**Throwing Fire** Alfred W. Crosby, 2002-04-08 Historian Alfred W Crosby looks at hard accurate throwing and the manipulation of fire as unique human capabilities Humans began throwing rocks in prehistory and then progressed to javelins atlatls bows and arrows We learned to make fire by friction and used it to cook drive game burn out rivals and alter landscapes In historic times we invented catapults trebuchets and such flammable liquids as Greek Fire About 1 000 years ago we invented gunpowder which accelerated the rise of empires and the advance of European imperialism In the 20th century gunpowder weaponry enabled us to wage the most destructive wars of all time peaking at the end of World War II with the V 2 and atomic bomb Today we have turned our projectile talents to space travel which may make it possible for our species to migrate to other bodies of our solar system and even other star systems *Heart of Darkness* Joseph Conrad, Leo Gurko, 1980 Metafolklore Alexander V. Avakov, 2012-12-11 The book is organized in Folklore Units Each Folklore Unit has Context and may have one or more Metacontexts with citations of works of great philosophers or writers hence the title of the book is Metafolklore The book covers the life of immigrants from the USSR in the U S remembers life in Russia and gradually concentrates on the modus operandi of the KGB FBI CIA NYPD NSA ECHELON Foreign Intelligence Surveillance Court AI and ISI It covers frontiers of legal theory of surveillance What distinguishes this book is the intensely personal account of the events and issues *NEPAD and the African Renaissance* Daniel Johannes Venter, 2005 The Resonance of Joseph Conrad in Contemporary Culture Agnieszka Adamowicz-Pośpiech, 2025-09-01 A hundred years after his death the life and legacy of the Polish British novelist Joseph Conrad remains deeply felt in a wide range of global cultural contexts The Resonance of Joseph Conrad in Contemporary Culture brings together scholars of wide ranging backgrounds to provide a holistic assessment of the afterlife of Conrad s work Ranging from Conrad s influence upon contemporary writers to the impact of his translators and his adaptation within film and graphic novels this volume illuminates how Conrad s approach to questions of moral ambiguity and the haunting complexities of colonialism continues to inform the cultural output of our modern globalized world **Reflections on a Simple Twist of Fate: Literature, Art, and Parkinson's Disease** Dean Scaros, 2018-06-21 What happens when our lives are suddenly disrupted by chronic or terminal illness Of course science family faith and friends are there to help But as author Dean Scaros demonstrates in this elegantly written and affecting book all the issues we face as a result of illness have been expressed through human artistic sensibility We have been seeking meaning and solace and have often found it ever since we painted figures on the walls of our caves This book considers through the lens of great literature and art issues that are important to us as we struggle to come to terms with progressive debilitating illness issues such as personal dignity courage fear hope love time chance fate and friendship to name just a few These issues are not physical or clinical Rather they concern the ways in which we think and feel about our experience Reflecting on them affords us an opportunity to better understand our experience and even gain a measure of wisdom from it

**Nuremberg Principles and Ukraine** Herbert R. Reginbogin, Marshall J. Breger, 2025-10-02 In this book contributors go in depth to analyze the crime of aggression crimes against humanity and their applicability in the context of the invasion of Ukraine The ongoing Russian invasion of Ukraine brings the principles of Nuremberg to the forefront of discussions on justice raising questions about the feasibility of Nuremberg style accountability The book touches upon the abduction of Ukrainian children and the destruction of Ukrainian cultural heritage Contributors also discuss the topic of war crime tribunals after Nuremberg including Timor and former Yugoslavia as well as tribunals in Rwanda Sierra Leone and others leading up to the International Criminal Court ICC Including essays by Oleksandra Matviichuk the Ukrainian Nobel Laureate and Ambassador Dr Anton Korynevych Ukrainian minister and specialist in international law this book considers the contemporary relevance of the Nuremberg principles in the context of the Russian invasion of Ukraine *New Seeds of Profit* Mark S. Ferrara, 2019-04-19 When Captain Christopher Newport and his crew landed on the muddy banks of the James River in 1607 after four months at sea they aimed to establish a new colony not for God or the greater good of humanity but for the sake of profit The Pilgrims who settled in Cape Cod in 1620 as agents of Plymouth Company found evidence of divine election in the fortunes they accumulated from a lucrative system of town founding in the New World The innovative and often ruthless entrepreneurs who followed these colonists carved out the immense North American frontier wilderness from the Atlantic Ocean to the golden sands of the California coast and they forged industrial and technological revolutions that shook the world *New Seeds of Profit* examines the role of business leaders from George Washington to Donald Trump in shaping the United States into a business nation unlike any other in world history By tracing the influence of industry and commerce on American society through portraits of successful entrepreneurs this book sheds light on the esteemed place Americans reserve for their wealthiest business leaders and it measures the true cost of that adulation by demonstrating how enterprise driven solely by the bottom line imperils people and the environment In a story teeming with the heroes and villains of enterprise *New Seeds of Profit* offers an innovative business model that provides meaningful work to employees and socially responsible returns to investors while encouraging sustainable stewardship of the earth and advancing the common good *An Answer for Everything* Delayed Gratification, 2021-10-28 What s the best book ever written What would happen if we all stopped eating meat What s the secret to living past 110 And what actually is the best thing since sliced bread In *An Answer For Everything* 200 of the world s most intriguing questions are settled once and for all through beautiful and brilliant infographics The results will leave you shocked informed and thoroughly entertained Created by the team behind the award winning *Delayed Gratification* magazine these compelling darkly funny data visualisations will change the way you think about everything **Errancies of Desire** Vartan P. Messier, 2022-11-15 Social commentators psychologists and journalists all point to the idea that in the new millennium traditional masculinity is in crisis In contemporary film and literature this predicament is often portrayed as a problem of desire particularly heterosexual desire

