Eloquence In An Electronic Age The Trans:

Reagan and Public Discourse in America Michael Weiler, W. Barnett Pearce, 2006-08-27 A critical assessment of the impact of the administration of President Ronald Reagan on public discourse in the United States The authors show that more than any president since John F Kennedy Reagan's influence flowed from his rhetorical practices And he is remembered as having reversed certain trends and cast the U S on a new course The contributors to this insightful collection of essays show that Reagan's rhetorical tactics were matters of primary concern to his administration's chief political strategists

Rhetorical Delivery as Technological Discourse Ben McCorkle, 2012-01-19 According to Ben McCorkle the rhetorical canon of delivery traditionally seen as the aspect of oratory pertaining to vocal tone inflection and physical gesture has undergone a period of renewal within the last few decades to include the array of typefaces color palettes graphics and other design elements used to convey a message to a chosen audience McCorkle posits that this redefinition while a noteworthy moment of modern rhetorical theory is just the latest instance in a historical pattern of interaction between rhetoric and technology In *Rhetorical Delivery as Technological Discourse A Cross Historical Study* McCorkle explores the symbiotic relationship between delivery and technologies of writing and communication Aiming to enhance historical understanding by demonstrating how changes in writing technology have altered our conception of delivery McCorkle reveals the ways in which oratory and the tools of written expression have directly affected one another throughout the ages To make his argument the author examines case studies from significant historical moments in the Western rhetorical tradition Beginning with the ancient Greeks McCorkle illustrates how the increasingly literate Greeks developed rhetorical theories intended for oratory that incorporated writerly tendencies diminishing delivery's once prime status in the process Also explored is the near eradication of rhetorical delivery in the mid fifteenth century the period of transition from late manuscript to early print culture and the implications of the burgeoning print culture during the nineteenth century McCorkle then investigates the declining interest in delivery as technology designed to replace the human voice and gesture became prominent at the beginning of the 1900s Situating scholarship on delivery within a broader postmodern structure he moves on to a discussion of the characteristics of contemporary hypertextual and digital communication and its role in reviving the canon while also anticipating the future of communication technologies the likely shifts in attitude toward delivery and the implications of both on the future of teaching rhetoric *Rhetorical Delivery as Technological Discourse* traces a long view perspective of rhetorical history to present readers a productive reading of the volatile treatment of delivery alongside the parallel history of writing and communication technologies This rereading will expand knowledge of the canon by not only offering the most thorough treatment of the history of rhetorical delivery available but also inviting conversation about the reciprocal impacts of rhetorical theory and written communication on each other throughout this history

Preaching to a Shifting Culture Scott M. Gibson, 2004-08 A challenge to preachers to proclaim the Scriptures with authority and power in a post Christian

world

Political Rhetoric Mary E. Stuckey, 2017-07-12 Rhetoric is among the most important and least understood elements of presidential leadership Presidents have always wielded rhetoric as one tool of governance and that rhetoric was always intended to facilitate political ends such as image building persuasion of the mass public and inter branch government persuasion But as mass media has grown and then fragmented as the federal bureaucracy has continued to both expand and calcify and as partisanship has heightened tensions both within Congress and between Congress and the Executive rhetoric is an increasingly important element of presidential governance Scholars have derived ways to explain how these developments and the presidents use of rhetoric have contributed to and detracted from the health of American democracy This briefing book offers a succinct reflection on the ways in which historical developments have encouraged the use of political rhetoric It explores strategies of going public to provide some leverage over the political system and the lessons one might derive from these choices This essential analysis written for lay readers scholars students and future presidents is the first in Transaction's innovative Presidential Briefings series Mary E Stuckey covers the scholarly literature with authority and offers examples of rhetoric that have lasting influence

Oppositional Discourses and Democracies Michael Huspek, 2009-09-10 When citizens take to the streets pack assembly halls or share their ideas through the press they give voice to truths and logic that have otherwise been given little or no airing through available institutional channels This collection explores the tensions between democratic states and the dynamics of citizen voice

Live from the Campaign Trail Michael A. Cohen, 2011-02-01 As the country wades into the hotly contested 2008 presidential election season we look to the candidates public pronouncements to gain an understanding of their platforms and to get a sense of the political direction our country might take over the course of the next four years Presidential campaign oratory has always inspired and incited voters In this collection of 27 pivotal campaign speeches Michael Cohen helps bring to life the speeches that defined and dramatized American politics over the last century From FDR's pledge for a New Deal to Nixon's legendary Checkers speech from Dan Quayle's attack on Murphy Brown to select speeches from this year's presidential race the stump speech has been the primary vehicle for candidates to share their political ambitions and ideals with the American people With supporting essays that set the scene and provide the appropriate context for understanding what was said how it was said and why Live from the Campaign Trail illustrates how campaign speeches have fundamentally shaped the way we think about American politics

