*Geography of the Soul* C. Welton Gaddy, 1994 Life experiences take us on much the same journey Jesus traveled during His time on earth Our walk can be traced through a spiritual geography that underscores the parallels between our lives and His a geography of the soul This book is brimming with rich descriptions of the places where Jesus lived worked struggled and triumphed and brings them forward into the modern world to show how they resonate in each of us today **Setting**

**the Soul : a Geography of Spiritual Dislocation** Patricia Peters, 2019 *Embracing Soul Care* Stephen W. Smith, Enables individuals to find a deeper sense of self by nurturing their souls focusing on relationships spiritual and personal growth healing and living out God's purpose for their lives Original **Landscapes of the Soul** Douglas V.

Porpora, 2003-10-09 Do you believe in God Nine out of ten Americans unhesitatingly answer yes But for Douglas Porpora the real questions begin where pollsters leave off What he asks does religious belief actually mean in our lives Does it shape our identities and our actions Or despite our professions of faith are we morally adrift *Landscapes of the Soul* paints a disturbing picture of American spiritual life In his search for answers to his questions Porpora interviewed clerks and executives Jews evangelical Christians Buddhists Taoists and even followers of Bhagwan Sri Rajneesh He asked them about God and about what they saw as their own place in the universe What he found was a widespread inability to articulate any grand meaning of life We lack heroes to inspire us We lack a sense of calling of transcendent purpose in our existence Many of us seem incapable of caring deeply about the suffering of others Our society is permeated with moral indifference Yes we are a believing people but God is often a distant abstraction and rarely an emotional presence in our lives Only such an emotional connection Porpora argues can be the basis of a genuine moral vision Our emotional estrangement from God and the sacred keeps us from caring about social justice keeps us from wanting to change the world keeps us enclosed in our own private worlds *Landscapes of the Soul* is a passionate call to broaden our spiritual and moral horizons to raise our eyes to the greater reality that unites us all **A Soul's Journey, Part 1 the Blue Island** Marcia M. Clark, 2012-11 Able to see spirits or Spirit

People at an early age Marcia's first work is a memoir of her early years and of her longtime spirit companion Sammy Telling a story set in Bonnybridge Scotland in the 1950s Marcia paints a vivid picture of growing up in a family of ten in which it was natural for her to have playmates that her family sometimes couldn't see Much of her early life would later set the stage for her successful career as a medium Marcia recounts raucous adventures with her friends and family accidentally becoming the leader of a girl fight gang enduring a mishap with hair rollers coming into early adulthood and working through school all with a mischievous best friend who had a habit of playing pranks and of being unseen Through it all Marcia spins her story with frank honest humour and a refreshingly grounded perspective **Cultural Complexes of Latin America** Thomas Singer, 2023-12-01 *Cultural Complexes of Latin America* South and the Soul explores the theory and embodied reality that cultural complexes are powerful determinants in the attitudes behaviour and emotional life of individuals and groups The

contributing authors all from several Latin American countries present compelling historical anthropological sociological mythological psychological and personal perspectives on a part of the world that is full of promise and despair Latin America is a region marked with psychic fault lines that cause disturbances in its populations on issues of social class ethnicity race religion gender and even geography Many of these fault lines appear to have their origins in the basic fault that occurred with the conquest and colonization of the region primarily by the Spanish and Portuguese This basic fault and its subsequent fault lines reside not only in various groups that compete for status power wealth and meaning but in the psyche of every Latin American individual who carries the emotional memories and scars of conflicts that have coursed through their mixed blood for generations

**The Soul-Catcher's Calling** Nigel J. Jamieson LLD,2020-01-08 There are hot spots sink holes and hell holes all over the earth They move around a bit Baghdad in Iraq has been often a hot spot Kabul in Afghanistan is another Then there s the sink hole of Tehran in Iran together with the recently war torn Damascus in Syria Don t blame the places nor even the folks New York in the USA London in the UK and Brussels in the EU are no different for being sometimes politically sinking hot spots or terrorist targeted hell holes In terms of prophetic history a welter of the world s biggest cities are everyday battlegrounds from which governmental academics compartmentalise their own specialist solutions Most of these solutions whether military or civic fall so far short of the cosmic solution as to escalate the existing state of world disorder Sure enough without a barebones history of hell there s no point to fixing up hell holes Without the briefest history of heaven it s also pointless to shore up sink holes And as for the world s hot spots you have to look as deep into the souls of the good guys as you do into the souls of the bad guys But you can t just walk off from compartmentalising a problem and expect it to sort itself out For a workable solution you ve got to bring back all the component parts together again that you first took apart and make them work together That s exactly why this Soul Catcher s Calling stops at nothing short of dealing with all things both under the sun and beyond the sun Soul catching is a military operation at first under command and then undertaken entirely by personal commitment All such tours of duty overseas will be carefully monitored and guided by the most experienced of guardian angels However perilous the front line travel none who seriously commit themselves to this soul catching operation shall get left behind
