*Farm Flu* Teresa Bateman, 2001-01-01 2002 IRA CBC Children's Choices Oppenheim Toy Portfolio Gold Seal Award Ka choo Who's sneezing It's the cow the chickens the pigs the turkeys the donkey and the sheep All the farm animals have the flu and Mom is out of town Luckily her son knows just what his mom would do if it were he who had the flu *Farm Sanctuary* Gene Baur, 2008-03-04 Leading animal rights activist Gene Baur examines the real cost of the meat on our plates for both humans and animals alike in this provocative and thorough examination of the modern farm industry Many people picture cows sheep pigs and chickens as friendly creatures who live happily within the confines of a peaceful family farm arriving as food for humans only at the end of their sun-drenched lives That's what Gene Baur had been told but when he first visited a stockyard he realized that this rosy depiction couldn't be more inaccurate Amid the stench noise and filth his attention was drawn in particular to one sheep who had been cast aside for dead But as Baur walked by the sheep raised her head and looked right at him She was still alive and the one thing Baur knew for sure that day was that he had to get her to safety Hilda as she was later named was nursed back to health and soon became the first resident of Farm Sanctuary an organization dedicated to the rescue care and protection of farm animals The truth is that farm production does not depend on the family farmer with a small herd of animals but instead resembles a large assembly line factory Animals raised for human consumption are confined for the entirety of their lives and often live without companionship fresh air or even adequate food and water Viewed as production units rather than living beings with feelings ten billion farm animals are exploited specifically for food in the United States every year In *Farm Sanctuary* Baur provides a thought-provoking investigation of the ethical questions involved in the production of beef poultry pork milk and eggs and what each of us can do to stop the mistreatment of farm animals and promote compassion He details the triumphs and the disappointments of more than twenty years on the front lines of the animal protection movement And he introduces sanctuary us to some of the special creatures who live at Farm Sanctuary from Maya the cow to Marmalade the chicken all of whom escaped horrible circumstances to live happier more peaceful lives *Farm Sanctuary* shows how all of us have an opportunity and a responsibility to consume a kinder plate making a better life for ourselves and animals as well You will certainly never think of a hamburger or chicken breast the same way after reading this book *Farm Journal*, 1928 **Project Animal Farm** Sonia Faruqi, 2015-07-15 Sonia Faruqi had an Ivy League degree and a job on Wall Street But when the banking industry collapsed she found herself on a small organic dairy farm that would change her life for the better although it didn't seem that way in the beginning First she had to come to grips with cows shocked into place cannibal chickens and free-range turkeys that went nowhere But there were bright lights as well happy frolicking calves on a veal farm and farmers who cared as much about the animals as their pocketbooks What started as a two-week volunteer vacation turned into a journey that reached into the darkest recesses of the animal agriculture industry Surrounded by a colorful cast of characters Faruqi's

quest to discover the truth about modern agribusiness took her around the world Lively edgy and balanced Project Animal Farm sheds light on the international agribusiness with the ultimate goal of improving the lives of farm animals here at home Using her finance background to forecast the future of agriculture Faruqi discusses the changes we need to make using our forks and our votes *Farm Journal and Country Gentleman*, 1921 Vital Signs 2007-2008 Worldwatch Institute, 2007 The award winning Worldwatch Institute reveals the often overlooked key trends that tell the true health of our planet
