**CHAURI CHAURA 1922-1992**

SOME photographs of the riotous chaos were taken by private persons after the massacre at Chauri Chaura in the Gwalior district of the United Provinces. These have been printed for private circulation among responsible persons. It is thought that the sight of these horrible pictures may make the public realise what are the dangers of exciting the latent ferocity of mobs of ignorant villagers who in this instance battered to death with their twenty-one policemen.

**Memory, History, Nation** Susannah Radstone,2017-09-04 In the last decade a focus on memory in the human sciences has encouraged new approaches to the study of the past As the humanities and social sciences have put into question their own claims to objectivity authority and universality memory has appeared to offer a way of engaging with knowledge of the past as inevitably partial subjective and local At the same time memory and memorial practices have become sites of contestation and the politics of memory are increasingly prominent This inter disciplinary volume demonstrates from a range of perspectives the complex cultural work and struggles over meaning that lie at the heart of what we call memory The chapters in this volume offer a complex awareness of the workings of memory and the ways in which different or changing histories may be explained They explore the relation between individual and social memory between real and imaginary event and fantasy history and myth Contradictory accounts or memories in direct contradiction to the historical record are not always the sign of a repressive authority attempting to cover something up The tension between memory as a safeguard against attempts to silence dissenting voices and memory s own implication in that silencing runs throughout the book Topics covered range from the Basque country to Cambodia from Hungary to South Africa from the Finnish Civil War to the cult Jim Jarmusch movie Dead Man from the Rock and Roll Hall of Fame to Australia Part I Transforming Memory is concerned primarily with the social and personal transmission of memory across time and generations Part II Remembering Suffering Trauma and History brings the after effects of catastrophe to the fore Part III Patterning the National Past the relation between nation and memory is the central issue Part IV And Then Silence reflects on the complex and multiple meaning of silence and oblivion wherein amnesia is often used as a figure for the denial of shamefu

Anderson,2000-01-27 When the British took control of the Indian Ocean island of Mauritius soon after the abolition of the slave trade they were faced with a labour hungry and potentially hostile Franco Mauritian plantocracy This book explores the context in which Indian convicts were transported to the island and put to work building the infrastructure necessary to fuel the expansion of the sugar industry Drawing on hitherto unexplored archival material it is shown how convicts experienced transportation and integrated into the Mauritian social and economic fabric **India and the British Empire** Douglas M. Peers,Nandini Gooptu,2017-02-09 South Asian History has enjoyed a remarkable renaissance over the past thirty years Its historians are not only producing new ways of thinking about the imperial impact and legacy on South Asia but also helping to reshape the study of imperial history in general The essays in this collection address a number of these important developments

delineating not only the complicated interplay between imperial rulers and their subjects in India but also illuminating the economic political environmental social cultural ideological and intellectual contexts which informed and were in turn informed by these interactions Particular attention is paid to a cluster of binary oppositions that have hitherto framed South Asian history namely colonizer colonized imperialism nationalism and modernity tradition and how new analytical frameworks are emerging which enable us to think beyond the constraints imposed by these binaries Closer attention to regional dynamics as well as to wider global forces has enriched our understanding of the history of South Asia within a wider imperial matrix Previous impressions of all powerful imperialism with the capacity to reshape all before it for good or ill are rejected in favour of a much more nuanced image of imperialism in India that acknowledges the impact as well as the intentions of colonialism but within a much more complicated historical landscape where other processes are at work

**Colonial Terror** Deana Heath, 2021-03-23 Focusing on India between the early nineteenth century and the First World War Colonial Terror explores the centrality of the torture of Indian bodies to the law preserving violence of colonial rule and some of the ways in which extraordinary violence was embedded in the ordinary operation of colonial states Although enacted largely by Indians on Indian bodies particularly by subaltern members of the police the book argues that torture was facilitated systematized and ultimately sanctioned by first the East India Company and then the Raj because it benefitted the colonial regime since rendering the police a source of terror played a key role in the construction and maintenance of state sovereignty Drawing upon the work of both Giorgio Agamben and Michel Foucault Colonial Terror contends furthermore that it is only possible to understand the terrorizing nature of the colonial police in India by viewing colonial India as a regime of exception in which two different forms of exceptionality were in operation one wrought through the exclusion of particular groups or segments of the Indian population from the law and the other by petty sovereigns in their enactment of illegal violence in the operation of the law It was in such fertile ground in which colonial subjects were both included within the domain of colonial law while also being abandoned by it that torture was able to flourish The Oxford History of Historical Writing Daniel R. Woolf, Andrew Feldherr, Grant Hardy, 2011-05-05 A chronological scholarly survey of the history of historical writing in five volumes Each volume covers a particular period of time from the beginning of writing to the present day and from all over the world *The Gender of Memory* Gail Hershatter, 2011-08-05 Emphasizes time between 1950s and 1970s in rural southern and central Shanxi province *Unsettling Memories* Emma Tarlo, 2003-07-24 Tarlo provides an account of India's Emergency of 1975-77 when Indian democracy was temporarily suspended in favor of authoritarian rule from the perspective of ordinary people
