rebellious as common wisdom has it The new sound reflected the conservatism and conformity of the 1950s as much as it did the era's conflict Rock roll supported centrist politics traditional values and mainstream attitudes toward race gender class and ethnicity The musical evidence proves that most teenagers of the 1950s were not that different from their parents and grandparents when it came to basic beliefs interests and pastimes Young and old alike were preoccupied by the same concerns tensions and insecurities Rock roll continues to permeate the fabric of modern life and understanding the music's origins reminds us of the common history we all share Music lovers who grew up during rock roll's early years as well as those who have come to it more recently will find Let's Rock an exciting historical and musical adventure
