

Evaluative semantics and ideological positioning in journalistic discourse – a new framework for analysis

(White, P.R.R., 2006, "Evaluative semantics and ideological positioning in journalistic discourse – a new framework for analysis", in *Mediating Ideology in Text and Image: ten critical studies*, Lassen, I. (ed.), John Benjamins, Amsterdam: 37 – 69)

Introduction

I take as my starting point for this paper the view that, contrary to any claims to 'objectivity' on the part of the media industry, news reporting is a mode of rhetoric in the broadest sense of the word – a value laden, ideologically determined discourse with a clear potential to influence the media audience's assumptions and beliefs about the way the world is and the way it ought to be. This rhetorical and ultimately ideological potential has now been so widely demonstrated in the literature that it hardly needs to be argued for. (See, for example, Trew 1979, Hartley 1982, Fairclough 1988, Bird & Dardenne 1988, Herman & Chomsky 1988, Fisk 1989, Fowler 1991, Ericson & Baranek 1991, Parenti 1993, Eldridge 1993, Iedema, Feez & White 1994, Fairclough 1995, White 1997, White 2000).

It is not the case, however, that all instances of news reporting are created equal, so to speak, in this ideological functionality of endorsing, perpetuating and making seem natural particular systems of value and belief. Close observation of individual news items reveals substantial variation in rhetorical functionality not only according to differences in intended audience (for example between tabloids and broadsheets), but also according to differences in medium (print versus broadcast) and even differences in subject matter (for example, politics, versus court reporting versus police rounds.). A key aspect of this rhetorical and ultimately ideological functionality is evaluation – the text's positioning of its audience to take either negative or positive negative views of the participants, actions, happenings and state-of-affairs therein depicted. It is via such evaluative positionings, of course, that the media constructs a particular model of the social and moral order – a model of what is normal and aberrant, beneficial and harmful, praiseworthy and blameworthy, and so on.

My purpose in this paper is to offer a new framework by which fuller, more theoretically principled accounts can be provided of this evaluative aspect of news reporting and how it is that individual news items may vary in the evaluative mechanisms they employ and hence in their ultimate ideological effects. In outlining this framework I will be relying to a substantial extent on the work over the past decade or so by a group of researchers working within what is known as appraisal theory. This network of researchers operates largely within the paradigm of Systemic Functional Linguistics (see for example, Halliday 1994, Martin 1992 or Matthiessen 1995) and is working to extend the systemic functional analysis of interpersonal meanings in order to provide a fuller account of the resources evaluation and stance. (See for example, Iedema et al. 1994, Christie & Martin 1997, Martin 2000, White 2002a/b, Macken-Horarik & Martin, J.R. 2003, Martin & White, in press). This appraisal framework proposes three broad sub-domains of evaluative meaning: values

Evaluative Semantics:

Evaluative Semantics Jean Pierre Malrieu, 1999 Evaluation from connotations to complex judgements of value is probably the most neglected dimension of meaning Calling for a new understanding of truth and value this book is a comprehensive study of evaluation in natural language at lexical syntactic and discursive levels Jean Pierre Malrieu explores the cognitive foundations of evaluation and uses connectionist networks to model evaluative processes He takes into account the social dimension of evaluation showing that ideological contexts account for evaluative variability A discussion of compositionality and opacity leads to the argument that a semantics of evaluation has some key advantages over truth conditional semantics and as an example Malrieu applies his evaluative semantics to a complex Shakespeare text His connectionist model yields a mathematical estimation of the consistency of text with ideology and is particularly useful in the identification of subtle rhetorical devices such as irony

Mediating Ideology in Text and Image Inger Lassen, Jeanne Strunck, Torben Vestergaard, 2006-01-01 While ideology has been treated widely in CDA literature the role played by the interaction of text and image in multiplying meaning and furthering ideological stances has not so far received a lot of attention Mediating Ideology in Text and Image offers a number of approaches to such analysis offering students and academics valuable tools for identifying possible discrepancies between the world and the way it is represented through various mediational means The authors common aim is one of assisting the audience in reading between the lines thus offering a variety of approaches that may contribute to a better understanding of how ideologies possibly work and how they may be denaturalised from text and image The articles in part I look at rhetorical strategies used in meaning construction processes unfolding in various kinds of mass media Part II focuses on the re-semiotization of meaning and looks at how analysing the combination of text and image may contribute to a better understanding of ideological processes brought about by multimodal resources Foreword by Ruth Wodak VI.

Evaluative Semantics Introduction

In the digital age, access to information has become easier than ever before. The ability to download Evaluative Semantics has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Evaluative Semantics has opened up a world of possibilities. Downloading Evaluative Semantics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Evaluative Semantics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Evaluative Semantics. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Evaluative Semantics. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Evaluative Semantics, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Evaluative Semantics has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Evaluative Semantics Books

What is a Evaluative Semantics PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Evaluative Semantics PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Evaluative Semantics PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF.
