Genocide And Human Rights A Philosophical Guide

R. Jeffery

Genocide And Human Rights A Philosophical Guide:

Genocide and Human Rights J. Roth, 2005-07-27 Genocide is evil or nothing could be It raises a host of questions about humanity rights justice and reality which are key areas of concern for philosophy Strangely however philosophers have tended to ignore genocide Even more problematic philosophy and philosophers bear more responsibility for genocide than they have usually admitted In *Genocide and Human Rights A Philosophical Guide* an international group of twenty five contemporary philosophers work to correct those deficiencies by showing how philosophy can and should respond to genocide particularly in ways that defend human rights *The Oxford Handbook of Genocide Studies* Donald Bloxham, A. Dirk Moses, 2010-04-15 This book subjects both genocide and genocide studies to systematic in depth analysis 34 renowned experts study genocide world wide through the ages by taking regional thematic and interdisciplinary approaches **From Discrimination to Death** Melanie O'Brien, 2022-11-18 From Discrimination to Death studies the process of genocide through the human rights violations that occur during genocide Using individual testimonies and in depth field research from the Armenian Genocide Holocaust and Cambodian Genocide this book demonstrates that a pattern of specific escalating human rights abuses takes place in genocide Offering an analysis of all these particular human rights as they are violated in genocide the author intricately brings together genocide studies and human rights demonstrating how the crime of crimes and the human rights law regime correlate The book applies the pattern of rights violations to the Rohingya Genocide revealing that this pattern could have been used to prevent the violence against the Rohingya before advocating for a greater role for human rights oversight bodies in genocide prevention The pattern ascertained through the research in this book offers a resource for governments and human rights practitioners as a mid stream indicator for genocide prevention It can also be used by lawyers and judges in genocide trials to help determine whether genocide took place Undergraduate and postgraduate students particularly of genocide studies will also greatly benefit from this book **The Concept of Cultural Genocide** Elisa Novic, 2016 Cultural genocide is the systematic destruction of traditions values language and other elements that make one group of people distinct from another Cultural genocide remains a recurrent topic appearing not only in the form of wide ranging claims about the commission of cultural genocide in diverse contexts but also in the legal sphere as exemplified by the discussions before the International Criminal Tribunal for the Former Yugoslavia and also the drafting of the UN Declaration on the Rights of Indigenous Peoples These discussions have however displayed the lack of a uniform understanding of the concept of cultural genocide and thus of the role that international law is expected to fulfil in this regard *The Concept of Cultural Genocide An International Law Perspective* details how international law has approached the core idea underlying the concept of cultural genocide and how this framework can be strengthened and fostered It traces developments from the early conceptualisation of cultural genocide to the contemporary question of its reparation Through this journey the book discusses the evolution of various branches of international law in relation to both cultural protection

and cultural destruction in light of a number of legal cases in which either the concept of cultural genocide or the idea of cultural destruction has been discussed Such cases include the destruction of cultural and religious heritage in Bosnia and Herzegovina the forced removals of Aboriginal children in Australia and Canada and the case law of the Inter American Court of Human Rights in relation to Indigenous and tribal groups cultural destruction

Evil and International Relations R. Jeffery, 2007-12-25 This book seeks to determine what is meant by evil when used to describe actors and events in international politics Focusing on the history of evil in western secular and religious thought it reintroduces a classical understanding of evil as the means to which we seek to understand otherwise meaningless human suffering

Australia's Unthinkable Genocide Colin Tatz, 2017-04-04 We are a moral people and the very notion that Australians could have anything to do with genocide is unthinkable so claimed parliamentarians when Australia was asked to ratify the UNs Genocide Convention in 1949 The reality is that even decent democrats and people who consider themselves good colonists are capable of doing just that killing people because of who they were forcibly removing their children in order to assimilate them and erase them from the landscape and then in the name of their protection incarcerated them on reserves in a manner that caused them serious physical and mental harm This confronting book addresses the whole issue of what happens to an indigenous minority who were considered other than human an unworthy order of beings destined to die out