Common Knowledge W. Russell Neuman, Marion R. Just, Ann N. Crigler, 1992-10-15 Photo opportunities ten second sound bites talking heads and celebrity anchors so the world is explained daily to millions of Americans The result according to the experts is an ignorant public helpless targets of a one way flow of carefully filtered and orchestrated communication Common Knowledge shatters this pervasive myth Reporting on a ground breaking study the authors reveal that our shared knowledge and evolving political beliefs are determined largely by how we actively reinterpret the images fragments and signals we find in the mass media For their study the authors analyzed coverage of 150 television

and newspaper stories on five prominent issues drugs AIDS South African apartheid the Strategic Defense Initiative and the stock market crash of October 1987 They tested audience responses of more than 1 600 people and conducted in depth interviews with a select sample What emerges is a surprisingly complex picture of people actively and critically interpreting the news making sense of even the most abstract issues in terms of their own lives and finding political meaning in a sophisticated interplay of message medium and firsthand experience At every turn Common Knowledge refutes conventional wisdom It shows that television is far more effective at raising the saliency of issues and promoting learning than is generally assumed it also undermines the assumed causal connection between newspaper reading and higher levels of political knowledge Finally this book gives a deeply responsible and thoroughly fascinating account of how the news is conveyed to us and how we in turn convey it to others making meaning of at once so much and so little For anyone who makes the news or tries to make anything of it Common Knowledge promises uncommon wisdom Encyclopedia of Rhetoric and Composition

Handbook of Political Communication Research Lynda Lee Kaid,2004-07-19 This volume brings together the major thrusts of research and theory in political communication For scholars researchers students in political communication mass communication and political science and for readers in public opinion political psychol **The Recovery of Rhetoric** Richard H. Roberts,James M. M. Good,1993 **The Ubiquitous Presidency** Joshua M. Scacco,Kevin Coe,2021 American democracy is in a period of striking tumult The clash of a rapidly changing socio technological environment and the traditional presidency has led to an upheaval in the scope and standards of executive leadership Yet research on the presidency although abundant has been slow to adjust to changing realities associated with digital technologies diverse audiences and new elite practices Meanwhile journalists and the public continue to encounter and shape emerging presidential efforts in deeply consequential ways Joshua Scacco and Kevin Coe bring needed insight to this complex situation by offering the first comprehensive framework for understanding contemporary presidential communication in relation to the current socio technological environment They call this framework the ubiquitous presidency Scacco and Coe argue that presidents harness new opportunities in the media environment to create a nearly constant and highly visible presence in political and nonpolitical arenas They do this by trying to achieve longstanding presidential goals namely visibility adaptation and control However in an environment where accessibility personalization and pluralism are omnipresent considerations the strategies presidents use to achieve these goals are very different from what we once knew Using this novel framework as a conceptual anchor The Ubiquitous Presidency undertakes one of the most expansive analyses of presidential communication to date Scacco and Coe employ a wide variety of approaches ranging from surveys and survey experiments to large scale automated content and network analyses to qualitative textual analysis to uncover new aspects of the intricate relationship between the president news media and the public Focusing on the presidency since Ronald Reagan and devoting particular

attention to the cases of Barack Obama and Donald Trump the book uncovers remarkable shifts in communication that test the institution of the presidency and consequently democratic governance itself **Five Chapters on Rhetoric** Michael Shalom Kochin, 2010-11 Examines concepts for persuasive communication Explores the art of rhetoric and how it aids in clarification when we speak to communicate but also helps to protect us from clarity when we speak to maintain our connections to others Provided by publisher **From Mouse to Mermaid** Elizabeth Bell, Lynda Haas, Laura Sells, 1995-11-01 A collection of essays that explicate Disney ideology through fifty five years of feature films including Bambi Beauty and the Beast Pinocchio and more From Mouse to Mermaid an interdisciplinary collection of original essays is the first comprehensive critical treatment of Disney cinema Addressing children s classics as well as the Disney affiliates more recent attempts to capture adult audiences the contributors respond to the Disney film legacy from feminist marxist poststructuralist and cultural studies perspectives The volume contemplates Disney s duality as an American icon and as an industry of cultural production created in and through fifty years of filmmaking The contributors treat a range of topics at issue in contemporary cultural studies the performance of gender race and class the engendered images of science nature technology family and business The compilation of voices in From Mouse to Mermaid creates a persuasive cultural critique of Disney s ideology The contributors are Bryan Attebery Elizabeth Bell Claudia Card Chris Cuomo Ramona Fernandez Henry A Giroux Robert Haas Lynda Haas Susan Jeffords N Soyini Madison Susan Miller Patrick Murphy David Payne Greg Rode Laura Sells and Jack Zipes In this volume of 16 essays about Disney films several pieces begin the work of filling in a major gap in our understanding of animation Film Quarterly *Reframing Rhetoric* G. Yoos, 2007-08-20 This book is a combination of rhetorical theory and critical thinking It argues that liberalism in its most meaningful sense is not ideological but a politics of rational and civic virtue It uses different frames and references to address problems liberals face in confronting the rhetorical strengths of conservative policy argument **Arguing the Apocalypse** Stephen D. O'Leary, 1998-08-20 Apocalyptic expectations of Armageddon and a New Age have been a fixture of the American cultural landscape for centuries With the approach of the year 2000 such millennial visions seem once again to be increasing in popularity Stephen O Leary sheds new light on the age old phenomenon of the End of the Age by proposing a rhetorical explanation for the appeal of millennialism Using examples of apocalyptic argument from ancient to modern times O Leary identifies the recurring patterns in apocalyptic texts and movements and shows how and why the Christian Apocalypse has been used to support a variety of political stances and programs The book concludes with a critical review of the recent appearances of doomsday scenarios in our politics and culture and a meditation on the significance of the Apocalypse in the nuclear age Arguing the Apocalypse is the most thorough examination of its subject to date a study of a neglected chapter of our religious and cultural history a guide to the politics of Armageddon and a map of millennial consciousness **Ethics and War** Steven P. Lee, 2012 An account of war ethics sensitive to the historical just war theory informed by the contemporary concerns of war The

