As the survivor of a person who has ended his life by suicide, you are left a painful legacy, and not one you chose. This book can help you take the first steps toward healing. While each individual becomes a suicide survivor in his or her own way, there are predictable phases of pain that most survivors experience sooner or later, from the grief and depression of mourning to guilt, rage, and despair over what you have lost.

Too often people suffering the aftermath of a suicide suffer alone. You may be torturing yourself with repetitive questions of "What if...?" and "Why didn't we...?" And "Why, why, why?"

*Healing After the Suicide of a Loved One*, written for the living, is filled with case studies, excellent information, and advice, and includes a list of suggested readings and a directory of suicide support groups nationwide.

Remember, your wounds can heal and you can recover. You can still laugh and love. This book invites you to begin this journey.
