## **Hasideans And The Origin Of Pharisaism:**

**The Hasideans and the Origin of Pharisaism** John Kampen, 1988      **The Development of the High Priesthood during the pre-Hasmonean Period** Maria Brutti, 2021-11-29 This book deals with the Jewish High Priesthood between 301 152 BCE The research was carried out as part of a doctoral thesis at the Pontifical Gregorian University It is of a historical biblical theological nature Historical in as much as it refers to a chronological period and to the historiographic sources biblical and theological because it questions a Biblical institution its meaning and its religious function The history of the High Priesthood is analysed on the basis of conflicting documents starting from the question of power and the autonomy of the high priests under the rule of the Ptolemies and the Seleucids However the historical reconstruction is strongly determined by the political ideology and theological vision of the available sources on this subject      *The Origin of Heresy* Robert M. Royalty, 2013-05-07 Heresy is a central concept in the formation of Orthodox Christianity Where does this notion come from This book traces the construction of the idea of heresy in the rhetoric of ideological disagreements in Second Temple Jewish and early Christian texts and in the development of the polemical rhetoric against heretics called heresiology Here author Robert Royalty argues one finds the origin of what comes to be labelled heresy in the second century In other words there was such a thing as heresy in ancient Jewish and Christian discourse before it was called heresy And by the end of the first century the notion of heresy was integral to the political positioning of the early orthodox Christian party within the Roman Empire and the range of other Christian communities This book is an original contribution to the field of Early Christian studies Recent treatments of the origins of heresy and Christian identity have focused on the second century rather than on the earlier texts including the New Testament The book further makes a methodological contribution by blurring the line between New Testament Studies and Early Christian studies employing ideological and post colonial critical methods

**Sects and Sectarianism in Jewish History** Sacha Stern, 2011-04-21 Several Jewish groups from Antiquity until today have been traditionally identified as sects or as sectarian most famously the Qumran community and the Qaraites This volume questions the appropriateness of this interpretation of social and religious movements in Jewish history      *Enoch and Qumran Origins* Gabriele Boccaccini, 2005-06-03 The rediscovery of Enochic Judaism as an ancient movement of dissent within Second Temple Judaism a movement centered on neither temple nor torah is a major achievement of contemporary research After being marginalized ancient Enoch texts have reemerged as a significant component of the Dead Sea Scrolls library unearthed at Qumran Enoch and Qumran Origins is the first comprehensive treatment of the complex and forgotten relations between the Qumran community and the Jewish group behind the pseudepigraphal literature of Enoch The contributors demonstrate that the roots of the Qumran community are to be found in the tradition of the Enoch group rather than that of the Jerusalem priesthood Framed by Gabriele Boccaccini's introduction and James Charlesworth's conclusion this book examines the hypotheses of five particularly eminent scholars resulting in an engaging and substantive discussion

among forty seven specialists from nine countries The exceptional array of essays from leading international scholars in Second Temple Judaism and Christian origins makes Enoch and Qumran Origins a sine qua non for serious students of this period Contributors William Adler Matthias Albani Jeff S Anderson Albert I Baumgarten Andreas Bedenbender Stefan Beyerle Gabriele Boccaccini James H Charlesworth John J Collins Michael A Daise James R Davila Torleif Elgvin Mark A Elliott Hanan Eshel Peter W Flint Ida Fr hlich Florentino Garca Martnez Claudio Gianotto Lester L Grabbe Ithamar Gruenwald Charlotte Hempel Matthias Henze Martha Himmelfarb Michael A Knibb Klaus Koch Helge S Kvanvig Armin Lange Erik W Larson Timothy H Lim Corrado Martone George W E Nickelsburg Pierluigi Piovanelli mile Puech Annette Yoshiko Reed John C Reeves Henry W Morisada Rietz Paolo Sacchi Lawrence H Schiffman Loren T Stuckenbruck David W Suter Shemaryahu Talmon Eibert J C Tigchelaar Patrick Tillier Liliana Rosso Ubigli James C VanderKam Jacques van Ruiten Benjamin G Wright III

**A Search for the Origins of Judaism** Etienne Nodet, 1997-03-01 Translated by J Edward Crowley This radical reconstruction of the origins of Judaism starts by observing that Josephus s sources on the early history of Israel do not agree with the Bible and that the oldest rabbinic traditions show no sign of a biblical foundation Another interesting question is raised by the Samaritan claim at the time of Antiochus Epiphanes that they had only recently received the Sabbath from the Jews From such details Nodet creates a comprehensive line of argument that reveals two major sources of Judaism as symbolized in the subtitle of his work Joshua was the one who established locally in writing a statute and a law at the Shechem assembly while the Mishnah was the ultimate metamorphosis of traditions brought from Babylon and combined

with Judaeen influences      **Paul and the Faithfulness of God** N. T. Wright, 2013-11-01 This highly anticipated two book fourth volume in N T Wright s magisterial series *Christian Origins and the Question of God* is destined to become the standard reference point on the subject for all serious students of the Bible and theology The mature summation of a lifetime s study this landmark book pays a rich tribute to the breadth and depth of the apostle s vision and offers an unparalleled wealth of detailed insights into his life times and enduring impact      **Holiness and Community in 2 Cor 6:14-7:1** J.

