Evangelicals And Scripture Tradition Authority And Hermeneutics:

Evangelicals & Scripture Vincent Bacote, Laura C. Miguélez, Dennis L. Okholm, 2004 By definition a high view of Scripture inheres in evangelicalism However there does not seem to be a uniform way to articulate an evangelical doctrine of Scripture Taking up the challenge Vincent Bacote Laura Miguélez and Dennis Okholm present twelve essays that explore in depth the meaning of an evangelical doctrine of Scripture that takes seriously both the human and divine dimensions of the Bible Selected from the presentations made at the 2001 Wheaton Theology Conference the essays approach this vital subject from three directions Stanley J Grenz Thomas Buchan Bruce L McCormack and Donald W Dayton consider the history of evangelical thinking on the nature of Scripture John J Brogan Kent Sparks J Daniel Hays and Richard L Schultz address the nature of biblical authority Bruce Ellis Benson John R Franke Daniel J Treier and David Alan Williams explore the challenge of hermeneutics especially as it relates to interpreting Scripture in a postmodern context Together these essays provide a window into current evangelical scholarship on the doctrine of Scripture and also advance the dialogue about how best to construe our faith in the Word of God living and written that informs not only the belief but also the practice of the church

Interdisciplinary Perspectives on the Authority of Scripture Carlos R. Bovell, 2011-09-01 A bold and high quality reflection on how to hold a high view of Scripture once the notion of infallibility is performed given up *The Cambridge Companion to Evangelical Theology* Timothy Larsen, Daniel J. Treier, 2007-04-12 Evangelicalism a vibrant and growing expression of historic Christian orthodoxy is already one of the largest and most geographically diverse global religious movements This Companion first published in 2007 offers an articulation of evangelical theology that is both faithful to historic evangelical convictions and in dialogue with contemporary intellectual contexts and concerns In addition to original and creative essays on central Christian doctrines such as Christ the Trinity and Justification it breaks new ground by offering evangelical reflections on issues such as gender race culture and world religions This volume also moves beyond the confines of Anglo American perspectives to offer separate essays exploring evangelical theology in African Asian and Latin American contexts The contributors to this volume form an unrivalled list of many of today's most eminent evangelical theologians and important emerging voices **The Oxford Handbook of Evangelical Theology** Gerald R. McDermott, 2013-12 This

volume surveys the state of the discipline on topics of greatest importance to evangelical theology The authors critically assess the state of the question from both classical and evangelical traditions and propose a future direction for evangelical thinking on the subject Résumé de l'auteur **Evangelicals Incorporated** Daniel Vaca, 2019-12-03 A new history explores the commercial heart of evangelical Christianity American evangelicalism is big business For decades the world's largest media conglomerates have sought out evangelical consumers and evangelical books have regularly become international best sellers In the early 2000s Rick Warren's *The Purpose Driven Life* spent ninety weeks on the New York Times Best Sellers list and sold more than thirty million copies But why have evangelicals achieved such remarkable commercial success According

to Daniel Vaca evangelicalism depends upon commercialism Tracing the once humble evangelical book industry's emergence as a lucrative center of the US book trade Vaca argues that evangelical Christianity became religiously and politically prominent through business activity Through areas of commerce such as branding retailing marketing and finance for profit media companies have capitalized on the expansive potential of evangelicalism for more than a century Rather than treat evangelicalism as a type of conservative Protestantism that market forces have commodified and corrupted Vaca argues that evangelicalism is an expressly commercial religion Although religious traditions seem to incorporate people who embrace distinct theological ideas and beliefs Vaca shows members of contemporary consumer society often participate in religious cultures by engaging commercial products and corporations By examining the history of companies and corporate conglomerates that have produced and distributed best selling religious books bibles and more Vaca not only illustrates how evangelical ideas identities and alliances have developed through commercial activity but also reveals how the production of evangelical identity became a component of modern capitalism

