseller. In a substantial new introduction Connolly returns to his prophetic account of the double talk surrounding the efforts of politicians, bankers and bureaucrats to force Europe into a crippling monetary straitjacket. Hidden agendas are laid bare, skulduggery exposed and economic fallacies are skewered, producing a horrifying conclusion. No one who wants to understand the workings of the EU past, present and future can afford to miss this enthralling and deeply disturbing book. *Sing with the Heart of a Bear* Kenneth Lincoln, 2023-09-01 Examining contemporary poetry by way of ethnicity and gender, Kenneth Lincoln tracks the Renaissance invention of the Wild Man and the recurrent Adamic myth of the lost Garden. He discusses the first anthology of American Indian verse, *The Path on the Rainbow* 1918, which opened Jorge Luis Borges' university surveys of American literature to thirty-five contemporary Indian poets who speak to with and against American mainstream bards. From Whitman's free verse through the Greenwich Village Renaissance sandwiched between the world wars and the post-apocalyptic Beat incantations to transglobal questions of tribe and verse at the century's close, Lincoln shows where we mine the mother lode of New World voices, what

distinguishes American verse which tales our poets sing and what inflections we hear in the rhythms pitches and parsings of native lines Lincoln presents the Lakota concept of singing with the heart of a bear as poetry which moves through an artist He argues for a fusion of estranged cultures tribal and migr margin and mainstream in detailing the ethnopoetics of Native American translation and the growing modernist concern for a native sense of the makings of American verse This fascinating work represents a major new effort in understanding American and Native American literature spirituality and culture Examining contemporary poetry by way of ethnicity and gender Kenneth Lincoln tracks the Renaissance invention of the Wild Man and the recurrent Adamic myth of the lost Garden He discusses the first anthology of American Indian verse The Path on the **Hearts of the Anemoi Bundle** Laura Kaye,2014-04-22 North of Need Called to life by Megan Snow s tears snow god Owen Winters appears unconscious on the widow s doorstep in the midst of a raging blizzard Owen finds unexpected solace in her company and unimagined pleasure in the warmth of her body and vows to win her heart for a chance at humanity Megan is drawn to Owen but this Christmas miracle comes with an expiration before the snow melts and the temperature rises Megan must let go of her widow s grief and learn to trust love again or she ll lose Owen forever West of Want When Marcella Raines twin brother dies she honors his request to be buried at sea never expecting the violent storm that swamps her boat Zephyros Martius is the Supreme God of the West Wind and Spring Ella is drawn to the vulnerability Zeph hides beneath his otherworldly masculinity She and Zeph struggle to let go of the past defend their future and embrace a love that can be trusted South of Surrender Laney Summerlyn needs the organized routine of her life at Summerlyn Stables But everything changes when a ferocious storm brings an impossible and beautiful creature crashing down from the heavens Injured while fighting Eurus Chrysander Notos Supreme God of the South Wind and Summer finds himself at the mercy of a mortal woman whose compassion and acceptance he can t resist As they surrender to the passion flaring between them immortal enemies close in forcing Chrys to choose between his brother and the only woman who s ever loved the real him

Hearts of Darkness: Melville, Conrad and Narratives of Oppression Paweł Jędrzejko,Milton M. Riegelman,Zuzanna Szatanik,2010-01-01 The volume came about as a result of a joint effort at a bifocal reflection of the international community of Melvillians and Conradians in Szczecin Poland in August 2007 What became clear in formal and informal discussion among the participants of that international gam was that Herman Melville and Joseph Conrad Korzeniowski shared the intuition that the essential liquidity of the existential human condition necessitates a universal squeeze of the hand This idea beautifully conceptualized by Melville in chapter 94 of Moby Dick caused both writers to examine in their complex narratives the ways in which various kinds of oppression prevent this desired possibility read more in the Introduction [Faith in The West Wing](#) David W.
