A Tale of a Mother, Her Three Boys, and Their Dog Byron B. Oberst M.D. FAAP, 2012-11-05 This tale is one of the great romances of modern times and is accompanied by the many trials and tribulations endured by an average family It contains love pathos adventures travels and hardships which confronted an ordinary family and how they handled these situations There are many light and entertaining and some rather sad moments described in this Tale This is a story for light and entertainment reading

Small Scale Processes in Geophysical Fluid Flows Lakshmi H. Kantha, Carol Anne Clayson, 2000-08-07 While ocean waves are the most visible example of oceanic mixing processes this macroscale mixing process represents but one end of the spectrum of mixing processes operating in the ocean At the scale of a typical phytoplanktonic diatom or larval fish inhabiting these seas the most important mixing processes occur on the molecular scale at the scale of turbulence Physical biological interactions at this scale are of paramount importance to the productivity of the seas fisheries and the heat balance that controls large scale ocean climate phenomena such as El Niño and tornadoes This book grew out of the need for a comprehensive treatment of the diverse elements of geophysical fluid flow at the microscale Kantha and Clayson have arranged a logical exposition of the various mixing processes operating within and between the oceans and its boundaries with the atmosphere and ocean floor The authors intent is to develop a volume that would provide a comprehensive treatment of the fundamental elements of ocean mixing so that students academics and professional fluid dynamicists and oceanographers can access this essential information from one source This volume will serve as both a valuable reference tool for mathematically inclined limnologists oceanographers and fluid modelers Simple models of oceanic and atmospheric boundary layers are discussed Comprehensive and up to date review Useful for graduate level course Essential for modeling the oceans and the atmosphere Color Plates