Male libido it appears is especially vicious when it is misguided Yet the genesis of this problem is not consistently diagnosed While some texts may situate it in the unbridled expression of human sexuality and its associated discourses others contend it is the perverse result of popular constructions of sex and gender Addressing this conundrum *Errancies of Desire* focuses on the intersections of phallocratic violence and masculine identity in contemporary works of fiction across three subcontinents North America Western Europe and sub Saharan Africa In doing so Messier details the ways in which male desire is predicated on mediated forms of predatory and misogynistic sexuality that cross national and cultural divides Employing a comparative methodology he interrogates common perceptions of national differences and masculine identities grounded in historical specificity *Errancies of Desire* effectively argues that when associated symptoms of violent and sexist behavior are institutionalized and misguidedly construed as a masculine norm all men can become monsters

**Gothic Modernisms** A. Smith, J. Wallace, 2001-05-04 This is the first full length exploration of the relationship between Gothic fiction and Modernism in fiction and film The Gothic's fascination with images of the fragmented self is echoed in the Modernist concern with the psyche and the paranoia of the everyday The contributors explore how the Gothic influences a range of writers including James Joyce D H Lawrence Virginia Woolf May Sinclair Elizabeth Bowen and Djuna Barnes

*The Imperial World-System and Cultures of Dissent in Thomas Hardy's Fiction* Rena Jackson, 2024-10-30 This is the first book length study of imperial crossings in Thomas Hardy's novels and short stories Combining the strengths of world literary and world systems analyses with a cultural materialist approach the study offers unparalleled coverage of global links in Hardy's fiction engaging in addition with a range of dissenting responses at both formal and thematic registers to the British world system's exploitative structures Hardy's prose outputs reveal that the empire contrary to popular critical assumptions in postcolonial studies did not harmonise the classes genders or regions into a shared national imperial identity culture or destiny A major component of the study additionally includes comparative readings of the modern world system and imperial sociality in writings by Joseph Conrad H Rider Haggard Elizabeth Gaskell Rudyard Kipling David Livingstone and in Chartist poetry The book will be an invaluable resource to teachers students and enthusiasts working in the field of world literature and in Victorian postcolonial and settler colonial studies

*Cannibalism in Literature and Film* J. Brown, 2012-11-14 A comprehensive study of cannibalism in literature and film spanning colonial fiction Gothic texts and contemporary American horror Amidst the sharp teeth and horrific appetite of the cannibal this book examines real fears of over consumerism and consumption that trouble an ever growing modern world

*A familiar compound ghost* Sarah Annes Brown, 2017-06-01 *A Familiar Compound Ghost* explores the relationship between allusion and the uncanny in literature An unexpected echo or quotation in a new text can be compared to the sudden appearance of a ghost or mysterious double the reanimation of a corpse or the discovery of an ancient ruin hidden in a modern city In this scholarly and suggestive study Brown identifies moments where this affinity between allusion and the uncanny is used by writers to generate a particular textual charge where uncanny elements are

used to flag patterns of allusion and to point to the haunting presence of an earlier work *A Familiar Compound Ghost* traces the subtle patterns of connection between texts centuries even millennia apart from Greek tragedy and Latin epic through the plays of Shakespeare and the Victorian novel to contemporary film fiction and poetry Each chapter takes a different uncanny motif as its focus doubles ruins reanimation ghosts and journeys to the underworld