Human Rights Michael Freeman, 2022-01-26 Human Rights now in its fourth edition is an introductory text that is both innovative and challenging Its unique interdisciplinary approach invites students to think imaginatively and rigorously about one of the most important and influential political concepts of our time Tracing the history of the concept the book shows that there are fundamental tensions between legal philosophical and social scientific approaches to human rights This analysis throws light on some of the most controversial issues in the field What are the causes of human rights violations Is the idea of universal human rights consistent with respect for cultural difference Are we living in a post human rights world Thoroughly revised and updated the new edition engages with recent developments including the Trump and Biden presidencies colonial legacies neoliberalism conflict in Syria Yemen and Myanmar the Covid 19 pandemic new technologies and the supposed crisis of liberal democracy Widely admired and assigned for its clarity and comprehensiveness this book remains a go to text for students in the social sciences as well as students of human rights law who want an introduction to the non legal aspects of their subject

Philosophy, Ethics and a Common Humanity Christopher Cordner, 2012-04-27 The work of Raimond Gaita in books such as Good and Evil An Absolute Conception A Common Humanity and The Philosopher's Dog has made an outstanding and controversial contribution to philosophy and to the wider culture In this superb collection an international team of contributors explore issues across the wide range of Gaita's thought including the nature of good and evil philosophy and biography the unthinkable Plato and ancient philosophy Wittgenstein the religious dimensions of Gaita's work aspects of the Holocaust and aboriginal reconciliation in Australia

Close to the Sources Abebe Zegeye, Maurice Vambe, 2011-03-28

European and African works have found it difficult to move past the image of Africa as a place of exotica and relentless brutality This book explores the status and critical relationship between politics culture literary creativity criticism education and publishing in the context of promoting Africa s indigenous knowledge and seeks to recover some of the sites where Africans continue to elaborate conflicting politics of self affirmations It both acknowledges and steps outside the protocols of analysis informed by nationalism differentiating the forms that postcolonial theories have taken and arguing for a selective appropriation of theory that emerges from Africa s lived experiences

Clan Cleansing in Somalia Lidwien

Kapteijs,2012-12-18 In 1991 certain political and military leaders in Somalia wishing to gain exclusive control over the state mobilized their followers to use terror wounding raping and killing to expel a vast number of Somalis from the capital city of Mogadishu and south central and southern Somalia Manipulating clan sentiment they succeeded in turning ordinary civilians against neighbors friends and coworkers Although this episode of organized communal violence is common knowledge among Somalis its real nature has not been publicly acknowledged and has been ignored concealed or misrepresented in scholarly works and political memoirs until now Marshaling a vast amount of source material including Somali poetry and survivor accounts Clan Cleansing in Somalia analyzes this campaign of clan cleansing against the historical background of a violent and divisive military dictatorship in the contemporary context of regime collapse and in relationship to the rampant militia warfare that followed in its wake Clan Cleansing in Somalia also reflects on the relationship between history truth and postconflict reconstruction in Somalia Documenting the organization and intent behind the campaign of clan cleansing Lidwien Kapteijs traces the emergence of the hate narratives and code words that came to serve as rationales and triggers for the violence However it was not clans that killed she insists but people who killed in the name of clan Kapteijs argues that the mutual forgiveness for which politicians often so lightly call is not a feasible proposition as long as the violent acts for which Somalis should forgive each other remain suppressed and undiscussed Clan Cleansing in Somalia establishes that public acknowledgment of the ruinous turn to communal violence is indispensable to social and moral repair and can provide a gateway for the critical memory work required from Somalis on all sides of this multifaceted conflict

Battleground:
Religion Daniel L. Smith-Christopher,2008-12-30 Is there a controversial issue in the contemporary world that does not involve religion Whether it s a debate over the beginning of life or on sexuality and family life or on the stewardship of humans over the environment almost all of the most contentious matters that impact today s society involve people s deeply held religious beliefs Battleground Religion helps clarify these complex topics by examining how various religious beliefs and practices impact current political social and cultural debates Each of the approximately 100 entries examines a hot button issue from war and peace to the culture wars and discusses in a balanced and objective way the points of view on these topics from all parts of the religious spectrum Students will come away from Battleground Religion with a better understanding of the issues that they will be encountering for years to come Each entry includes a bibliography or resources

