Los Angeles's Bunker Hill Jim

Dawson,2012-06-22 An illustrated history of the iconic Hollywood neighborhood featured in numerous film noir classics and the shadowy story of how it disappeared When postwar movie directors went looking for a gritty location to shoot their psychological crime thrillers they found Bunker Hill a neighborhood of fading Victorians flophouses tough bars stairways and dark alleys in downtown Los Angeles Novelist Raymond Chandler had already used its real life mean streets to lend authenticity to his hardboiled detective stories featuring Philip Marlowe But the biggest crime of all was going on behind the scenes run by the city's power elite And Hollywood just happened to capture it on film Using nearly eighty photos writer Jim Dawson sheds new light on Los Angeles history with this grassroots investigation of a vanished place *Somewhere in the*

Night Nicholas Christopher,2010-05-11 Film noir is more than a cinematic genre It is an essential aspect of American culture Along with the cowboy of the Wild West the denizen of the film noir city is at the very center of our mythological iconography Described as the style of an anxious victor film noir began during the post war period a strange time of hope and optimism mixed with fear and even paranoia The shadow of this rich and powerful cinematic style can now be seen in virtually every artistic medium The spectacular success of recent neo film noirs is only the tip of an iceberg In the dead on nocturnal jazz of Charlie Parker and Miles Davis the chilled urban landscapes of Edward Hopper and postwar literary fiction from Nelson Algren and William S Burroughs to pulp masters like Horace McCoy we find an unsettling recognition of the dark hollowness beneath the surface of the American Dream Acclaimed novelist and poet Nicholas Christopher explores the cultural identity of film noir in a seamless elegant and enchanting work of literary prose Examining virtually the entire catalogue of film noir Christopher identifies the central motif as the urban labyrinth a place infested with psychosis anxiety and existential dread in which the noir hero embarks on a dangerously illuminating quest With acute sensitivity he shows how technical devices such as lighting voice over and editing tempo are deployed to create the film noir world *Somewhere in the Night* guides us through the architecture of this imaginary world be it shot in New York or Los Angeles relating its elements to the ancient cultural archetypes that prefigure it Finally Christopher builds an explanation of why film noir not only lives on but is currently enjoying a renaissance *Somewhere in the Night* can be appreciated as a lucid introduction to a fundamental style of American culture and also as a guide to film noir's heyday Ultimately though as the work of a bold talent adeptly manipulating poetic cadence and metaphor it is itself a superb aesthetic artifact **In a Lonely Street** Frank

Krutnik,2006-10-19 Taking issue with many orthodox views of Film Noir Frank Krutnik argues for a reorientation of this compulsively engaging area of Hollywood cultural production Krutnik recasts the films within a generic framework and draws on recent historical and theoretical research to examine both the diversity of film noir and its significance within American popular culture of the 1940s He considers classical Hollywood cinema debates on genre and the history of the emergence of character in film noir focusing on the hard boiled crime fiction of Dashiell Hammett Raymond Chandler and James M Cain as well as the popularisation of Freudian psychoanalysis and the social and cultural upheavals of the 1940s The

core of this book however concerns the complex representation of masculinity in the noir tough thriller and where and how gender interlocks with questions of genre. Analysing in detail major thrillers like *The Maltese Falcon*, *Double Indemnity*, *Out of the Past* and *The Killers* alongside lesser known but nonetheless crucial films as *Stranger on the Third Floor*, *Pitfall* and *Dead Reckoning*, Krutnik has produced a provocative and highly readable study of one of Hollywood's most perennially fascinating groups of films.

Only the Names Have Been Changed Claudia Calhoun, 2022-10-31 In the postwar era the police procedural series *Dragnet* informed Americans on the workings of the criminal justice system and instructed them in their responsibilities as citizens.

My Name's Friday Michael J. Hayde, 2001 A history of the police drama *Dragnet* and its creator and producer Jack Webb from its beginnings as a successful radio show to its acclaimed run on television in the 1950s and later color version in the 1960s.

Bombs Away John Vetto, 2023-12-29 To movie critics a bomb is unequivocally bad something that failed artistically, failed at the box office or both. John Vetto, who describes himself as a cinephile but most assuredly NOT a professional movie critic, defines the term more broadly. To Vetto a bomb may have bombed at the box office or become a cult classic. It may be genuinely terrible or merely silly. The one thing all bombs have in common: They're fun to watch. In *Bombs Away: Fifty Old Often Bad and Mostly Forgotten Films in No Particular Order*, Vetto takes a deep dive into these works not to make light of them, well, not just to make light of them but to explore their history and themes, draw connections, provide insight into human nature and enlighten us as to how and why these cheaply made films were created. So grab some popcorn, dim the lights and settle back for an edifying, entertaining journey through an underexplored corner of pop culture.

Into this underworld came two men: one L.A.'s most notorious gangster, the other its most famous police chief, each prepared to battle the other for the soul of the city.

Genre and Television Jason Mittell, 2004-08-02 *Genre and Television* proposes a new understanding of television genres as cultural categories, offering a set of in-depth historical and critical examinations to explore five key aspects of television: genre, history, industry, audience, text, and genre mixing. Drawing on well-known television programs from *Dragnet* to *The Simpsons*, this book provides a new model of genre historiography and illustrates how genres are at work within nearly every facet of television, from policy decisions to production techniques to audience practices. Ultimately, the book argues that through analyzing how television genre operates as a cultural practice, we can better comprehend how television actively shapes our social world.