Ayodeji Adewuya, 2011-02-01 This book examines 2 Cor 6 14 7 1 and argues that its theological message is communal holiness It culminates in an attempt to posit a Pauline theology of corporate sanctification in the Corinthian correspondence Paul s view of sanctification it is argued should be seen as multifaceted relational communal ethical and mission oriented Thus a coherent picture of Pauline teaching on holiness in the Corinthian correspondence emerges from this book For Paul the focus of God s redemptive activity is primarily the community and not the individual Paul s view on holiness has to do with communal holiness within the people of God the goal of which is to make God known to the wider society In sum this book argues that the teaching on holiness should not be and cannot be satisfactorily explained in terms of the individual but only as the individual stands in relation to the community of faith Thus the conclusion offers a corrective to some strands of modern interpretation that emphasize the individualistic experiential aspects of Christian holiness thus tending to reduce Christian holiness to morality      Judaism and Jesus Zev Garber, Kenneth L. Hanson, 2019-10-29 This insightful volume represents the hands on experience in the world of academia of two Jewish scholars one of Orthodox background and the other a convert to the Jewish faith As a series of separate but interrelated essays it approaches multiple issues touching both the historical Jesus himself a pious Jew and the modern phenomenon of Messianic Judaism It bridges the gap between the typically isolated disciplines of Jewish and Christian scholarship and forges a fresh level of understanding across religious boundaries It delves into such issues as the nature and essence of Jesus message pietistic militant or something of a hybrid and whether Messianic Jews should be welcome in the larger Jewish community Its ultimate challenge is to view sound scholarship as a means of bringing together disparate faith traditions around a common academic table Serious research of the great Nazarene becomes interfaith discourse      *Exegetical Essays, 3rd Edition* Don Garlington, 2003-10-13

*Exegetical Essays* is a collection of thirteen biblical studies The purpose of each is to fill a gap in New Testament research or to offer alternate understandings of familiar passages The second edition of these Essays incorporates corrections and updated documentation and presents three new studies The order of the articles follows as closely as possible the canonical biblical text The book commences with a consideration of the biblical theological method followed by an Old Testament essay and then proceeds through the Gospels Paul and Revelation and concludes with review articles of two recent notable books

else **The Conceptual Worlds of the Fourth Gospel** Charles B. Puskas, C. Michael Robbins, 2021-01-08 Over and over again, through John's story of Jesus are unforgettable ideas and concepts profoundly simple and simply profound for the author's own audience and beyond. These ideas did not originate in a vacuum. They have recurred and been repeated before and after the writing of the Fourth Gospel. For this reason, we will examine the meaning of its words and themes in the context of its Jewish Greco-Roman milieu. Much of our intertextual understanding will be derived from alleged parallels that involve comparisons of similar vocabulary and phrases as well as parallel concepts and images from the Old Testament, the Dead Sea Scrolls, Philo, and other relevant writings. Such parallels will help to determine the meaning of a word or expression, the translation of a particular language, determining any direct influences upon the Fourth Gospel, parallel traditions, or the influence of its ideas as a creative and inspiring work of later antiquity.

**The History of the Jews in Antiquity** Peter Schäfer, 2013-11-26 First Published in 1995, the main emphasis of this book is on the political history of the Jews in Palestine, where political is to be understood not as the mere succession of rulers and battles but as the interaction between political activity and social, economic, and religious circumstances. A particular concern is the investigation of social and economic conditions in the history of Palestinian Judaism. *The History of the Jews in the Greco-Roman World* Peter Schäfer, 2003-09-02 Examines Judaism in Palestine throughout the Hellenistic period from Alexander the Great's conquest in 334 BC to its capture by the Arabs in AD 636.

Yakar Le'Mordecai Mordecai Waxman, Tseviyah Ben-Yosef Ginor, 1998 Yakar Le'Mordecai commemorates forty years of Rabbi Waxman's service to Temple Israel of Great Neck. It was initiated by his grateful congregants and carried through by his colleagues and friends. It mirrors his interests in and contributions to Jewish scholarship and thought and is divided into four sections, each pertaining to an area in which Rabbi Waxman has been involved. Part I is a retrospective of Rabbi Waxman's career in the rabbinate and in Jewish scholarship. Part II on Jewish thought contains articles which reflect the honoree's broad knowledge of the topic from Biblical studies to contemporary theology. Part III deals with Jewish-Christian relations as well as the position of Jews in various parts of the world in their relations with the surrounding cultures, and Part IV with American Judaism. Along with the many other contributions, this volume contains articles by Rabbi Waxman's later father and wife and one by his son, Rabbi Jonathan Waxman.

Sources and Interpretations Lawrence H. Schiffman, 2025-06-16 This volume brings together over forty of Schiffman's Studies on Ancient Judaism that have helped to shape this emerging field.