for further information *The Norman Geras Reader* Ben Cohen,Eve Garrard,2017-07-21 This is the first book to gather the key writings of the distinguished political theorist Norman Geras into a single volume providing a comprehensive overview of the thinking of one of the most important Marxist philosophers in the post war era Among the essays included here are The Controversy about Marx and Justice The Duty to Bring Aid Primo Levi and Jean Amery Shame and the contentious Euston Manifesto which lays down a set of central principles for the democratic left in the twenty first century The reader is rounded out with several posts from Geras s much loved and widely read Normblog as well as companion essays by Alan Johnson and Terry Glavin which explore how Geras s philosophical concerns led to his more recent trenchant critiques of the direction of left wing politics **Perpetrator Disgust** Ditte Marie Munch-Juriscic,2022-11-25 In this volume Munch Juriscic offers the first

in depth philosophical analysis of perpetrator disgust the phenomenon of individuals experiencing severe physiological or emotional distress following acts of atrocity By examining the relationship between emotions human nature and cognition through the lens of perpetrator disgust she argues that our gut feelings are not moral instincts but should be understood as templates that can embody a broad range of values and morals *Post-Holocaust Jewish-Christian Dialogue* Alan L. Berger,2014-12-23 This volume sheds light on the transformed post Holocaust relationship between Catholics and Jews Once implacable theological foes the two traditions have travelled a great distance in coming to view the other with respect and dignity Responding to the horrors of Auschwitz the Catholic Church has undergone a reckoning of the soul beginning with its landmark document *Nostra Aetate* and embraced a positive theology of Judaism including the ongoing validity of the Jewish covenant Jews have responded to this unprecedented outreach especially in the document *Dabru Emet* Together these two Abrahamic traditions have begun seeking a repair of the world The road has been rocky and certainly obstacles remain Nevertheless authentic interfaith dialogue remains a new and promising development in the search for a peace

Confronting Evil in International Relations R. Jeffery,2008-05-26 This book offers original essays on the subject of evil in international relations It considers questions of moral agency associated with the perpetration of evil acts by individuals and groups in the international sphere and the range of ethical responses the international community has available to it in the aftermath of large scale evils **Contesting the Politics of Genocidal Rape** Debra B. Bergoffen,2013-03-01 Rape

traditionally a spoil of war became a weapon of war in the ethnic cleansing campaign in Bosnia The ICTY Kunarac court responded by transforming wartime rape from an ignored crime into a crime against humanity In its judgment the court argued that the rapists violated the Muslim women s right to sexual self determination Announcing this right to sexual integrity the court transformed women s vulnerability from an invitation to abuse into a mark of human dignity This close reading of the trial guided by the phenomenological themes of the lived body and ambiguity feminist critiques of the autonomous subject and the liberal sexual social contract critical legal theory assessments of human rights law and institutions and psychoanalytic analyses of the politics of desire argues that the court by validating women s epistemic

authority their right to establish the meaning of their experience of rape and affirming the dignity of the vulnerable body thereby dethroning the autonomous body as the embodiment of dignity shows us that human rights instruments can be used to combat the epidemic of wartime rape if they are read as de-legitimizing the authority of the masculine autonomous subject and the gender codes it anchors

Anguished Hope Leonard Grob, John K. Roth, 2008-08-20 Speaking from their respective disciplines in the humanities, theology and education, thirteen Holocaust scholars, both Jewish and Christian, candidly address the challenges, risks and possibilities embedded in the discouraging, long-lasting Palestinian-Israeli conflict. They also sharply critique the use of Holocaust terminology or imagery by the modern-day combatants on either side as trivialization of a unique and devastating event. *Anguished Hope* casts a powerful vision for a more peaceful future in the Middle East.

