**The New Chosen People, Revised and Expanded Edition** William W. Klein, 2015-11-25 Controversy rages on about God's choosing people for salvation Are only the few elect Rather than typically beginning with the preconceptions of systematic theologies Dr William Klein takes up this question by searching for a biblical theology of election He surveys the OT contexts of God's choosing individuals prophets priests kings to serve divine purposes and considers God's election of the nation of Israel as his special people This OT study proposes that God's election is both individual and corporate but not always determinative Individuals entered the people of God by birth but not all the people found salvation Faith in Yahweh was required This book traces these elective understandings through the intertestamental literature identifying continuities and shifts The bulk of the study and the heart of the argument focus on the New Testament Klein identifies concepts of election and relationships between writers in the gospels the Lucan material Paul's writings and the rest The new covenant God choosing the church in Christ emphasizes election as corporate while the individual election of Jesus disciples and of

Paul raises the question whether such chosenness is necessarily salvific In closing Klein discusses the most engaging and divisive questions around God's election and offers a real challenge to today's church      *Learning How to Trust Revised and Expanded* Ed Delph, 2011-07-28 How thick is the wall you've built around your heart Maybe your wall is only one brick thick because of a hurt you experienced as a teenager Or maybe your wall is concrete slab thick because of the pain of a divorce or broken promise Either way you have decided not to trust even God Learning How to Trust speaks to the heart of your relationships This revised and expanded edition includes a new application guide to enhance group or individual study Deep down you know that the wall you've built also keeps out the One who can restore you Through true life stories and God's Word you will learn How to regain your emotional physical and spiritual well being Steps to rebuild relationships 5 keys to regaining trust 3 barriers to completely trusting God What went wrong and how to fix it Choose to empower yourself by Learning How to Trust      *Defending Your Faith, revised and expanded edition* Dan Story, 2019-03-26 Real answers for the tough questions today's Christians face Whether you want to grow in your own understanding of Christianity or need trustworthy responses to the questions of friends Dan Story has the answers Defending Your Faith helps Christians see that their faith is reasonably and intelligently grounded on objective verifiable evidence And it equips readers to share these answers with family friends and coworkers who have questions about Christianity Story's book has filled a valuable niche in apologetics for the past twenty years He has helped countless readers answer confrontational questions such as How do I know that God exists Can I trust the Bible Why is there evil and suffering in the world Is God an environmentalist Are the Bible and science in conflict In this revised and expanded edition Dan Story goes even further With the latest apologetic evidence and tactics he not only answers those age old questions but also deals with new challenges to Christianity that have emerged over the last two decades including the ubiquitous presence of social media He also responds head on to the new breed of vocal aggressive man on the street atheists With culturally relevant strategies and a firm foundation of truth Defending Your Faith will challenge you to share your faith with others while knowing that you are not alone as you witness for Christ      *2084 and the AI Revolution, Updated and Expanded Edition* John C.
