Diagnose, Treat, and Cure All Dis-Ease with Traditional Indian Holistic Therapies Vera Kaur, 2016-04-14 Traditional Indian holistic therapies recognize that the symptoms of our diseases are

merely the body's innate method of correcting the imbalances within to allow us to return to our natural state of wholeness. The imbalances originate in our physical, mental, emotional, and spiritual bodies; therefore, treating only the symptoms of our diseases does not address the root cause. The human body is a latticework of energies that vibrate at different frequencies, making up the physical, mental, emotional, and spiritual aspects. Applying traditional Indian holistic therapies enables us to cleanse, balance, and empower our energies. This allows them to flow smoothly and harmoniously, instilling physical, mental, emotional, and spiritual well-being.
