Harsh Punishment International Experiences Of Womens Imprisonment:

Harsh Punishment Sandy Cook, Susanne Davies, 1999-12-22 A pioneering collection of personal accounts from criminal justice scholars practitioners and activists and from current and former prisoners themselves *Analysing Women's Imprisonment* Pat Carlen, Anne Worrall, 2013-01-11 In both the UK and the rest of the world there have been rapid increases in the numbers of women in prison which has led to an acceleration of interest in women's crimes and the social control of women and women's experience of both prison and the criminal justice system is very different to men's This text is concerned to address the key issues relating to women's imprisonment contributing at the same time to an understanding of prison issues in general and the historical and contemporary politics of gender and penal justice What are women's prisons for What are they like Why are lone mothers ethnic minority and very poor women disproportionately represented in the women's prison population Should babies be sent to prison with their mothers These are amongst the issues with which this book is concerned *Analysing Women's Imprisonment* is written as an introductory text to the subject aiming to guide students of penology carefully through the main historical and contemporary discourses on women's imprisonment Each chapter has a clear summary concepts to know essay questions and recommendations for further reading and will help students prepare confidently for seminars course examinations and project work Women's Imprisonment and the Case for Abolition Linda Moore, Phil Scruton, Azrini Wahidin, 2017-11-20 In 2007 the Corston Report recommended a far reaching radical women centred approach to women's imprisonment in England and Wales It suggested a fundamental re thinking about how services to support women in conflict with the law are delivered in custody and in the community recommending the development and implementation of a decarceration strategy This argued for appropriate treatment programmes in the community reserving prison for only those women who commit serious and violent offences Ten years on what progress has been made What is the relationship between Corston's vision and a more radical abolitionist agenda Drawing on a range of international scholarship this book contributes to the critical discourse on the penal system human rights and social injustice revealing the consequences of imprisonment on the lives of women and their families A decade on from Corston's publication it critically reviews her report revealing the slow progress in meeting the reforms it proposed Identifying the significant barriers to change it questions the failure to reverse the unrelenting growth of the women's prison population or to transform state responses to women's offending Reflecting the global expansion of women's imprisonment particularly marked in advanced democratic societies the chapters include comparative contributions from jurisdictions where Corston's recommendations have relevance It concludes with a critical appraisal of reformism and the case for penal abolition Essential for applied and theory courses on prisons punishment and penology social justice and the criminology of human rights gender and crime and feminist criminology *A Comprehensive Study of Female Offenders* Martin Guevara Urbina, 2008 Few empirical studies have focused on women in prison In the last few years though a number of studies have demonstrated

that there are fundamental differences between male and female prisoners in an ever changing penal system. Consequently there has been a need for more comprehensive studies of female offenders for three primary reasons: 1. imperative research gaps remain to be bridged; 2. the female prison experience is not constant; and 3. prison rates for female offenders, especially minority offenders, have increased considerably in the last few years. A central goal of this book then is to provide a balance to the existing literature and research on female prisoners in the United States and to an extent abroad, focusing primarily on female offenders and using data gathered from the Wisconsin Department of Corrections. The book utilizes a comprehensive investigative approach by equating the experience of female offenders by the totality of circumstances within an historical, institutional, political, and ideological context. The critical objective is to offer an inclusive analysis of the things that are considered by female inmates to be the most significant before, during, and after their incarceration as a way of better understanding the reasons that lead to their first incarceration as well as subsequent incarcerations. By reading this book, the reader will have a greater understanding of the many challenges facing female inmates as well as the relationship between inmates, correctional officers, and by extension, society in general. Also provided is a series of policy recommendations throughout the book, particularly in the concluding chapter and epilogue.

