Hate Thy Neighbor Jeannine Bell, 2013-06-08 Hate Thy Neighbor shows in devastating detail the rise and persistence of tactics for preventing residential racial integration starting in the 20th century and continuing into the present Although many minorities can find good housing in areas they can afford just enough of their neighbors still greet them with cross burnings firebombs and violence to send an ongoing warning integrate at your own risk Amanda I Seligman University of Wisconsin Milwaukee Despite increasing racial tolerance and national diversity neighborhood segregation remains a very real problem in cities across America Scholars government officials and the general public have long attempted to understand why segregation persists despite efforts to combat it traditionally focusing on the issue of white flight or the idea that white residents will move to other areas if their neighborhood becomes integrated In Hate Thy Neighbor Jeannine Bell expands upon these understandings by investigating a little examined but surprisingly prevalent problem of move in violence the anti integration violence directed by white residents at minorities who move into their neighborhoods Apprehensive about their new neighbors and worried about declining property values these residents resort to extra legal violence and intimidation tactics often using vandalism and verbal harassment to combat what they view as a violation of their territory Hate Thy Neighbor is the first work to seriously examine the role violence plays in maintaining housing segregation illustrating how intimidation and fear are employed to force minorities back into separate neighborhoods and prevent meaningful integration Drawing on evidence that includes in depth interviews with ordinary citizens and analysis of Fair Housing Act cases Bell provides a moving examination of how neighborhood racial violence is enabled today and how it harms not only the victims but entire communities By finally shedding light on this disturbing phenomenon Hate Thy Neighbor not only enhances our understanding of how prevalent segregation and this type of hate crime remain but also offers insightful analysis of a complex mix of remedies that can work to address this difficult problem Jeannine Bell is Professor of Law at IU Maurer School of Law Bloomington She is the author of Policing Hatred Law Enforcement Civil Rights and Hate Crime Police and Policing Law and Gaining Access to Research Sites A Practical and Theoretical Guide for Qualitative Researchers with Martha Feldman and Michele Berger
