Heart Of Awareness A Translation Of The Ashtavakra Gita:

The Heart of Awareness Thomas Byrom,1990 The Ashtavakra Gita conveys with beauty and simplicity the essential teachings of Advaita Vedanta the most influential of the Hindu philosophical systems Composed by an anonymous master of the school of the great sage Shankara it is a book of practical advice for seekers of wisdom as well as an ecstatic expression of the experience of enlightenment In this simple aphoristic version the translator conveys the clarity and lyricism of the Sanskrit original with fluency and precision **Ashtavakra Gita - The Heart of Awareness** Ashtavakra,2019-12-06 The Ashtavakra Gita or the Ashtavakra Samhita as it is sometimes called is a very ancient Sanskrit text Nothing seems to be known about the author though tradition ascribes it to the sage Ashtavakra hence the name There is little doubt though that it is very old probably dating back to the days of the classic Vedanta period The Sanskrit style and the doctrine expressed would seem to warrant this assessment The work was known appreciated and quoted by Ramakrishna and his disciple Vivekananda as well as by Ramana Maharshi while Radha krishnan always refers to it with great respect Apart from that the work speaks for itself It presents the traditional teachings of Advaita Vedanta with a clarity and power very rarely matched The Reverend John Henry Richards MA BD was an Anglican priest born in 1934 who was ordained a deacon in Llandaff in 1977 and a priest there in 1978 He served in Maesteg Cardiff Penmark and Stackpile Elidor until his retirement in 1999 and died in 2017 He is known for his English translations of the Ashtavakra Gita the Dhammapada and the Vivekachudamani which he put in the public domain and distributed on the Internet in 1994 The text used here is the one revised in 1996

For the Time Being Richard Quinney, 1998-08-27 This book from start to finish is a study in the passing of time And it is the passing of the writer in the course of time We who remain as readers you and I imagine another time and another place We then move on to what is to come next An artifact of a lived experience this is a document of a life lived in the course of a decade The writing the process of writing was part of the living In some cases the writing was the living and made the living possible Throughout the book are lines from W H Auden s oratorio poem titled For the Time Being As a mantra that runs through the book The time being is all the time we have It is the most trying time of all We seek daily to redeem it from insignificance Thus the attention given to this everyday life There is little concern here for the boundaries of disciplines An ethnography of human existence an existence itself beyond boundaries necessarily covers the territory of religion philosophy literature the environment visual arts music drama literary criticism sociology and the psychology of the self In other words disciplinary boundaries are broken and transcended Just as in real life just as in autobiographical ethnography Quinney ends this journey with a requiem a requiem for the living and the dead The hope is that one has lived a good life In some ways the requiem is a reprise of what has gone before It is a mediation of this life a reflection and a source for the life that remains Even as we live this moment a requiem is playing in the background A music that assures us that we live and a music that makes us grateful for this life This everyday wondrous life For the time being is everything