Karl Barth and the Future of Evangelical Theology Christian T Collins Winn, John L Drury, 2017-09-28 The theology of Karl Barth has often been a productive dialogue partner for evangelical theology but for too long the dialogue has been dominated by questions of orthodoxy Karl Barth and the Future of Evangelical Theology contributes to the conversation through a creative reconfiguration of both partners in the conversation neither of whom can be rightly understood as preservers of Protestant orthodoxy Rather American evangelicalism is identified with the revivalist forms of Protestantism that arose in the post Reformation era while Barth is revisited as a theologian attuned both to divine and human agency In the ensuing conversation questions of orthodoxy are not eliminated but subordinated to a concern for the life of God and God's people By offering an alternative to the dominant constraints this book opens up new avenues for fruitful conversation on Barth and the future of evangelical theology

A High View of Scripture? (Evangelical Ressourcement) Craig D. Allert, 2007-06-01 Word Guild 2008 Writing Award Biblical Studies Where did the Bible come from Author Craig D Allert encourages more evangelicals to ask that question In A High View of Scripture Allert introduces his audience to the diverse history of the canon's development and what impact it has today on how we view Scripture Allert affirms divine inspiration of the Bible and in fact urges the very people who proclaim the ultimate authority of the Bible to be informed about how it came to be This book the latest in the Evangelical Ressourcement series will be valuable as a college or seminary text and for readers interested in issues of canon development and biblical authority

Has God Said? John Douglas Morrison, 2006-03-01 Has God said Has God actually spoken declared himself and his purposes to us Historically the Christian faith has affirmed God's redemptive revelatory speaking as historical contentful redemptive centrally in Jesus Christ and under Christ and by the Spirit in the text of Holy Scripture But in the past three centuries developments in Western culture have created a crisis in relation to historical divine authority The modern reintroduction of destructive dualisms cosmological and epistemological via Descartes Newton Spinoza

and Kant have injured not only the physical sciences e g positivism but Christian theology as well The resulting eclipse of God has permeated Western culture In terms of the Christian understanding of revelation it has meant the separation of God from historical action the rejection of God s actual self declaration and especially in textual form Holy Scripture After critical analysis of these dualistic developments this book presents the problematic effects in both Protestant Schleiermacher Bultmann Tillich and Roman Catholic Rahner Dulles theology The thought and influence of Karl Barth on the nature of Scripture is examined and distinguished from most Barthian approaches The effects of dualistic Barthian thought on contemporary evangelical views of Scripture Pinnock Fackre Bloesch are also critically analyzed and responses made Helm Wolterstorff Packer The final chapter is a christocentric multileveled reformulation of the classical Scripture Principle via Einstein Torrance and Calvin that reaffirms the church s historical identity thesis that Holy Scripture is the written Word of God a crucial aspect of God s larger redemptive revelatory purpose in Christ

The Lost World of Scripture John H. Walton, Brent Sandy, 2013-11-01 Walton and Sandy summarize what we know of orality and oral tradition as well as the composition and transmission of texts in the ancient Near East and the Greco Roman world and how this shapes our understanding of the Old and New Testaments The authors then translate these insights into a helpful model for understanding the reliability of Scripture

Inerrancy and the Spiritual Formation of Younger Evangelicals Carlos R. Bovell, 2007-03-01 In *Inerrancy and the Spiritual Formation of Younger Evangelicals* readers are urged to consider their pastoral responsibilities toward students Evangelical leaders and teachers in particular should be more sensitive to the fact that not all younger evangelicals are convinced of the Bible s inerrancy Some are earnestly searching for an orthodox alternative but in the process becoming spiritually unravelled As responsible shepherds of God s people evangelical leaders must better understand the negative effect of presenting inerrancy as a doctrine crucial for faith

Canonical Theology John Peckham, 2016-11-27 What are the roles of canon and community in the understanding and articulation of Christian doctrine Should the church be the doctrinal arbiter in the twenty first century In *Canonical Theology* John Peckham tackles this complex ongoing discussion by shedding light on issues surrounding the biblical canon and the role of the community for theology and practice Peckham examines the nature of the biblical canon the proper relationship of Scripture and tradition and the interpretation and application of Scripture for theology He lays out a compelling canonical approach to systematic theology including an explanation of his method a step by step account of how to practice it and an example of what theology derived from this canonical approach looks like

