Embodied Voices Representing Female Vocality In Western Culture:

Embodied Voices Leslie C. Dunn, Nancy A. Jones, 1994 As a material link between body and culture self and other the voice has been endlessly fascinating to artists and critics Yet it is the voices of women that have inspired the greatest fascination as well as the deepest ambivalence because the female voice signifies sexual otherness as well as sexual and cultural power Embodied Voices explores cultural manifestations of female vocality in the light of current theories of subjectivity the body and sexual difference The fourteen essays collected here examine a wide spectrum of discourses including myth literature music film psychoanalysis and critical theory Though diverse in their critical approaches the essays are united in their attempt to articulate the compelling yet problematic intersections of gender voice and embodiment as they have shaped the textual representation of women and women's self expression in performance **Cathy Berberian:**

Pioneer of Contemporary Vocality Pamela Karantonis, Francesca Placanica, Pieter Verstraete, 2016-04-08 Cathy Berberian 1925 1983 was a vocal performance artist singer and composer who pioneered a way of composing with the voice in the musical worlds of Europe North America and beyond As a modernist muse for many avant garde composers Cathy Berberian went on to embody the principles of postmodern thinking in her work through vocality She re defined the limits of composition and challenged theories of the authorship of the musical score This volume celebrates her unorthodox path through musical landscapes including her approach to performance practice gender performativity vocal pedagogy and the culturally determined borders of art music the concert stage the popular LP and the opera industry of her times The collection features primary documentation some published in English for the first time of Berberian's engagement with the philosophy of voice new music early music pop jazz vocal experimentation and technology that has come to influence the next generation of singers such as Theo Bleckmann Susan Botti Joan La Barbara Rinde Eckert Meredith Monk Carol Plantamura Candace Smith and Pamela Z Hence this timely anthology marks an end to the long period of silence about Cathy Berberian's championing of a radical rethinking of the musical past through a reclaiming of the voice as a multifaceted phenomenon With a Foreword by Susan McClary **Female-Voice Song and Women's Musical Agency in the Middle Ages**, 2022-08-22

This collection of seventeen essays newly identifies contributions to musical culture made by women before 1500 across Europe You will learn about repertoire from such diverse locations as Iceland Spain and Italy and encounter examples of musicianship from the gender fluid professional musicians at the Islamicate courts of Syria to the nuns of Barking Abbey in England The book shows that women drove musical patronage dissemination composition and performance including within secular and ecclesiastical contexts and also reflects on the reception of medieval women's musical agency by both medieval poets and by modern recording artists Contributors are David Catalunya Lisa Colton Helen Dell Annemari Ferreira Rachel Golden Gillian L Gower Anna Kathryn Grau Carissa M Harris Louise McInnes Lisa Nielson Lauren Purcell Joiner Megan Quinlan Leah Stuttard Claire Taylor Jones Melissa Tu Angelica Vomera and Anne Bagnall Yardley **Women Singers in**

Songs in Black and Lavender Eileen M. Hayes, 2010-02-26 Drawing on fieldwork conducted at eight women's music festivals Eileen M Hayes shows how studying these festivals attended by predominately white lesbians provides critical insight into the role of music and lesbian community formation She argues that the women's music festival is a significant institutional site for the emergence of black feminist consciousness in the contemporary period Hayes also offers sage perspectives on black women's involvement in the women's music festival scene the ramifications of their performances as drag kings in those environments and the challenges and joys of a black lesbian retreat based on the feminist festival model

With acuity and candor longtime feminist activist Hayes elucidates why this music scene matters Veteran vocalist percussionist producer and cultural historian Linda Tillery provides a foreword

Sensing Sound Nina Sun Eidsheim, 2015-11-19 In *Sensing Sound* Nina Sun Eidsheim offers a vibrational theory of music that radically re envisions how we think about sound music and listening Eidsheim shows how sound music and listening are dynamic and contextually dependent rather than being fixed knowable and constant She uses twenty first century operas by Juliana Snapper Meredith Monk Christopher Cerrone and Alba Triana as case studies to challenge common assumptions about sound such as air being the default medium through which it travels and to demonstrate the importance a performance s location and reception play in its contingency By theorizing the voice as an object of knowledge and rejecting the notion of an a priori definition of sound Eidsheim releases the voice from a constraining set of fixed concepts and meanings In Eidsheim s theory music consists of aural tactile spatial physical material and vibrational sensations This expanded definition of music as manifested through material and personal relations suggests that we are all connected to each other in and through sound *Sensing Sound* will appeal to readers interested in sound studies new musicology contemporary opera and performance studies

Gender and Song in Early Modern England Leslie C. Dunn, Katherine R. Larson, 2016-04-15 *Song* offers a vital case study for examining the rich interplay of music gender and representation in the early modern period This collection engages with the question of how gender informed song within particular textual social and spatial contexts in sixteenth and seventeenth century England Bringing together ongoing work in musicology literary studies and film studies it elaborates an interdisciplinary consideration of the embodied and gendered facets of song and of song s capacity to function as a powerful and flexible gendered signifier The essays in this collection draw vivid attention to song as a situated textual and musical practice and to the gendered processes and spaces of song s circulation and reception In so doing they interrogate the literary and cultural significance of song for early modern readers performers and audiences