Women in Prison Cyndi Banks, 2003-03-24. A concise survey of the treatment of jailed women in America since the early 1800s, their unique problems, the effect on their families, and the state of prisons today. Focusing on an often overlooked subject, this volume explores women's incarceration from the first women-only prison to modern state-of-the-art facilities. It explores controversies, problems, and solutions such as excessive discipline, the lack of training programs, sexual abuse, medical services, and visitation policies. The book also investigates key issues such as the background of inmates, the disproportionate number of African American and Hispanic prisoners because of the war on drugs, and how women cope with the separation from their children and families. A full chapter is devoted to important people and events from the first female jail keeper in 1822 to changing prison goals and the impact of feminism.

Punishment in America Cyndi Banks, 2005-04-19. From the Salem witch trials to death row, this work is a gripping analysis of the evolution of punishment practices, policies, and problems in America. From Puritan ducking stools to boot camps and supermax prisons, *Punishment in America* investigates the evolution of punishment in the United States. Intriguing inquiries into penitentiaries, parole, capital punishment, and other sanctions reveal how the rationales behind them—retribution, rehabilitation, and deterrence—reflect changes in society, culture, and values. Reaching beyond the typical focus on prisons and incarceration to extralegal lynchings and vigilante operations and the treatment of the poor and the mentally challenged, this remarkable review also explores the impact of stricter laws on pedophiles and drug offenders and the effect of three strikes legislation and truth in sentencing. This thought-provoking work will help readers understand the conflicting roles that punishment has played in delivering justice and promoting rehabilitation.

Women Exiting Prison Bree Carlton, Marie Segrave, 2013-05-02 Women s incarceration is on the rise globally and this has significant intergenerational economic and humanitarian costs for communities across the world While there have been efforts to implement reform particularly in countries such as Canada UK US and Australia the growing evidence suggests women s prisons and the support structures surrounding them are in crisis This collection of critical essays presents groundbreaking research on women s post imprisonment policy practice and experiences It is the first collection to offer international perspectives on gender criminalisation the effects of imprisonment and women centred approaches to the short and long term support of women exiting prison It offers cutting edge insights into contemporary policy developments and women s experiences across the US the UK Australia Canada and Northern Ireland The collection makes two important contributions First it marks a departure from an instrumental and individual focus on what works to reduce women s offending and re offending behaviour a prevailing approach within competing collections focused on post release issues Second it presents critical original research with robust empirical foundations to revive feminist criminological engagement around gender imprisonment and most critically post release management support and survival The collection will appeal to academics and community based advocates activists lawyers and practitioners engaged in advocacy and service provision for imprisoned women It is also an important and unique analysis for undergraduate and postgraduate students studying criminological and social science courses particularly those related to gender and crime imprisonment and correctional policy and qualitative research methods

Prison Jacqueline Z. Wilson, 2008 Prison Cultural Memory and Dark Tourism discusses decommissioned Australian prisons currently or potentially functioning as tourist attractions In particular it addresses a fundamental question Do the interpretations and presentations of the sites include and fairly represent the personal stories and experiences associated with those prisons The author argues that the conventional understanding of

most of Australia's historical prisons fosters a radical othering of inmates and with it the exclusion distortion and historical neglect of their narratives This book examines avenues via which neglected narratives may be glimpsed or inferred presenting a number of examples This remedies the imbalance in some degree and tests such avenues potential as resources for inclusive interpretations by public historians and curators The book also focuses on the influence of celebrity prisoners whose links to the penal system are exploited as promotional features by the sites and in some cases by the individuals themselves Their narratives provide broad if unwitting support for the system and for the othering of the more general inmate population The ramifications of the above with regard to aspects of Australian identity mean that certain facets of the Australian character traditionally held to be emblematic are affected These effects have subtle but tangible consequences for modern Australians collective memory and deleterious consequences for current popular attitudes to penal practice

Equality with a Vengeance Molly Dragiewicz, 2011-04-12 A provocative investigation of how fathers rights groups are trying to erode the gains of the battered women's movement

