Geodesica Descent:

Geodesica Descent Sean Williams, Shane Dix, 2014-04-01 An alien artifact's mysteries could spark humanity's collapse in the second novel of the Geodesica Duology from the New York Times bestselling authors. Revolution spreads like wildfire through humanity's interstellar empire sparked by the opening of Geodesica and the destruction of an entire inhabited system. But who was ultimately responsible? And who will pay the price? Melilah Awad and Palmer Eogan delve deeper into Geodesica's ancient alien labyrinth than anyone has ever dared, hoping to unravel its secrets before the hunter-killers from Earth bring them down. Former Exarch of Bedlam Isaac Forge Deangelis finds his grip on sanity slipping as his very reason for existing is ripped from him. While a rebel Exarch and Palmer Horsfall, grieving for her lost sister, form an alliance that might tear humanity's interstellar empire apart. Praise for the Geodesica Duology: Splendid fun brimming with heroes, villains, chicanery, neat imaginative details, some seriously cool space battles, and one of the most mind-twisting alien artifacts ever imagined. Alastair Reynolds, award-winning author. Williams and Dix have a flair for combining slam-bang adventures, intriguing characters, and cutting-edge scientific and philosophical speculations, resulting in books that elevate your adrenaline and your intellect. This latest series is no exception to their reign. Paul di Filippo, author of *The Big Get Even*. Williams and Dix are writing first-class MMPB space opera chock-full of what we've come to hope for: antagonists, allies, and alien artifacts in perfectly balanced doses. *Agony Column*

Geodesica Ascent Sean Williams, Shane Dix, 2014-04-01 The year is 2438. Humanity has migrated to the stars in discrete waves driven by evolving technologies and new ways of being human. The far-flung Arc Systems struggle under the yoke of their newest rulers, Exarchs from Sol, whose monopoly on faster-than-light communication gives them absolute control of a growing interstellar empire. But humans weren't the first to conquer the stars, and the discovery of an alien artifact promising transport between systems threatens to undermine the Exarchs' power. Revolutionary leader Melilah Awad seeks an alliance to unlock Geodesica's secrets with VOIDship pilot Palmer Eogan, a lover she lost to the Dark more than two centuries earlier. What they find could be more dangerous than anyone human or more than human could imagine.

Geodesica Sean Williams, 2006 *The Grand Conjunction* Sean Williams, 2009-04 Six hundred thousand years after Imre Bergamasc's abdication, a rebellion is brewing underneath the veneer of civilization, and Imre's unexpected and unwelcome return threatens the fate of humanity and ignites a war that could destroy the seemingly peaceful galaxy.

Original **The Bulletin**, 2007 **Descent** Sean Williams, Shane Dix, 2006 Set in 2388, this exciting series explores the possibilities of space colonisation and travel between the stars. Nanotechnology, exotic states of being, and the unusual relationships created by scientific developments of the human state of being all combine in a grand adventure.

The Force Unleashed II: Star Wars Legends Sean Williams, 2011-06-28 The dark side could not seduce him. The Empire could not control him. Death could not defeat him. And now nothing can stop him from seizing his destiny. As ruthless apprentice to Darth Vader, Starkiller was mercilessly schooled in the ways of the dark side, commanded to

exterminate the last of the purged Jedi Order and groomed for the ultimate Sith power play assassination of the Emperor He served without question killed without remorse and lost his heart without warning to beautiful Imperial fighter pilot Juno Eclipse never suspecting that he was just a tool in the schemes of his masters until it was too late to escape their lethal betrayal Juno mourned Starkiller as dead but now he is back purged of all memories and programmed to kill And as fate brings Juno and Starkiller closer to reuniting with Darth Vader determined not to lose his assassin a second time they will both have to make a stand The prize is freedom The punishment for failing will be eternal enslavement to the dark side of the Force Features a bonus section following the novel that includes a primer on the Star Wars expanded universe and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years *The Force Unleashed: Star Wars Legends* Sean Williams, 2024-11-05 Darth Vader's young Sith apprentice will forge an unlikely alliance with a ruined Jedi Master seeking redemption as he ventures to destroy Emperor Palpatine The Sith always betray one another I'm sure you'll learn that soon enough The overthrow of the Republic is complete Absolute power now rests in the iron fist of Darth Sidious the cunning Sith Lord better known as Emperor Palpatine But more remains to be done Pockets of resistance in the galaxy must still be defeated and missing Jedi accounted for and dealt with These crucial tasks fall to the Emperor's ruthless enforcer Darth Vader who in turn has groomed a lethal nameless Sith apprentice to secretly dispatch the last of his masters enemies Since childhood Vader's nameless agent has known only the cold mercenary creed of the Sith His past is a void his present the carrying out of his deadly orders But his future beckons like a glistening black jewel with the ultimate promise to stand beside the only father he has ever known with the galaxy at their feet But there is one in control of his master that stands in the way This acolyte's journey will take him across the far reaches of the galaxy and test him with shattering revelations that strike at the very heart of all he believes stirring within him long forgotten hopes of reclaiming his name and changing his destiny **Fatal Alliance: Star Wars Legends (The Old Republic)** Sean Williams, 2023-08-15 Long standing foes must put aside their ancient grudges and deep seated distrust to uncover and defeat a threat to the galaxy before it can escape its isolation forcing Sith and Jedi to raise their lightsabers together When I look into you I see no loyalty I sense only tangled allegiances Given a choice I would never trust you From across the galaxy they've come agents of both the Republic and the Sith Empire an investigating Jedi Padawan an ex trooper drummed out of the Republic's elite Blackstar Squad and a mysterious Mandalorian An extraordinary auction has drawn them all together in quest of a prize only one can claim Each is prepared to do what he must to possess the treasure whose value may be the wealth of a world itself No one intends to leave empty handed All have secrets desires and schemes And nothing could ever unite them as allies except the truth about the deadly danger of the object they covet But can Sith and Jedi Republic and Empire enemies for millennia join as one against the certain doom of the galaxy Early American Cartographies Martin Brückner, 2011 Drawing from both current historical interpretations and new interdisciplinary perspectives this collection provides diverse approaches to understanding the