Vanishing Word Arthur W. Hunt III, 2013-09-01 Is image everything For many people in our culture image and images are everything Americans spend hours watching television but rarely finish a good book Words are quickly losing their appeal Arthur Hunt sees this trend as a direct assault on Christianity He warns that by exalting imagery we risk becoming mindless pagans Our thirst for images has dulled our minds so that we lack the biblical and mental defenses we need to resist pagan influences What about paganism Hunt contends that it never died in modern Western culture image based media just brought it to the surface again Sex violence and celebrity worship abound in our culture driving a mass media frenzy reminiscent of pagan idolatry This book is a clear warning that the church is being cut off from its word based heritage and that we are open to abuse by those who exploit the image but neglect the Word Thoughtful readers will find this a challenging call to be critical about the images bombarding our sense and to affirm that the Word is everything Ethics and the Orator Gary A. Remer, 2017-03-14 Succeeds admirably in showing how the study of Cicero's political thought can still be relevant for modern debates in political philosophy Political Theory For thousands of years critics have attacked rhetoric and the actual practice of politics as unprincipled insincere and manipulative In Ethics and the Orator Gary A. Remer disagrees offering the Ciceronian rhetorical tradition as a rejoinder Remer's study is distinct from other works on political morality in that it turns to Cicero not Aristotle as the progenitor of an ethical rhetorical perspective Ethics and the Orator demonstrates how Cicero presents his ideal orator as exemplary not only in his ability to persuade but in his capacity as an ethical person Remer makes a compelling case that Ciceronian values balancing the moral and the useful prudential reasoning and decorum are not particular only to the philosopher himself but are distinctive of a broader Ciceronian rhetorical tradition that runs through the history of Western political thought post Cicero including the writings of Quintilian John of Salisbury Justus Lipsius Edmund Burke the authors of *The Federalist* and John Stuart Mill Gary Remer's very fine new book could not be more familiar or more central to contemporary politics Perspectives on Politics Well illustrates ways in which Cicero was perhaps the classical political thinker most concerned with the transcendence of the common good The Review of Politics *Future Survey Annual 1988-1989* Michael Marien, Lane Jennings, 1990-01-01 BMW Z cars have carved a huge reputation for themselves in a very short time From the revolutionary and innovative Z1 of the late 1980s to the beautiful and exclusive Z8 of more recent times via the popular Z3 and its controversial replacement the Z4 the family has made BMW's name in the increasingly competitive sports car market **Media and Modernity** John B. Thompson, 2013-07-03 This wide ranging and innovative book develops an original theory of the media and their impact on the modern world from the emergence of printing to the most recent developments in the media industries

This book delves into Eloquence In An Electronic Age The Trans. Eloquence In An Electronic Age The Trans is a crucial topic that must be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Eloquence In An Electronic Age The Trans, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Eloquence In An Electronic Age The Trans
 - Chapter 2: Essential Elements of Eloquence In An Electronic Age The Trans
 - Chapter 3: Eloquence In An Electronic Age The Trans in Everyday Life
 - Chapter 4: Eloquence In An Electronic Age The Trans in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of Eloquence In An Electronic Age The Trans. The first chapter will explore what Eloquence In An Electronic Age The Trans is, why Eloquence In An Electronic Age The Trans is vital, and how to effectively learn about Eloquence In An Electronic Age The Trans.
 3. In chapter 2, this book will delve into the foundational concepts of Eloquence In An Electronic Age The Trans. This chapter will elucidate the essential principles that need to be understood to grasp Eloquence In An Electronic Age The Trans in its entirety.
 4. In chapter 3, the author will examine the practical applications of Eloquence In An Electronic Age The Trans in daily life. This chapter will showcase real-world examples of how Eloquence In An Electronic Age The Trans can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of Eloquence In An Electronic Age The Trans in specific contexts. This chapter will explore how Eloquence In An Electronic Age The Trans is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, this book will draw a conclusion about Eloquence In An Electronic Age The Trans. This chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Eloquence In An Electronic Age The Trans.
