Fast Forward James Lardner,1988-07 **Fast Forward** James Lardner,1987 An account of how the video cassette recorder set off a war between two giant corporations Sony and Universal Pictures a war that entangled Hollywood and corporate executives lobbyists the Supreme Court and ordinary Americans **Japanese Film and the Challenge of Video** Tom Mes,2023-05-19 This book explores the phenomenon of V Cinema founded in Japan in 1989 as a distribution system for direct to video movies which film companies began making having failed to recoup their investment in big budget films It examines how studios and directors worked quickly to capitalize on niche markets or upcoming and current trends and how as a result this period of history in Japanese cinema was an exceptionally diverse and vibrant film scene It highlights how although the V Cinema industry declined from around 1995 the explosion in quantity and variety of such movies established and cemented many specific genres of Japanese film Importantly the book argues that film scholars who have long looked down on video as a substandard medium without scholarly interest have been wrong to do so and that V Cinema challenges accepted notions of cultural value providing insight into the formation of cinematic canons and inviting us to rethink what is meant by Japanese cinema