Humanism, Antitheodicism, and the Critique of Meaning in Pragmatist Philosophy of Religion Sami Pihlström, 2023-03-20 Humanism, Antitheodicism and the Critique of Meaning in Pragmatist Philosophy of Religion develops a distinctive approach to pragmatist philosophy of religion and more generally to pragmatist investigations of the human search for meaning by emphasizing what may be considered two closely interrelated main features of this tradition: humanism and antitheodicism. Humanism here emphasizes the need to focus on religion as a human practice within human concerns of meaningfulness and significance as distinguished from any metaphysical search for cosmic meaning. Antitheodicism in turn stands for the refusal to accept any justification, divine or secular, for the experiences of meaninglessness that individuals undergoing horrendous suffering may have. Developing a critical form of pragmatism emphasizing these ideas, Sami Pihlström explores the relations between pragmatism and analytic philosophy in the philosophy of religion, especially regarding the question of religious meaning as well as the significance of literature for philosophy of religion, with particular emphasis on William James's pragmatism.

Genocide and its Threat to Contemporary International Order A. Gallagher, 2013-01-21 For far too long the discipline of International Relations has failed to engage with the study of genocide. This is despite the fact that genocide holds a direct relationship with the central concepts of international relations: the state, war, power and security. This bold, innovative and unique book sets out to tackle this by bringing the concept of genocide into the discipline of IR via the English School in order to theorise the relationship between genocide, justice and order. Drawing on a wide range of primary and secondary interdisciplinary material from International Relations, Genocide Studies, Security Studies, International Law, History, Politics and Political Theory, this book aims to understand genocide within the context of International Relations and the implications that this has on policymaking. Gallagher identifies the obstacles and challenges involved in bringing the study of genocide into IR and uniquely analyses the impact of genocide on the ordering structure of international society.

Ethics During and After the Holocaust J. Roth, 2005-10-28 Questions shape the Holocaust's legacy. What happened to ethics during the Holocaust? What

should ethics be and what can it do after the Holocaust loom large among them Absent the overriding or moral sensibilities if not the collapse or collaboration of ethical traditions the Holocaust could not have happened Its devastation may have deepened conviction that there is a crucial difference between right and wrong its destruction may have renewed awareness about the importance of ethical standards and conduct But Birkenau the main killing center at Auschwitz also continues to cast a disturbing shadow over basic beliefs concerning right and wrong human rights and the hope that human beings will learn from the past This book explores those realities and the issues they contain It does so not to discourage but to encourage not to deepen darkness and despair but to face those realities honestly and in a way that can make post Holocaust ethics more credible and realistic The book s thesis is that nothing human natural or divine guarantees respect for the ethical values and commitments that are most needed in contemporary human existence but nothing is more important than our commitment to defend them for they remain as fundamental as they are fragile as precious as they are endangered

Adopting the Melody of Phrase: An Psychological Symphony within **Genocide And Human Rights A Philosophical Guide**

In a world eaten by screens and the ceaseless chatter of immediate transmission, the melodic splendor and emotional symphony created by the prepared term usually disappear into the backdrop, eclipsed by the relentless noise and disruptions that permeate our lives. Nevertheless, situated within the pages of **Genocide And Human Rights A Philosophical Guide** a stunning fictional prize full of raw feelings, lies an immersive symphony waiting to be embraced. Crafted by an outstanding musician of language, this fascinating masterpiece conducts readers on a psychological journey, skillfully unraveling the concealed melodies and profound affect resonating within each carefully crafted phrase. Within the depths of this moving assessment, we shall examine the book is key harmonies, analyze its enthralling writing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Genocide And Human Rights A Philosophical Guide is one of the best book in our library for free trial. We provide copy of Genocide And Human Rights A Philosophical Guide in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Genocide And Human Rights A Philosophical Guide. Where to download Genocide And Human Rights A Philosophical Guide online for free? Are you looking for Genocide And Human Rights A Philosophical Guide PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Genocide And Human Rights A Philosophical Guide. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Genocide And Human Rights A Philosophical Guide are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of

thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Genocide And Human Rights A Philosophical Guide. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Genocide And Human Rights A Philosophical Guide To get started finding Genocide And Human Rights A Philosophical Guide, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Genocide And Human Rights A Philosophical Guide So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Genocide And Human Rights A Philosophical Guide. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Genocide And Human Rights A Philosophical Guide, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Genocide And Human Rights A Philosophical Guide is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Genocide And Human Rights A Philosophical Guide is universally compatible with any devices to read.
