can't wait You are already thinking about the money It's a kind of high that programs your mind You are excited You just want to get it done That moment when there is no turning back when it is about to go down all your senses come alive your eyes everything comes alive It's extreme like a phenomenal rush of ecstasy It's the thing that makes you want to do it again From the horror of the 2006 Villa Nora heist where four security guards were burnt alive in their armoured vehicle after a ferocious fight back against highly trained mercenaries to the 2016 robbery of a cash centre in Witbank where a gang made off with almost R104 million after impersonating police officers Heist is an impeccably researched exposé of an endemic crime phenomenon that some analysts warn could bring South Africa to its knees Using the information gleaned from thousands of pages of court documents and press reports as well as interviews with scores of police officers crime intelligence agents prosecutors defence lawyers researchers journalists security guards and the criminals themselves Heist provides an unprecedented insight into a crime that has increased by a staggering 49 per cent in the first eight months of 2017 alone As informative and thought provoking as it is distressing this is a book by an investigative journalist at the top of her game

The Days Beyond Mark Hernandez, 2019-06-04 Once hidden away in the foothills of rural Arkansas an abandoned Cold War era laboratory has been discovered by two high school students Mark and Nate never imagined that anything they would do in their lives could have such far reaching consequences That all changes after they unwittingly stumble upon the remains of the MIRAGE project a machine originally designed to unravel the secrets of teleportation What happened to the band of rogue scientists responsible for its construction What could such a revolutionary breakthrough mean for the future of humanity Before they get any answers the two friends are torn from their boring existence and hurled into the unknown plunging headfirst into a broken world and a conspiracy that took root before either of them was even born When they awaken in the middle of nowhere the boys find themselves in a wild frontier inhabited by hostile natives mutated creatures and unfathomable dangers Now if they are to solve the greater mystery behind their disappearance and find a way home they will have to become men that master steel fire and their own worst fears because when the wolves are howling for blood there is no place for the weak or the foolish

Minutes of Evidence Cape of Good Hope (South Africa). Education Commission, 1911 **The Root of All Evil** Roberto Costantini, 2016-01-05 In the 1960s post colonial Libya fell prey to the sprawling industrial greed of the West driven by the discovery of oil While the modern quarter of Tripoli built by the Italians was small and affluent the rest of the city like the rest of the nation was left to fend for itself amid the arid sandy stretches of North Africa As tensions mounted between eastern and western ideals terror began to supplant justice and acts of religiously motivated violence began to fill some of Tripoli's darkest corners Against this backdrop the teenaged Michele Balistreri a smart young man plagued by thuggish tendencies and a youthful attraction to Fascism suffered a succession of personal blows that would scar him for life the death of his mother a terrible tragedy that befell his best friend's family and the consequences of his father's role in Gaddafi's rise to power Worst of all an innocent blood pact he made as a teenager would

come to haunt him as an adult Four decades later journalist Linda Nardi is hard at work investigating the shadowy history of the Vatican Bank s involvement in Libya when she suddenly finds her attention diverted to an irresistible story assignment covering the collapse of Colonel Gaddafi s forty two year dictatorship It is only a matter of time before Nardi s research and Balistreri s investigative work as a police commissario bring them into contact Together they unearth a deadly conspiracy that goes to the top of Rome s power structure that neither of them will ever be able to forget Collocations in a Learner Corpus Nadja Nesselhauf,2005 Collocations are both pervasive in language and difficult for language learners even at an advanced level In this book these difficulties are for the first time comprehensively investigated On the basis of a learner corpus idiosyncratic collocation use by learners is uncovered the building material of learner collocations examined and the factors that contribute to the difficulty of certain groups of collocations identified An extensive discussion of the implications of the results for the foreign language classroom is also presented and the contentious issue of the relation of corpus linguistic research and language teaching is thus extended to learner corpus analysis **The Mansions of Idumea** Trish Mercer,2014-04-10 Lieutenant Colonel Perrin Shin is not happy Not happy about the changes he s seen in Edge since he arrived sixteen years ago Not about his daughter and son turning into teenagers And certainly not about the Guardians turning the village teens into thieves or the world not noticing anything but the latest entertainment Which also means no one s noticing the ever tightening control of Chairman Mal and the Administrators While Perrin and Mahrree notice as does their claimed brother Shem Zenos there s nothing that two soldiers and a school teacher can do about those who rule the world So when a disaster hits Edge and half of the world then Perrin receives an urgent message demanding that he return immediately to Idumea Well he s not sure what s worse the fact that he has to leave his village that desperately needs him in order to face the government he hates or that his wife and children are going with him *A Difficult Age* Mark Stewart-Jones,2010-07-19 The nostalgia of idealism is the worst kind of idealism and the worst kind of nostalgia Mr Puck Huntley however would beg to differ Recently suspended from his post as a Media Studies teacher and on the fortieth anniversary of the events of May 1968 he decides to take matters and the law into his own hands For Mr Puck Huntley is not your average Media Studies teacher At 57 he is the product of a very different generation and nowadays finds himself permanently out of step with both his pupils and his head teacher Notoriously unorthodox in his teaching methods he now brings that same unorthodoxy into play as he struggles to make his voice heard *A Difficult Age* is a stylish original funny and often moving story of a man struggling to hold on to the ideals of his generation in vastly different times Like Puck those that came of age in 60s were right about one thing the times they did change Sadly for some they just kept on changing
