Rubin, 1989 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com *The Soviet Union and the Strategy of Non-Alignment in the Third World* Roy Allison, 1988-12-15 This study investigates the overall Soviet conception of non alignment in the Third World and assesses Soviet policy in relation to this issue *The Soviet Union and Cold War Neutrality and Nonalignment in Europe* Mark Kramer, Aryo Makko, Peter Ruggenthaler, 2021-03-22 The Soviet Union and Cold War Neutrality and Nonalignment in Europe examines how the neutral European countries and the Soviet Union interacted after World War II Amid the Cold War division of Europe into Western and Eastern blocs several long time neutral countries abandoned neutrality and joined NATO Other countries remained neutral but were still perceived as a threat to the Soviet Union's sphere of influence Based on extensive archival research this volume offers state of the art essays about relations between Europe's neutral states and the Soviet Union during the Cold War and how these relations were perceived by other powers *Military Neutrality of Small States in the Twenty-First Century* Jelena Radoman, 2021-08-28 This book explores the factors that account for military neutrality as a security strategy for small states Through comparing the cases of Serbia and Sweden who have both come to define their security policies in identical terms of military neutrality non alignment the book introduces a novel conceptual framework that is built against existing knowledge found in the small states and military neutrality literature Drawing on different theoretical frameworks the model explains why certain small states choose to stay outside of military alliances in the twenty first century The author then applies the new model to the two selected case studies **Between Neutrality and Solidarity: Swiss Good Offices in Afghanistan from 1979 to 1992** Liliane Stadler, 2024-02-12 After 1979 Switzerland became increasingly involved in Soviet occupied Afghanistan as a provider of humanitarian aid and good offices It delivered aid to the region hosted Soviet prisoners of war and eventually mediated between the Afghan regime and the mujahideen What is puzzling about this development is that initially following the Soviet invasion both government and parliament refused to become diplomatically involved in Afghanistan on account of Swiss neutrality The present study investigates how and why this changed between 1979 and 1992 While the practical impact of Switzerland's good offices was modest the crisis revealed that Switzerland continued to struggle to balance the competing imperatives of permanent neutrality and international solidarity in an increasingly multilateral world **The European Neutrals In The 1990s** Hanspeter Neuhold, 2019-07-09 This book presents the work of leading experts from Austria Finland Sweden and Switzerland on the changing opportunities and challenges faced by the neutral states of Europe It outlines some of the political changes that have recently taken place in the Soviet Union and Eastern Europe *The American Conception of Neutrality After 1941* J. International Politics in Europe G. Wyn Rees, 2002-09-11 Throughout much of Europe the preoccupation with military security that dominated political thinking after the end of the Second World War has given way to an emphasis upon mutual interdependence But what does this mean both theoretically and practically terms of a new agenda The focus of this book is upon four main issues economic development security the environment human rights These are of course not in themselves new issues but during the period of the Cold War they were subordinated to the ideological division of the continent Now they have emerged as decisive in the way in which Europe will develop The authors examine the four issues in depth and draw out the links between them They also examine the various levels at which these problems exist the level of the system of the state and of the individual Thus it is possible for them to illustrate general issues with specific reference to local national and Europe wide political debates
