Other Worlds, Other Bodies Emily Pierini, Alberto Groisman, Diana Espírito Santo, 2023-02-10 When approaching the multiplicity of the spiritual experiences of healing ethnographers are often presented with ideas of the existence of other worlds that may intersect with the so called material or physical worlds This book proposes a sensory ethnography of healing with a focus on ethnographic knowing as embedded in an embodied epistemology of healing Epistemological embodiment signals that personal scholarly experience of the unknown be it in the form of trance or as the embodiment of an other shapes the concepts of healing body trance self and matter by which ethnographers craft out analysis The Annals of Psychical Science ,1908 Nursing Our Healer's Heart Lorre Laws, 2024-12-10 The nursing profession is in crisis Within a decade the world will have just over half the number of nurses it needs The global nursing workforce has experienced mass complex trauma secondary to healthcare system inadequacies and a global pandemic Traumatized and burned out nurses are leaving their roles or the profession in unprecedented numbers Those who remain are stretched to or beyond their capacity While system level strategies aim to address this crisis none of them consider nurse traumatization and its impact upon patient safety outcomes and quality of care We cannot wait for health systems to prioritize nurse safety Nurses can and must come together as a global community to heal through avoidable and unavoidable nurse specific traumatization while partnering with healthcare leaders to usher in a new era of nursing This book through an actionable framework guides nurses in healing the traumas and hardships they've endured as
