book for everyone who has ever been shaken and changed by love      **The World Began with Yes** Erica Jong, 2019-04-16  
The author of *Fear of Flying* touches on her mother's death, astrophysics and her own return to poetry which came unbidden as it always does. The New York Times Life challenges us to celebrate even when our very existence is threatened. Never have we needed poetry more. Poetry was 1. New York Times bestselling novelist Erica Jong's first love and she never left it. In a dark time she celebrates life, the title of this collection. *The World Began with Yes* comes from the celebrated Brazilian writer Clarice Lispector who was deeply in love with life despite many tragedies. Jong believes that the poet sees the world in a grain of sand and eternity in a wild flower as Blake wrote. Her work has always stressed the importance of the lives of women, women's creativity and self-confidence and this collection is an inspiration to readers as well as the next generation of poets. Say yes to this collection and let the world begin. Kim Dower, author of *Sunbathing on Tyrone Power's Grave*      **Fear of Flying** Erica Jong, 2013-10-08 Even in a time when women are still sexually repressed Isadora Wing wishes to fly free with a man who completes her every fantasy      **Jonathan Swift and Popular Culture Myth, Media and the Man A.** Kelly, 2016-04-30 Ann Kelly's provocative book breaks the mold of Swift studies. Twentieth century Swift scholars have tended to assess Jonathan Swift as a pillar of the eighteenth century republic of letters, a conservative even reactionary voice upholding classical values against the swelling tide of popularization in literature. Kelly looks at Swift instead as a practical exponent of the popular and impresario of the literary image. She argues that Swift turned his back on the elite to write for a popular audience and that he annexed scandals to his fictionalized print alter ego, creating a continual demand for works by or about this self-mythologized figure. A fascinating look at print culture, the commodification of the author and the history of popular culture, this book should provoke lots of discussion      Waiting for Godiva Ronald J. Meyers, 2002-06-26 The history of love is the story of civilization, the account of the most universal, most irresistible and most expedient activity of men and women. Love between the sexes has been marked by irrationality, dissimulation, anxiety, shame, frustration, disgust and suffering. Yet the search for fulfillment through love is not only the basis of our earthly happiness but the summit of our biological destiny. The union of man and woman in ecstasy enables us to realize our ultimate purposes, our immortality and the survival of the species. Although the sex drive is related to our most primitive character, love and the literature created around the subject of love is truly the flower of our civilized achievements      *No Man's Land* Sandra M. Gilbert, Susan Gubar, 1996-02-21 How do writers and their readers imagine the future in a turbulent time of sex war and sex change? And how have transformations of gender and genre affected literary representations of woman, man, family and society? This final volume in Gilbert and Gubar's landmark three-part *No Man's Land: The Place of the Woman Writer in the Twentieth Century* argues that throughout the twentieth century women of letters have found themselves on a confusing cultural front and that most increasingly aware of the artifice of gender have dispatched missives recording some form of the future shock associated with profound changes in the roles and rules governing sexuality. Divided into two parts, *Letters from the Front* is

chronological in organization with the first section focusing on such writers of the modernist period as Virginia Woolf Zora Neale Hurston Edna St Vincent Millay Marianne Moore and H D and the second devoted to authors who came to prominence after the Second World War including Gwendolyn Brooks Sylvia Plath Margaret Atwood Toni Morrison and A S Byatt Embroiled in the sex antagonism that Gilbert and Gubar traced in *The War of the Words* and in the sexual experimentations that they studied in *Sexchanges* all these artists struggled to envision the inscription of hitherto untold stories on what H D called the blank pages of the unwritten volume of the new Through the works of the first group Gilbert and Gubar focus in particular on the demise of any single normative definition of the feminine and the rise of masquerades of femininity amounting to female female impersonation In the writings of the second group the critics pay special attention to proliferating revisions of the family romance revisions significantly inflected by differences in race class and ethnicity and to the rise of masquerades of masculinity or male male impersonation Throughout Gilbert and Gubar discuss the impact on literature of such crucial historical events as the Harlem Renaissance the Second World War and the sexual revolution of the sixties What kind of future might such a past engender Their book concludes with a fantasia on *The Further Adventures of Snow White* in which their bravura retellings of the Grimm fairy tale illustrate ways in which future writing about gender might develop

**Hemingway's Quarrel with Androgyny** Mark Spilka, 1990-01-01 Hemingway's Quarrel with Androgyny confronts the entrenched mystique surrounding the hard drinker bullfighter and creator of characters steeled by their own code Spilka stresses Hemingway's lifelong dependence on and secret identification with women and in doing so shatters the myths of male bonding and heroic lives of men without women He develops the biographical literary and cultural implications of Hemingway's lifelong quarrel with androgyny to reveal a more psychologically complex man and writer than the mystique has allowed
