Micale, Robert L. Dietle, Peter Gay, 2000 Enriched by the methods and insights of social history the history of mentalities linguistics anthropology literary theory and art history intellectual and cultural history are experiencing a renewed vitality The far ranging essays in this volume by an internationally distinguished group of scholars represent a generous sampling of these new studies A History of Eastern Europe Robert Bideleux, Ian Jeffries, 2007-09-12 This welcome second edition of A History of Eastern Europe provides a thematic historical survey of the formative processes of political social and economic change which have played paramount roles in shaping the evolution and development of the region Subjects covered include Eastern Europe in ancient medieval and early modern times the legacies of Byzantium the Ottoman Empire and the Habsburg Empire the impact of the region's powerful Russian and Germanic neighbours rival concepts of Central and Eastern Europe the experience and consequences of the two World Wars varieties of fascism in Eastern Europe the impact of Communism from the 1940s to the 1980s post Communist democratization and marketization the eastward enlargement of the EU A History of Eastern Europe now includes two new chronologies one for the Balkans and one for East Central Europe and a glossary of key terms and concepts providing comprehensive coverage of a complex past from antiquity to the present day **The Oxford Handbook of Early Modern European History, 1350-1750** Hamish Scott, 2015-07-23 This Handbook

re examines the concept of early modern history in a European and global context The term early modern has been familiar especially in Anglophone scholarship for four decades and is securely established in teaching research and scholarly publishing More recently however the unity implied in the notion has fragmented while the usefulness and even the validity of the term and the historical periodisation which it incorporates have been questioned The Oxford Handbook of Early Modern European History 1350-1750 provides an account of the development of the subject during the past half century but primarily offers an integrated and comprehensive survey of present knowledge together with some suggestions as to how the field is developing It aims both to interrogate the notion of early modernity itself and to survey early modern Europe as an established field of study The overriding aim will be to establish that early modern is not simply a chronological label but possesses a substantive integrity Volume II is devoted to Cultures and Power opening with chapters on philosophy science art and architecture music and the Enlightenment Subsequent sections examine Europe beyond Europe with the transformation of contact with other continents during the first global age and military and political developments notably the expansion of state power

**Richard M. Nixon and European Integration** Joseph M. Siracusa, Hang Thi Thuy Nguyen, 2018-04-13 This book re-examines the Nixon administration's attitude and approach to the European integration project The formulation of US policy towards European integration in the Nixon presidential years 1969-1974 was conditioned by the perceived relative decline of the United States Western European emergence and competition the feared Communist expansionism and US national interests Against that backdrop the Nixon administration

saw the need to re evaluate its policy on Western Europe and the integration process on this continent Underpinning this study is the extensive use of newly released archival materials from the Nixon Presidential Library and Museum the Library of Congress and the State Department Furthermore the work is based on the public papers in the American Presidency Project and the materials on the topic of European integration and unification in the Archive of European Integration Finally the study has extensively used newspaper archives as well as the declassified online documents memoirs and diaries of former US officials Mining these sources made it possible to shed new light on the complexity and dynamism of the Nixon administration s policy towards European integration

**Transitions to Capitalism in Early Modern Europe** Robert S. Duplessis, 1997-09-18 Between the end of the Middle Ages and the Industrial Revolution the long established structures and practices of European agriculture and industry were slowly disparately but profoundly transformed Transitions to Capitalism in Early Modern Europe first published in 1997 narrates and analyzes the diverse patterns of economic change that permanently modified rural and urban production altered Europe s economy and geography and gave birth to new social classes Broad in chronological and geographical scope and explicitly comparative the book introduces readers to a wealth of information drawn from throughout Mediterranean east central and western Europe as well as to the classic interpretations and current debates and revisions The study incorporates scholarship on topics such as the world economy and women s work and it discusses at length the impact of the emergent capitalist order on Europe s working people

**The Military Revolution and Political Change** Brian Downing, 2020-12-08 To examine the long run

origins of democracy and dictatorship Brian Downing focuses on the importance of medieval political configurations and of military modernization in the early modern period He maintains that in late medieval times an array of constitutional arrangements distinguished Western Europe from other parts of the world and predisposed it toward liberal democracy He then looks at how medieval constitutionalism was affected by the military revolution of the early modern era the shift from small decentralized feudal levies to large standing armies Downing won the American Political Science Association's Gabriel Almond Award for the dissertation on which this book was based Britain, the Cold War and Yugoslav Unity, 1941-1949 Ann Lane, 2012-06-01 This work sets out to examine the policy of the British Foreign Office towards Yugoslavia and the Tito Government during and immediately following World War II It looks at the relationship between Yugoslavia and the Soviet Union and the effects on Soviet Western relations A History of Economic Thought in France Gilbert Faccarello, Claire Silvant, 2023-10-02 Traditionally there has been a long and sustained interest in studying the history of economic ideas in France Interest appeared to wane after World War II but in recent decades there has been a marked renaissance of interest and research in the contributions of French speaking authors Drawing on the flow of recent research this book presents a new assessment of the history of political economy in France incorporating both novel presentations of some traditional subjects and topics that are not usually studied This first volume deals with the history of political economy in France in the Age of Enlightenment After presenting a kind of review of the troops and some main developments inherited from preceding centuries the chapters are devoted to P de Boisguilbert's foundation of liberal political economy J Law's monetary theory and policy the many strands of commerce politique the theoretical developments of F Quesnay and the physiocratic movement and A R J Turgot's J J L Graslin's and M J A N Caritat de Condorcet's sensationist political economy The volume then examines some political critiques of liberal political economy and goes on with a study of the first attempts to quantify economic variables and to formalise the economic discourse It concludes with a chapter on the importance of translations into French of books published abroad and with the main institutional and theoretical developments which happened during the French Revolution A History of Economic Thought in France will be invaluable reading for advanced students and researchers of the history of economic thought political economy intellectual history and French history Freedom and the Construction of Europe: Volume 1, Religious Freedom and Civil Liberty Quentin Skinner, Martin van Gelderen, 2013-03-07 Freedom today perceived simply as a human right was a continually contested idea in the early modern period In Freedom and the Construction of Europe an international group of scholars explore the richness diversity and complexity of thinking about freedom in the shaping of modernity Volume 1 examines debates about religious and constitutional liberties as well as exploring the tensions between free will and divine omnipotence across a continent of proliferating religious denominations Debates about freedom have been fundamental to the construction of modern Europe but represent a part of our intellectual heritage that is rarely examined in depth These volumes provide materials for thinking in fresh ways not merely about the

concept of freedom but how it has come to be understood in our own time      General History of the Caribbean UNESCO Vol 2 NA NA,2019-06-12 Volume 2 of the General History of the Caribbean covers the evolution of Caribbean societies between 1492 and 1650 through the intrusion of Europeans and Africans This volume examines the early mining and planting in Espaniola privateers and contraband traders plantation societies extinction of indigenous populations and the beginning of the slave trade      **The Jews of Europe After the Black Death** Anna Foa,2000-11-19 Thoughtful provocative and lucidly written this is a remarkably successful attempt to reconstruct the history of the Jews of Europe in a comparative perspective Carlo Ginzburg author of The Cheese and the Worms
