Sauvart,2011-04-15 a The set generally Since the publication of its first edition in 1950 the Annual Review of United Nations Affairs has stood as the authoritative resource for scholars students and practitioners researching the latest developments of that august body From the insightful introduction prepared each year by a distinguished expert on UN affairs to the full text presentation of reports and resolutions and the helpful subject index ARUNA provides a practical tour of each year s U N actions and debates The expert selection of documents by Joachim Muller and Karl Sauvart and the topic based organization of those documents make any researcher s task much easier than the vast searching sorting and pruning required by the U N s website The series topic based organization of the materials and subject index lend invaluable guidance to all researchers ARUNA presents comprehensive documentation of the work of the UN on an annual basis starting in September of each yearwith the beginning of the regular sessions of the General Assembly Coverage of the UN s key organs is provided including the General Assembly the Security Council the Economic and Social Council ECOSOC the International Court of Justice and the UN Secretariat In addition selected reports of intergovernmental bodies and expert groups are included Solely official UN documentation is used

ARUNA occupies a special place in the publications on the work of the UN as it allows readers to obtain an overview of the principal developments in its key organs. This makes it an important reference source for policy makers and academic researchers.

The 2009-2010 volumes: This year's edition continues to focus on the world financial crisis and the reaction of the United Nations and the international financial system to that crisis. The Overview to this year's edition, written by Joachim Müller and Karl Sauvant, examines the changing role of the United Nations and explores ways in which the management of the financial crisis has impacted that role. The Introduction to this year's edition also examines the effects of this crisis; this Introduction is drawn from the Report of the Commission of Experts of the President of the United Nations General Assembly on Reforms of the International Monetary and Financial System as well as a slightly edited version of a Preface to that report written by Professor Joseph E. Stiglitz. The Introduction discusses the findings of the Commission and proposes the creation of a new institution, a Global Economic Coordination Council, which would be supported by an International Panel of Experts with a geographically diverse membership that would represent the interests of emerging and developing countries as well as those of developed countries.

Dr. Joseph E. Stiglitz, who served as Chairman of the Commission and wrote the Preface to the Commission's Report, holds joint professorships at Columbia University's Economics Department and its Business School. He is also Co-founder and Co-President of the Initiative for Policy Dialogue. From 1997 to 2000, he was the World Bank's Senior Vice President for Development Economics and Chief Economist. From 1995 to 1997, he served as Chairman of the U.S. Council of Economic Advisers and as a member of President Clinton's cabinet. From 1993 to 1995, he was a member of the Council of Economic Advisers. He was previously a professor of economics at Stanford, Princeton, Yale, and All Souls College. Dr. Stiglitz is also a leading scholar of the economics of the public sector and was awarded the Nobel Prize in Economics in 2001, in addition to the American Economic Association's biennial John Bates Clark Award in 1979. His recent publications include *Freefall: America, Free Markets, and the Sinking of the World Economy* (2010), *Making Globalization Work* (2006), *Fair Trade for All* (2005), and *Globalization and its Discontents* (2002).

The 2009-2010 volumes of ARUNA therefore also devote considerable attention to the financial crisis as well as other international crises. Among the documents in the 2009-2010 volumes are the complete General Assembly resolutions as well as the Report and Resolutions of the Security Council and the Economic and Social Council. ECOSOC Annual Reports of note include reports of the United Nations Children's Fund (UNICEF), the UN Development Programme, and the UN Population Fund. The UN High Commissioner for Human Rights, the UN High Commissioner for Refugees, the UN Relief and Works Agency for Palestine Refugees in the Near East, and the World Food Programme. Mr. Müller and Dr. Sauvant have also selected progress reports on key peacekeeping, peace building, and political missions, including those for Afghanistan, the Democratic Republic of the Congo, Haiti, Iraq, the Middle East, Sudan, and West Africa.

Volume III: This volume contains the following: Chapter 1: General Assembly, Sixty-fourth Session, continued; 3 Resolutions Adopted by the General Assembly at Its Sixty-fourth Session, continued; Resolutions 64/104 through 64/199; d

edition Ms Louise Frechette is Distinguished Fellow at the Centre for International Governance Innovation Waterloo Ontario
 Until March 2006 she was the first Deputy Secretary General of the UN before that she was Permanent Representative of
 Canada to the UN Ms Frechette's introduction to ARUNA 2005 2006 covered United Nations reform an unfinished story As
 the first Deputy Secretary General of the UN Ms Frechette was uniquely positioned to undertake a personal assessment of
 what has changed and what has not changed in the past decade at the UN and why She examined if the UN is functioning
 better than it was 15 years ago why reform is so difficult to achieve and what the future holds for the institutions Rubens
 Ricupero ARUNA 2004 2005 edition Mr Rubens Ricupero is Dean of the Fundacno Armando Alvares Penteado FAAP Sao
 Paulo and was formerly Secretary General of UN Conference on Trade and Development UNCTAD and Minister of Finance of
 Brazil Mr Ricupero's introduction to ARUNA 2004 2005 covered The difficulty of building consensus in an age of extremes
 and examined the mysteries of the negotiating process leading to the outcome of the 2005 World Summit Rather than a
 Grand Bargain of a comprehensive UN reform in the areas of development security and human rights it is argued that the
 Summit ended more on a note of lamentation and regret over a missed opportunity Mr Ricupero concludes that contrary to
 the daring proclamation at the outset by the Secretary General the conditions indispensable to succeed were not in place
 Indeed it was hard to imagine that an ambitious and balanced reform package for the UN could have had any real chance of
 succeeding *Health Insurance for the Aged*, 1966 *Statistical Abstract of the United States*, 1988 **Colorado Health
 Facilities Authority Performance Audit** Colorado. Office of State Auditor, 1992 *Challenging Inequities in Health*
