What Is a Dysfunctional Family

A dysfunctional family is one where improper and immature behavior of at least one parent damages the growth of individuality and healthy relational skills among family members A dysfunctional family is one where family members are negatively affected emotionally psychologically and spiritually A dysfunctional family is one where everyone is negatively affected even when only one family member experiences a problem

Dysfunctional Families Produce Dysfunctional Families

Dysfunction looks different in each family Here are some of the ways dysfunction can creep into the family unit

- Overly possessive or faultfinding parents
- Poor organization or overly rigid structure
- Inconsistent and indecisive parents
- Emotionally abandoned children including emotional abuse
- Overly rigid structure or lacking parental authority

How Do Kids Cope

4 Dysfunctional Family Roles Children Adopt

When parents are unable to manage their lives children learn to cope by playing specific roles in the family or acting out in damaging ways Typically the child will adopt one of four roles

- The Responsible Child** The hero tries to fix the family problems and help create a positive family image through noteworthy achievement This child receives positive attention but often develops perfectionistic compulsive behaviors
- The Rebellious Child** The scapegoat draws focus away from the family s problems and onto himself or herself with rebellious uncontrollable behavior This child consumes time and energy from the family members and often develops self destructive life patterns
- The Reclusive Child** The lost child hopes that by ignoring family problems the difficulties will go away This child avoids attention and is often lonely and withdrawn
- The Reveling Child** The clown uses humor and antics to direct the focus away from family problems This child is often highly active or hyperactive and usually seeks to be the center of attention

A child may even display a combination of these traits or progress through different stages as they attempt to manage their emotional pain just seeking to survive
