The Gyroscopic Transformation of Self Quest in W. B. Yeats's

Poetry Özlem Saylan,2019-01-17 Carrying a story to tell is the ancient burden of craftsmen and it is one of the characteristics of the quest to find oneself since a journey requires recognition of the aspects of self and anti self Like the speaker of his poems W B Yeats has something to tell His poetry draws nourishment from the battle between the dichotomies of self and anti self human and divine mind and intellect past and present and body and soul This book covers a selection of Yeats s poems from 1889 to 1939 discussing them within the frame of the quest to find oneself and its gyroscopic transformation The book illustrates that self is not a single entity but has multiple layers and it can be found within the quest in which it experiences a simultaneous transformation with every phase of the antithetical structure of gyroscopic movements In addition the way of the quest is cyclical however it is not a vicious cycle since in life every end is a phase of a beginning and every beginning is a phase of an end The Literary World ,1875

The Letters of John Greenleaf

Whittier: 1828-1845 John Greenleaf Whittier,1975 These letters of a man deeply concerned about his country directly involved in political action and torn as the Civil War approached by the conflict between his abolitionist zeal and his Quaker pacifism letters here collected for the first time and many of them hitherto unpublished shatter the stereotype of Whittier as the good gray poet The many letters to such figures as John Quincy Adams Charles Sumner and William Lloyd Garrison form a detailed record of the abolitionist movement from its inception to its merging with the Free Soil party in the 1850s The first two volumes reproduce all the extant letters from 1828 to 1860 with full annotations The last volume is selective excluding several thousand perfunctory items and including only the historically or biographically interesting letters of the last three decades of the poet s life
