Olukoshi,Lennart Wohlgemuth,1997 This publication is an outcome from a seminar in Abidjan in 1997 with the aim to explore the problems and prospects for the establishment of a new partnership between Sweden and Africa The seminar was attended by scholars development bankers government officials and civil society activists from all parts of sub Saharan Africa and development cooperation officials and academics from Sweden and the other Nordic countries *Evaluation of Swedish Development Cooperation with Zambia* ,1994 **Project Evaluation in Development Cooperation** Mikiko Cars,2006

Long Term Perspectives in Evaluation Kim Forss,Ida Lindkvist,Mark McGillivray,2020-09-08 Long Term Perspectives in Evaluation is the first book to advocate the virtues of a long term perspective for policy evaluation as well as to show how evaluations can take a longer time perspective than they usually do To get there it is necessary to understand the decision making context of evaluations and study the obstacles and the resistance toward long term perspectives as knowledge of that will lay the ground for more effective advocacy The book is divided into three parts the first section examines different aspects of methodology and methods In the next section authors present case studies of long term evaluations examine their own experiences of such evaluations and discuss difficulties challenges and lessons learned Cases discussed include education sector reforms in Sweden local governance reforms in Denmark policy interventions in Southern Italy and Brazil and Paris Declaration Principles of aid effectiveness such as Swedish aid to Tanzania Vietnam Laos and Sri Lanka Finally the third section sees the authors turn to a set of contextual issues and concluding remarks Bringing together a rich collection of insights and a renowned group of experts Long Term Perspectives in Evaluation Increasing Relevance and Utility constitutes a significant landmark in the field *Foreign Aid in Africa* Jerker Carlsson,Gloria Somolekae,Nicolas Van de Walle,1997 This volume reports on the findings of an international research project on aid effectiveness in Africa **Dams as Aid** Ann Danaiya Usher,2005-08-18 Dams As Aid brings together key issues in the aid environment development debate Through her examination of dams Usher sheds light on wider issues of the political economy of aid Detailed analysis of dams and aid case studies are included particularly on Nordic dams which provide most graphic illustrations and these detailed case studies are located within a broad comparative and theoretical perspective Towards a New Partnership with Africa Steve Kayizzi-Mugerwa,Adebayo O. Olukoshi,Lennart Wohlgemuth,Nordiska Afrikainstitutet,1998 This book is part of a study on future relations between Sweden and Africa and contains a selection of papers which served as background material to the debate at a conference in 1997 with scholars and policymakers from both Africa and Sweden **Foreign Aid, Debt, and Growth in Zambia** Per-Åke Andersson,Arne Bigsten,Håkan Persson,2000 A study which discusses the structural problems in Zambia and the policies of adjustment that have been tried It also analyses the impact of various strategies with regard to

external resource transfers The results show that the scope for growth is highly dependent on the tightness of the external resource constraint and that debt service tends to dominate the policy making **Aid and Reform in Africa** Shantayanan Devarajan,David Dollar,Torgny Holmgren,2001-01-01 Finally when the country enters the second generation of reforms such as public sector institutional reform short term conditionality based aid can once again be harmful by reducing ownership participation and sustainability of the reform process BOOK JACKET **From Crisis to Growth in Africa** Mats Lundahl,2005-07-05 This book is concerned with the problem of achieving sustained economic growth in thirteen African countries Structural adjustments designed to remove imperfections have made it difficult for the market system to work optimally **The African Economy** Steve Kayizzi-Mugerwa,2002-01-04 This book offers an in depth analysis of the current state of the African economy and makes constructive suggestions about its future direction The contributors argue that despite enduring challenges such as food security and employment creation Africa faces a brighter future in sustainable growth provided that governance and policy making are effectively employed to maintain peace achieve greater regional collaboration and encourage private sector competitiveness *Themes in International Economics* Mats Lundahl,2018-12-07 First published in 1998 this collection of essays deals with four different areas of international economics the theory of international trade trade and development protectionism and factor movements notably migration and foreign aid These themes explore the determinants of trade patterns the relation between these patterns and those of underdevelopment and development the failure of protectionism to increase welfare and finally the impact of emigration on the source country and that of foreign aid on the recipient country **Agencies in Foreign Aid** Goran Hyden,Rwekaza Mukandala,1999-06-03 In contrast to the bulk of the literature on foreign aid which deals with it as an instrument of foreign policy or focuses on problems of implementation this book examines the role of the aid agencies themselves from a recipient s perspective and provides longitudinal as well as comparative analysis The principal aid agencies of China Sweden and the United States began their operations in Tanzania simultaneously in the early 1960s but from very different ideological premises Nonetheless they all fell into operational traps that have limited the effectiveness of their contributions to Tanzanian development The editors draw lessons about how foreign aid if it is going to continue needs to be reformed at the agency level **Crisis, Adjustment and Growth in Uganda** Arne Bigsten,Steve Kayizzi-Mugerwa,1999-06-23 Uganda in the 1970s and early 1980s was one of Africa s more tragic economic stories Emerging from civil war it had to embark on reform in the early to mid 1980s from a position of severe political weakness In the study the effects of economic policy at the aggregate level are discussed in detail but snapshot empirical analyses of responses at the household level both urban and rural are also presented Uganda was for many years considered to be Africa s worst case its recent recovery thus provides hope for similar countries in the region **Tanzania** Christopher Adam,Paul Collier,B. J. Ndulu,2017 This volume examines key policy challenges facing Tanzania over the coming decades in the areas of agriculture trade urbanization employment

finance and natural investment *The Case of the Partnership Between the Tanzanian Government and the Nordic Countries* S. M. Wangwe,1998 Foreign Aid: New Perspectives K. L. Gupta,2012-12-06 Foreign aid has been an area of active scholarly investigation since the end of the Second World War but particularly since the early 1950s when a large number of the erstwhile colonies became independent Few areas of public policy involving the developed and developing countries have aroused more passion and ideological debate than foreign aid In spite of the massive amount of research in the field there is still not enough work in two areas the first involves the mechanisms through which aid influences the economies of the donor and the recipient countries and the second country specific assessments of the effectiveness of foreign aid Foreign Aid New Perspectives is aimed at making a contribution in these two areas The contents of this volume are divided into four parts Part I deals with some theoretical aspects of foreign aid while the second part analyzes some general policy aspects Part III turns to the donor experience and includes one paper on the Danish experience The last part considers the recipient experience and consists of five case studies **Resource Assessment and Land Use Planning in Tanzania** International Institute for Environment & Development,1993
