and Germany at the turn of the century looking for new opportunities and a different life But in other ways they are anything but typical a close knit clan shielding explosive family secrets from generation to generation Rebecca is determined to not only embrace her family s proud heritage but also learn what really happened From the awestruck hope of Ellis Island to the pride of becoming US citizens from the lonely courage of establishing homesteads in the Midwest to embracing the community and caring of the church from bonds of love to the burdens of shared secrets Lake of the Cedars is a multi generational American family saga that will keep you enthralled      *Shamrock* Robert Honea,2004-10 With the government that ruled over them arbitrary and capricious the stage was set for a new kind of trouble While none could yet imagine its size or brutality its symbol would come in the form of a fiery cross Born of men in hoods and robes known by many names it would be the Klan Founded by a group of Confederate veterans in a small town in Tennessee soon after the succession of hostilities their numbers would swell until they became a shadow government Although subversive with tentacles extending into the nation s capitol it would influence politics on both the local and federal level well beyond the middle of the next century While it could be argued that due to conditions imposed upon the South immediately after the war such an organization was bound to emerge it is also true that it grew beyond anyone s expectations Although the organization did much to level the playing field in the post war years with its darker side soon overshadowing any good it might do the rest is history