*Criminal Punishment and Human Rights: Convenient Morality* Adnan Sattar, 2019-03-05 This book examines the relationship between international human rights discourse and the justifications for criminal punishment Using interdisciplinary discourse analysis it exposes certain paradoxes that underpin the International Bill of Human Rights academic commentaries on human rights law and the global human rights monitoring regime in relation to the aims of punishment in domestic penal systems It argues that human rights discourse owing to its theoretical kinship with Kantian philosophy embodies a paradoxical commitment to human dignity on the one hand and retributive punishment on the other Further it sustains the split between criminal justice and social justice which results in a sociologically ill informed understanding of punishment Human rights discourse plays a paradoxical role vis vis the punitive power of the state as it seeks to counter criminalisation in some areas and backs the introduction of new criminal offences and longer prison sentences in others The underlying priorities it is argued have been shaped by a number of historical circumstances Drawing on archival material the study demonstrates that the international penal discourse produced during the late nineteenth and early twentieth century laid greater emphasis on offender rehabilitation and was more attentive to the social context of crime than is the case with the modern human rights discourse

*How Literary Worlds Are Shaped* Bo Pettersson, 2016-09-12 Literary studies still lack an extensive comparative analysis of different kinds of literature including ancient and non Western *How Literary Worlds Are Shaped A Comparative Poetics of Literary Imagination* aims to provide such a study Literature it claims is based on individual and shared human imagination which creates literary worlds that blend the real and the fantastic mimesis and genre often modulated by different kinds of unreliability The main building blocks of literary worlds are their oral visual and written modes and three themes challenge perception and relation They are blended and inflected in different ways by combinations of narratives and figures indirection thwarted aspirations meta usages hypothetical action as well as hierarchies and blends of genres and text types Moreover literary worlds are not only constructed by humans but also shape their lives and reinforce their sense of wonder Finally ten reasons are given in order to show how this comparative view can be of use in literary studies In sum *How Literary Worlds Are Shaped* is the first study to present a wide ranging and detailed comparative account of the makings of literary worlds

*Wild Things* Jack Halberstam, 2020-10-02 In *Wild Things* Jack Halberstam offers an alternative history of sexuality by tracing the ways in which wildness has been associated with queerness and queer bodies throughout the twentieth century Halberstam theorizes the wild as an unbounded and unpredictable space that offers sources of opposition to modernity's orderly impulses Wildness illuminates the normative taxonomies of sexuality against which radical queer

practice and politics operate Throughout Halberstam engages with a wide variety of texts practices and cultural imaginaries from zombies falconry and M NourbeSe Philip s Zong to Maurice Sendak s Where the Wild Things Are and the career of Irish anticolonial revolutionary Roger Casement to demonstrate how wildness provides the means to know and to be in ways that transgress Euro American notions of the modern liberal subject With Wild Things Halberstam opens new possibilities for queer theory and for wild thinking more broadly

**Magical Realism in Twenty-First-Century Transnational Fiction** D. Chichester, 2025-09-25 Magical Realism in Twenty First Century Transnational Fiction The Global Supernatural offers a much needed re evaluation of magical realism moving beyond traditional postcolonial frameworks to explore its vibrant evolution in the 21st century Analysing the works of contemporary authors like Helen Oyeyemi Mohsin Hamid Preeta Samarasan and Junot Diaz this book explores how magical realism has been adapted to depict the complex fluid identities and experiences of migrants and their children in a globalised world By employing the psychoanalytic concept of relationality it examines the intricate interplay between cultures beliefs and personal narratives Challenging outdated notions of magic versus realism this study reveals how the supernatural is used to express the disorientation paradox and trauma of transnational lives This book is essential for anyone seeking to understand the enduring creative power of magical realism *Bridging Worlds*

Joycee Kennedy, Carol J. McCarthy, 2015-12-22 With Bridging Worlds you will learn to uncover the roots of teenage problems the causes behind symptoms such as self destructiveness anger recklessness and violence Originally published in 1998 this title shows you how to develop treatment guidelines and thoughtful frames of reference that address the problems of teenage violence pregnancy truancy and delinquency It will help you detect when the reckless even frightening behaviour of adolescents is a cry for help and show you what you can do to defuse the situation make authentic and meaningful connections and offer valuable help

Hannah Arendt Simon Swift, 2008-10-06 Hannah Arendt s work offers a powerful critical engagement with the cultural and philosophical crises of mid twentieth century Europe Her idea of the banality of evil made famous after her report on the trial of the Nazi war criminal Adolf Eichmann remains controversial to this day In the face of 9 11 and the war on terror Arendt s work on the politics of freedom and the rights of man in a democratic state are especially relevant Her impassioned plea for the creation of a public sphere through free critical thinking and dialogue provides a significant resource for contemporary thought Covering her key ideas from The Origins of Totalitarianism and The Human Condition as well as some of her less well known texts and focussing in detail on Arendt s idea of storytelling this guide brings Arendt s work into the twenty first century while helping students to understand its urgent relevance for the contemporary world
