Emang Basadis Political Education Project A Strategy That Works:

Emang Basadi's Political Education Project, 1998 **Social Movements and Democracy in Africa** Agnes Ngoma Leslie, 2006 This book examines social movements in Africa analyzing how they emerge and how they may impact public policy the legal and political situation and the society by focusing on the following question How do women s political and legal rights get extended and institutionalized in a patriarchal democratic society **Historical Dictionary of Botswana** Fred Morton, Jeff Ramsay, Part Themba Mgadla, 2008-04-23 In September 2006 Botswana celebrated its 40th anniversary of independence During its four decades of freedom the average individual annual income in Botswana has risen from less than 500 in 1966 in today s prices to more than 5 000 in 2006 It has held nine open and free national elections it has expanded the provision of electricity water education and health services to most of its people and it has become an archetype for other nations wanting to put the profits from its natural resources back into the nation s development While much has improved in the country Botswana still faces three major issues the AIDS epidemic the tens of thousand refugees from South Africa Namibia and Zimbabwe and conflict diamonds The fourth edition of the Historical Dictionary of Botswana _through its chronology introductory essay appendixes map bibliography and hundreds of cross referenced dictionary entries on important persons places events institutions and significant political economic social and cultural aspects _provides an important reference on this burgeoning African country **Historical Dictionary of Botswana** Barry Morton, Jeff Ramsay, 2018-06-13 The death of Botswana s last founding father Sir Ketumile Quett Masire in June 2017 marked the end of an era Since the release of the Fourth Edition of Historical Dictionary of Botswana in 2008 Botswana has gone through its most turbulent and divided decade to date Throughout September 2016 when Botswana celebrated its 50th anniversary of independence all the successes of the Seretse and Masire era were sources of massive national pride Botswana had expanded provisions of electricity water education and health services to almost all of its people and become a model nation that owned its natural resources and plowed the profits back into the nation s development Despite these successes Botswana has a high unemployment rate about 20 percent and a much larger cohort of the underemployed This fifth edition of Historical Dictionary of Botswana contains a chronology an introduction appendixes an extensive bibliography and more than 700 cross referenced entries on important personalities and aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Botswana **Power, Gender and Social Change in Africa** Raj Bardouille, Margaret Grieco, 2009-03-26 Gender plays a hugely significant and too often under considered role in predicting how accessible resources such as education wage based employment physical and mental health care adequate nutrition and housing will be to an individual or community According to a 2001 World Bank report titled Engendering Development Through Gender Equality in Rights Resources and Voice enormous disparities exist between men and women in terms of basic rights and the power to determine the future both in

Africa and around the globe A better understanding of the links between gender public policy and development outcomes would allow for more effective policy formulation and implementation at many levels This book through its discussion of the challenges achievements and lessons learned in efforts to attain gender equality sheds light on these important issues The book contains chapters from an interdisciplinary group of scholars including sociologists economists political scientists scholars of law anthropologists historians and others The work includes analysis of strategic gender initiatives case studies research and policies as well as conceptual and theoretical pieces With its format of ideas resources and recorded experiences as well as theoretical models and best practices the book is an important contribution to academic and political discourse on the intricate links between gender power and social change in Africa and around the world *Governing Women* Anne Marie Goetz, 2009-01-13 Though the proportion of women in national assemblies still barely scrapes 16% on average the striking outliers Rwanda with 49% of its assembly female Argentina with 35% Liberia and Chile with new women presidents this year have raised expectations that there is an upward trend in women s representation from which we may expect big changes in the quality of governance But getting women into public office is just the first step in the challenge of creating governance and accountability systems that respond to women s needs and protect their rights Using case studies from around the world the essays in this volume consider the conditions for effective connections between women in civil society and women in politics for the evolution of political party platforms responsive to women s interests for local government arrangements that enable women to engage effectively and for accountability mechanisms that answer to women The book s argument is that good governance from a gender perspective requires more than more women in politics It requires fundamental incentive changes to orient public action and policy to support gender equality **40 Years of Democracy in Botswana, 1965-2005** Zibani Maundeni, 2005 **Accessions List of the Library of Congress Office, Nairobi, Kenya** Library of Congress. Library of Congress Office, Nairobi, Kenya, 1999 **The State and Democracy in Africa** African Association of Political Science, 1998 A study of the issues of democracy and democratisation in Africa with emphasis on the roles of civil society and the state in the democratic transition Includes case studies on women s struggle for equality in Botswana state civil society in Uganda and the role played by the state in blocking undermining or promoting the democratic transition in South Africa Nigeria and Ghana **G.K. Hall Interdisciplinary Bibliographic Guide to Black Studies** Schomburg Center for Research in Black Culture, 1999 **A Decade of Democracy in Africa**, 2002-10-31 The democratic experiment in Africa has had a checkered history over the past ten years Analysts of this process tend to focus on the political and legal space instead of including broader issues such as norms generational change and class Authors in this volume argue that African civil society is less likely to support democracy they measure African democracy by the women s rights movements unravel the mythical hope of technology and point to ideological capitulation necessary for a limited transition Past experience from Botswana South Africa Ghana Kenya Uganda and Madagascar will give the readers an