Opera as Soundtrack Jeongwon Joe, 2016-05-13 Filmmakers fascination with opera dates back to the silent era but it was not until the late 1980s that critical enquiries into the intersection of opera and cinema began to emerge Jeongwon Joe focusses primarily on the role of opera as soundtrack by exploring the distinct effects opera produces in film effects which differ from other types of soundtrack music such as jazz or symphony These effects are examined from three perspectives peculiar qualities of the operatic voice various properties commonly associated with opera such as excess otherness or death and multifaceted tensions between opera and cinema for instance opera as live embodied high art and cinema as technologically mediated popular entertainment Joe argues that when opera excerpts are employed on soundtracks they tend to appear at critical moments of the film usually associated with the protagonists and the author explores why it is opera not symphony or jazz that accompanies poignant scenes like these Joe s film analysis focuses on the

time period of the post 1970s which is distinguished by an increase of opera excerpts on soundtracks to blockbuster titles the commercial recognition of which promoted the production of numerous opera soundtrack CDs in the following years Joe incorporates an empirical methodology by examining primary sources such as production files cue sheets and unpublished interviews with film directors and composers to enhance the traditional hermeneutic approach The films analysed in her book include Woody Allen s Match Point David Cronenberg s M Butterfly and Wong Kar wai s 2046

Musical Receptions of Greek Antiquity

Katerina Levidou, Katy Romanou, George Vlastos, 2016-06-22 Musical Receptions of Greek Antiquity From the Romantic Era to Modernism is a rich contribution to a topic of increasing scholarly interest namely the impact of Greek antiquity on modern culture with a particular focus on music of the nineteenth and twentieth centuries This collection of essays offers a more comprehensive interdisciplinary examination of music s interaction with Greek antiquity since the nineteenth century than has been attempted so far analysing its connotations and repercussions The volume sheds light on a number of hitherto underexplored case studies and revisits and reassesses some well known instances Through scrutiny of a wide range of cases that extend from the Romantic era to experimentations of the second half of the twentieth century the collection illuminates how the engagement with and interpretation of elements of ancient Greek culture in and through music reflect the specific historical

cultural and social contexts in which they took place In analysing the multiple ways in which Greek antiquity inspired Western art music since the nineteenth century the volume takes advantage of current interdisciplinary developments in musicology as well as research on reception across various fields including musicology Slavic studies modern Greek studies Classics and film studies By encompassing a wide variety of case studies on repertoires at the margins of the Western European art music tradition while not excluding some central European ones this volume broadens the focus of an increasingly rich field of research in significant ways

Musical Voices of Early Modern Women Thomasin

LaMay,2017-05-15 Recent scholarship has offered a veritable landslide of studies about early modern women illuminating them as writers thinkers midwives mothers in convents at home and as rulers Musical Voices of Early Modern Women adds to the mix of early modern studies a volume that correlates women s musical endeavors to their lives addressing early modern women s musical activities across a broad spectrum of cultural events and settings The volume takes as its premise the notion that while women may have been squeezed to participate in music through narrower doors than their male peers they nevertheless did so with enthusiasm diligence and success They were there in many ways but as women s lives were fundamentally different and more private than men s were their strategies tools and appearances were sometimes also different and thus often unstudied in an historical discipline that primarily evaluated men s productivity Given that many of these stories will not necessarily embrace a standard musical repertoire even as they seek to expand canonical borders The contributors to this collection explore the possibility of a larger musical culture which included women as well as men by examining early modern women in many headed ways through the lens of musical production They look at how women composed assuming that compositional gender strategies may have been used differently when applied through her vision how women were composed or represented and interpreted through music in a larger cultural context and how her presence in that dialog situated her in social space Contributors also trace how women found music as a means for communicating for establishing intellectual power for generating musical tastes and for enhancing the quality of their lives Some women performed publicly and thus some articles examine how this impacted on their lives and families Other contributors inquire about the economics of music and women and how in different situations some women may have been financially empowered or even in control of their own money making This collection offers a glimpse at women from home stage work and convent from many classes and from culturally diverse countries including France Spain Italy England Austria Russia and Mexico and imagines a musical history centered in the realities of those lives

Courtly Song in Late Sixteenth-Century France Jeanice Brooks,2020-04-23 In the late sixteenth century the French royal court was mobile To

distinguish itself from the rest of society it depended more on its cultural practices and attitudes than on the royal and aristocratic palaces it inhabited Using courtly song or the air de cour as a window Jeanice Brooks offers an unprecedented look into the culture of this itinerant institution Brooks concentrates on a period in which the court's importance in projecting the symbolic centrality of monarchy was growing rapidly and considers the role of the air in defining patronage hierarchies at court and in enhancing courtly visions of masculine and feminine virtue Her study illuminates the court's relationship to the world beyond its own confines represented first by Italy then by the countryside In addition to the 40 editions of airs de cour printed between 1559 and 1589 Brooks draws on memoirs literary works and iconographic evidence to present a rounded vision of French Renaissance culture The first book length examination of the history of air de cour this work also sheds important new light on a formative moment in French history

Theatre and Voice Konstantinos Thomaidis, 2017-09-16 How can we rethink the importance of voice in performance How can we understand voice simultaneously as music and text as sound and body or as both personal and political This book explores voice across genres media and cultures inviting the reader to reassess established ways of analysing enjoying and listening to voice Using a wide range of case studies integrated with critical and philosophical frameworks it makes audible the multiple ways in which voice contributes to how we perform identities From opera and musical theatre to live art and immersive audio walks Konstantinos Thomaidis presents voice as plural elusive and ripe for reinvention
