**Post-Soviet Geography and Economics**, 1996 The World Competitiveness Yearbook, 1997 **Managing Information**, 1997 Consumer Behaviour Michael R. Solomon, Gary J. Bamossy, Gary Bamossy, Søren Askegaard, 1999 Intended for European students this work presents the issues illustrative examples data and research concerning European consumer markets and behaviour while retaining material from the US and covering the other major global markets The text utilizes a five part wheel structure which moves from the micro to the macro level It expands in focus and coverage from individual consumers and their internal dynamics through group and household consumption decisions to larger social structures sub cultures and finally mass cultures consumption activities Economics and Politics of Europe Karl H. Ferthold, 2008 The European Union is running at a fast pace in the area of economic growth This book examines the inside details of Europe's expansion ranging from policy to exchange rates to employment and unemployment to public opinion

**Post-Soviet Geography**, 1996 Development with Sustainable Use of Electricity Jørgen S. Nørgård, Adam Gula, A. de Almeida, 2012-12-06 The rather young field of research into electricity savings is attracting increasing attention since low electricity consumption is a vital component of environmentally sustainable development The potential benefits from using less electricity without sacrificing quality of life are immense as the book shows with case studies from Eastern and Western Europe and the USA Saving electricity means that the expense of constructing scores of power plants can be saved and that their economic and environmental impact will vanish Audience Can be read with profit by any graduate Suitable as a

reference work for Master s and Doctoral students as well as for others working on environmental issues in general and electricity savings in particular

**Overeducation in Europe** the late Felix Büchel,Andries de Grip,Antje Mertens,2003-01-01 Overeducation is one of the most important mechanisms for labor market adjustment when there is an excess supply of high skilled workers However there is much debate about the consequences of this phenomena and the short and long term effects for both the overeducated worker and the economy as a whole This book contributes to our understanding of recent developments in the research on overeducation by providing a detailed overview of the pertinent theoretical and policy issues