The Bible Made Impossible Christian Smith, 2012-08-01 Biblicism an approach to the Bible common among some American evangelicals emphasizes together the Bible s exclusive authority infallibility clarity self sufficiency internal consistency self evident meaning and universal applicability Acclaimed sociologist Christian Smith argues that this approach is misguided and unable to live up to its own claims If evangelical biblicism worked as its proponents say it should there would not be the vast variety of interpretive differences that biblicists themselves reach

when they actually read and interpret the Bible Far from challenging the inspiration and authority of Scripture Smith critiques a particular rendering of it encouraging evangelicals to seek a more responsible coherent and defensible approach to biblical authority This important book has generated lively discussion and debate The paperback edition adds a new chapter responding to the conversation that the cloth edition has sparked

The Rowman & Littlefield Handbook of Contemporary Christianity in the United States Mark A. Lamport, 2022-02-15 The Handbook of Contemporary Christianity in the United States is a one volume examination of Christianity in its role contributions and embattled engagements with the contemporary culture of the postmodern United States While Christianity has been a sustaining force and dominant storyline of the historical foundations of America obvious social political and scientific inroads have lessened its influence and altered the issues considered The handbook explores the strengths and weaknesses of the Christian faith and traditions in the United States and its rich and textured history with a discernable eye toward how the message strategies and initiatives of Christianity has adapted to contemporary American life

Can We Still Believe the Bible? Craig L. Blomberg, 2014-04-01 Challenges to the reliability of Scripture are perennial and have frequently been addressed However some of these challenges are noticeably more common today and the topic is currently of particular interest among evangelicals In this volume highly regarded biblical scholar Craig Blomberg offers an accessible and nuanced argument for the Bible s reliability in response to the extreme views about Scripture and its authority articulated by both sides of the debate He believes that a careful analysis of the relevant evidence shows we have reason to be more confident in the Bible than ever before As he traces his own academic and spiritual journey Blomberg sketches out the case for confidence in the Bible in spite of various challenges to the trustworthiness of Scripture offering a positive informed and defensible approach

Wrestling with the Violence of God M. Daniel Carroll R., J. Wilgus, 2015-10-16. The prevalence of evil and violence in the world is a growing focus of scholarly attention, especially violence done in the name of religion and violence found within the pages of the Old Testament. Many atheists consider this reason enough to reject the notion of a supreme deity. Some Christians attempt to exonerate God by reinterpreting problematic passages or by prioritizing portrayals of God's nonviolence. Other Christians have begun to respond to violence in the Old Testament by questioning the nature of the text itself, though not rejecting belief in a good God. *Wrestling with the Violence of God* Soundings in the Old Testament is a response to these challenging issues. The chapters in this volume present empathetic, holistic, and methodologically responsible readings of the Old Testament as Christian Scripture. Contributors from different nationalities, religious traditions, and educational institutions come together to address representative biblical material that depicts violence. Chapters address explicit portrayals of divine violence, human responses to violence of God, and violence in the world; alternative understandings of supposedly violent texts; and a hopeful future in which violence is no more. Rather than attempt to offer a conclusive answer to the issue, this volume constructively contributes to the ongoing discussion.

The Divine Authenticity of Scripture A. T. B. McGowan, 2008-05-21. Andrew McGowan examines the evangelical understanding of the nature and use of Scripture. McGowan emphasizes the work of the Holy Spirit in relation to Scripture and argues that we should speak of spiration rather than inspiration of Scripture.

The Priesthood of All Students Timothée Joset, 2023-06-30. Drawing on archival records and firsthand accounts, this work explores the history, theology, and missiology of the International Fellowship of Evangelical Students (IFES). It examines how IFES's commitment to immediacy, mediation, and participation are grounded upon a firm belief in the priesthood of all believers and a missional ecclesiology that presupposes God's involvement in all aspects of life, including the university. It traces the impact of diverse cultures and theologies upon the manifold expressions of mission IFES has engaged and the role of IFES in extending the presence of God's people in places and among ideologies where traditional church structures have limited access. This book is a powerful reminder of the transformative impact created when believers, whether students or otherwise, participate in the *missio Dei* as faithful and creative witnesses in their own contexts. Bearing relevance for all those interested in a Christian perspective on the university or the theological reverberations of student ministry, it also offers a robust theological framework for understanding the legitimacy of parachurch organizations and lay ministry.