Criminal Intimacy Regina Kunzel, 2022-03-22 Sex is usually assumed to be a closely guarded secret of prison life But it has long been the subject of intense scrutiny by both prison administrators and reformers as well as a source of fascination and anxiety for the American public Historically sex behind bars has evoked radically different responses from professionals and the public alike In Criminal Intimacy Regina Kunzel tracks these varying interpretations and reveals their foundational

influence on modern thinking about sexuality and identity. Historians have held the fusion of sexual desire and identity to be the defining marker of sexual modernity but sex behind bars often involving otherwise heterosexual prisoners calls those assumptions into question. By exploring the sexual lives of prisoners and the sexual culture of prisons over the past two centuries along with the impact of a range of issues including race class and gender sexual violence prisoners rights activism and the HIV epidemic Kunzel discovers a world whose surprising plurality and mutability reveals the fissures and fault lines beneath modern sexuality itself. Drawing on a wide range of sources including physicians psychiatrists sociologists correctional administrators journalists and prisoners themselves as well as depictions of prison life in popular culture Kunzel argues for the importance of the prison to the history of sexuality and for the centrality of ideas about sex and sexuality to the modern prison. In the process she deepens and complicates our understanding of sexuality in America.

A Criminological Imagination Pat Carlen, 2017-07-05 A Criminological Imagination contains a selection of key articles from Pat Carlen's research studies of magistrates courts and women's imprisonment together with a range of other articles on social control discourse analysis ideology punishment criminology and critique. They are all informed by an assumption that while criminal justice must remain imaginary in societies based upon unequal and exploitative social relations one task of a criminological imagination might be to suggest why this is so and how things could be otherwise. This is an invaluable collection for anyone interested in crime justice and injustice and the social political and academic contexts in which knowledge of them is constructed.

Victim Advocacy in the Courtroom Mary Lay Schuster, Amy D. Proppen, 2011 Provides a deeply textured view of how victims voices are introduced and heard in courts.

The Future of Batterer Programs Edward W. Gondolf, 2012-04-10 A critical assessment of the research related to batterer programs with recommendations for heightened engagement of men ongoing risk management and better coordination of courts and services.

Global Lockdown Julia Sudbury, 2014-03-18 Global Lockdown is the first book to apply a transnational feminist framework to the study of criminalization and imprisonment. The distinguished contributors to this collection offer a variety of perspectives from former prisoners to advocates to scholars from around the world. Resistance Behind Bars Victoria Law, 2012-10-05 In 1974 women imprisoned at New York's maximum security prison at Bedford Hills staged what is known as the August Rebellion. Protesting the brutal beating of a fellow prisoner the women fought off guards holding seven of them hostage and took over sections of the prison. While many have heard of the 1971 Attica prison uprising the August Rebellion remains relatively unknown even in activist circles. Resistance Behind Bars is determined to challenge and change such oversights. As it examines daily struggles against appalling prison conditions and injustices Resistance documents both collective organizing and individual resistance among

women incarcerated in the U S Emphasizing women s agency in resisting the conditions of their confinement through forming peer education groups clandestinely arranging ways for children to visit mothers in distant prisons and raising public awareness about their lives Resistance seeks to spark further discussion and research into the lives of incarcerated women and galvanize much needed outside support for their struggles This updated and revised edition of the 2009 PASS Award winning book includes a new chapter about transgender transsexual intersex and gender variant people in prison

Imperfect Victims Leigh Goodmark, 2023-01-17 A profound compelling argument for abolition feminism to protect criminalized survivors of gender based violence we must dismantle the carceral system Since the 1970s anti violence advocates have worked to make the legal system more responsive to gender based violence But greater state intervention in cases of intimate partner violence rape sexual assault and trafficking has led to the arrest prosecution conviction and incarceration of victims particularly women of color and trans and gender nonconforming people *Imperfect Victims* argues that only dismantling the system will bring that punishment to an end Amplifying the voices of survivors including her own clients abolitionist law professor Leigh Goodmark deftly guides readers on a step by step journey through the criminalization of survival Abolition feminism reveals the possibility of a just world beyond the carceral state which is fundamentally unable to respond to let alone remedy harm As *Imperfect Victims* shows abolition feminism is the only politics and practice that can undo the indescribable damage inflicted on survivors by the very system purporting to protect them
