 Osterholzer, 2018-04-30 Lyrically written and profoundly told Kim Woodard Osterholzer s story embraced me on the first
 page and held me tight until the very last word Leslie Gould 1 bestselling and Christy award winning author Inspiring in the
 best of ways Stasi Eldredge New York Times bestselling author of Captivating Unveiling the Mystery of a Woman s Soul A
 master class in respectful woman centered midwifery Dr Sara Wickham author midwifery lecturer and consultant Kim
 Osterholzer a midwife who s caught over 500 babies since 1993 ushers readers behind the doors of Amish homes as she
 recounts her lively and life changing adventures learning the heart and craft of midwifery In A Midwife in Amish Country Kim
 chronicles the escapades of her nine year apprenticeship grappling with the joys and struggles of homebirth as she tags
 along with the woman who helped her birth her own children at home With drama and insight she recounts the beauty and
 painstaking effort of those early years spent catching babies next to crackling woodstoves under lantern light and in
 farmhouses powered by windmills for running water and with outhouses for bathrooms Some births kept her from home for
 days on end others she missed by heart pounding seconds Yet every birth enthralled her whether she was halting
 hemorrhages blowing air into tiny lungs or bouncing through wild rides in ambulances Too many times to count Kim
 stumbled home feeling overwhelmed and inadequate yet as she strained against her misgivings self doubts and seemingly
 insurmountable challenges those sacred moments transformed her into a woman of power and conviction Her experiences
 taught her the heart of true midwifery stroking smoothing wiping tidying nourishing comforting hearing encouraging
 validating and witnessing Slowly steadily Kim learned to play her part as midwife to the Amish women unflagging in their
 passion to welcome new lives and at last tried and tested took her rightful place among them *Ways of Knowing about*

HypnoBirthing, Fourth Edition Marie Mongan,2015-12-08 HypnoBirthing has gained momentum around the globe as a positive and empowering method of childbirth In fact more than 25 000 books were sold in 2014 through the author s website alone and according to Nielsen BookScan over 70 000 were sold through reporting retailers since its publication in 2005 Here s why HypnoBirthing helps women to become empowered by developing an awareness of the instinctive birthing capability of their bodies It greatly reduces the pain of labor and childbirth frequently eliminates the need for drugs reduces the need for caesarian surgery or other doctor controlled birth interventions and it also shortens birthing and recovery time allowing for better and earlier bonding with the baby which has been proven to be vital to the mother child bond What s more parents report that their infants sleep better and feed more easily when they haven t experienced birth trauma HypnoBirthing founder Marie Mongan knows from her own four births that it is not necessary for childbirth to be a terribly painful experience In this book she shows women how the Mongan Method works and how parents they can take control of the greatest and most important event of their lives So why is birth such a traumatic event for so many women And why do more than 40% of births now end in caesarian section the highest percentage in history The answer is simple because our culture teaches women to fear birth as a painful and unsettling experience Fear causes three physical reactions in the body tightening of the muscles reduced blood flow to the birthing muscles and the release of certain hormones which increase the pain and discomfort of childbirth This is not hocus pocus this is science
