Corrupt Research Raymond Hubbard,2015-07-01 Addressing the immensely important topic of research credibility Raymond Hubbard s groundbreaking Corrupt Research proposes that we must treat such information with a healthy dose of skepticism This book argues that the dominant model of knowledge procurement subscribed to in these areas the significant difference paradigm is philosophically suspect methodologically impaired and statistically broken Hubbard introduces a more accurate alternative framework the significant sameness paradigm for developing scientific knowledge The majority of the book comprises a head to head comparison of the significant difference versus significant sameness conceptions of science across philosophical methodological and statistical perspectives *Retracing the Keowee Trail* J. Stuart Taylor,2024-11-07 In Retracing the Keowee Trail the author tells the story of the Cherokee Path that connected the low country of colonial Carolina with the mountain homeland of the Cherokee Nation The Keowee Trail was a busy trading route for a burgeoning deerskin trade Along this same path epidemic disease made its way inexorably from the colony toward Cherokee society reducing their population by more than half Along this path warfare was waged in both directions by Cherokee war parties determined to defend their homeland and by settlers like the author s Scots Irish ancestors evermore hungry for land That ancestral history is an entry point into this larger narrative A deep map approach to the Keowee Trail will hold together multiple lines of perspective including memoir family history migration patterns religious history Indigenous wisdom trauma theory ghost stories mythology archeology geography the watersheds and the flora and fauna of the Southern Appalachians
