Day Trading: From Beginner to Pro with Day Trading Made Easy Automated Software James Viscuglia II, 2025-04-13 Day trading is a skill but in today s markets speed matters more than ever After 14 years in the trenches I came to a realization no human no matter how experienced can consistently out trade a machine designed to read the market in milliseconds That s why we built Trading Made Easy Everything you ve learned in this book from understanding price action to managing risk sets the foundation But mastering day trading isn t just about learning technical It s about knowing when to let go and let automation take over The markets don t care about your emotions and that s why most traders fail With automated trading you get discipline built into the system It doesn t hesitate It doesn t panic It sticks to the strategy every single time without exception I ve seen traders go from frustrated to free They trade 10 minutes a day Some just let it run and check back later They have their lives back That s the difference between struggling on your own and mastering trading through automation You ve read the steps Now it s time to take action Would you like me to continue and complete the next 6 7 pages or focus on one section at a time e g bio credits company profile next Mastering the Basics to Letting the Software Work for You Day trading is often seen as a high stress high stakes grind And for many it is Most traders spend years learning burning through

accounts chasing strategies switching indicators and second guessing themselves You've built a foundation most traders never achieve But that's just the beginning Real success in modern day trading isn't in beating the markets with brainpower it's in using tools that are faster and smarter than any human could be Why I Chose Automation I wanted freedom Trades on 30 second candles something no human can consistently do Built in trend recognition that adjusts in real time Entry and exit speeds faster than any manual click Emotionless execution never overtrades never second guesses Designed for beginners used by professionals This is not just software it's a shift in mindset You're no longer trying to outthink the market You're letting the machine work for you You're finally operating as a trading business not a gambler not a guesser Final Words From Mastering the Basics to Letting the Software Work for You Most traders spend years learning burning through accounts chasing strategies switching indicators and second guessing themselves I lived that life for nearly a decade What You've Learned I wanted a system that trades while I go enjoy life not the other way around A system that reads the market in milliseconds trades on 30 second candlesticks and follows logic not fear not greed That's how Trading Made Easy was born Our global community across 10 countries who believed in the vision The development team behind the Q1 Software The clients who shared their success stories in our webinars My family especially Anastasia for being the reason behind this journey I wrote this book for you James Viscuglia is a 14 year veteran of the futures day trading industry Starting in manual trading he transitioned into building automation after realizing that emotion and delay were the two biggest reasons traders fail Daily live webinars Full installation and training Subscription based licensing Direct access to support and coaching Software for ES NQ CL and more

Day Trading for Beginners Giovanni Rigters, 2019-05-08 Who wants to wait decades before they can enjoy the fruits of their labor Why invest in boring companies that take forever to make you wealthy There is a faster way to make money and enjoy a lavish lifestyle This is where day trading comes to the forefront Many self-determined and confident day traders have made millions in the stock market They are their own boss decide when and where they work and can take vacations when they feel like it without having to request it Day traders can make thousands to tens of thousands of dollars in matter of minutes or hours in a day Multiply those figures over a yearly period and it is very clear to see why this lucrative venture peaks the interest of many investors The stock market presents frequent opportunities for investors to make big money

Advanced End of Day Trading J.R. Calcaterra, 2016-09-19 Advanced End of Day Trading is the truth of what happens in real life in real time and in real money in the live markets every day There are no short cuts and you must do the time if you want to drive your own money train I try to keep the explanations clear concise simple and uncomplicated Advanced End of Day Trading gives you substantial value and is going to be the foundation of your advanced trading education The market is not a big secret and all of the information you need to make a trading decision is right out in the open If you know where to find the information and know what to look for you can and will make some money every day in the market provided you are looking at the right information and trading with and against the right people Advanced End

of Day Trading can help you keep it simple and filter the huge amount of information out there down to only what you need to know right away and then can work towards adding more information and studies as you go My philosophy is to start small and build on success have limited exposure while you hone your skills then progress as you become more competent and begin using the advanced principles in Advanced End of Day Trading The trading business is no joke I always say there are people in the live market who will walk over dead bodies to get paid and make money so make no mistake they are in there to take all of your money They see you and they know what mistakes you are going to make over and over and over again this is how they get paid Ask yourself this question do I want to be the paying or do I want to be the one who gets paid Using the advanced principles in Advanced End of Day Trading can help you to become consistently profitable in a shorter period of time provided you understand the foundation principles of how supply and demand trading works

Beginners Guide to Self-Directed Day Trading Joe Corrado, Everyone has to start somewhere in the business of making money with money. You must have the right information from the very first day if you want to become successful in this business. You don't need to know everything all at one time, nor could you, and you certainly don't have to learn how to trade every asset class there is. You don't need to become an expert in every conceivable aspect of trading. You should concentrate on becoming a specialist versus being a generalist. Beginners Guide to Self-Directed Day Trading is short; it takes the complexities of learning financial market trading and pares

it down to the essentials It does not have to be long to give you the basic information you need to actually make money investing and trading It is all up to you though to take the information provided here and act on it with a vengeance if you want to make money right away once you begin trading live with real money You will be a better and more prepared trader after reading Beginners Guide to Self Directed Day Trading Beginners Guide to Self Directed Day Trading has some powerful information in it to guide the beginner investor and trader to the easiest way to reduce the long learning curve there can be in the business of making money with money I wrote Beginners Guide to Self Directed Day Trading for all the new and upcoming aspiring self directed day traders swing traders and investors who are coming into the business and have zero or very limited knowledge so they won t have to waste valuable learning time and money The details in Beginners Guide to Self Directed Day Trading will give you all of the information to get started making money right away and is an excellent book for brand new beginners in trading and investing If you are looking to learn more about investing and trading from scratch Beginners Guide to Self Directed Day Trading is your start If you don t have much investment experience or are struggling this is probably the book you should start with Beginners Guide to Self Directed Day Trading is clearly geared towards readers who are responsible adults who are looking at self directed investing seriously for the first time on their own who have no knowledge or information on where to start Beginners Guide to Self Directed Day Trading gives you the only beginner information you will ever need to make real money in the live markets for the rest of your life if you follow what it says in here You will have a lifelong skill that will enable you to make money anywhere anytime you like anyplace in the world there is WIFI Isn t that the kind of business you would love to be in [Day Trading For Beginners](#) Michael Branson,2020-02-08 Understanding how financial markets work is crucial to making sure that global and economic markets are stable Market participants traders vary due to their capital endowment financial motivation and the type of trading activity Each activity is also subject to different regulations depending on how sensitive it is and the country that it is based One of the trading strategies that many traders have come to love is day trading This is a process whereby you buy and sell stocks on the same trading day This is different from other types because the trading activity continues even after the marketing hours have closed Traders that buy and sell using this method of trading are called day traders The time allows you to run dozens of trades in a single day or run a single trade You might decide to buy a stock the first day and then sell it the next day that is if you realize that selling the same day might not prove profitable The standard practice is for traders to close trades at the end of the day Trades usually last a few minutes or seconds These traders do this because they want to avoid any risks that arise out of price gaps between the closing price on the day of buying the stock and the opening price of the next day Just like any other day these traders make quick profits and also quick losses in such a short period of time The good thing is that day trading gives you a chance to make decisions based on analysis of patterns Day traders study the general market and the price and volume movement of the stocks They then use fundamental and technical analysis to keep

themselves abreast with the latest news items in order to make the right decisions With the right decisions come better profits and satisfaction from all you do on the market
