## **Farpoint Mindstation:**

**Farpoint Mindstation II : the Quest for Purpose** Dr. David R. Huff, 2008-11-13 Farpoint Mindstation II is the second book in the Quest series. Mainly written in the Kingdom of Saudi Arabia KSA, the poems contained in this book are about actual events. As in the earlier book Farpoint Mindstation, the poems are written using allegorical symbolism. However, unlike the first book, the Terzanelle poetry form is widely used. The KSA influence is a very positive one. Upon first glance, the KSA culture and land appear simple and mysterious; the new poems, when first read, appear the same way. With closer examination, new and more subtle meanings surface, so too it is in the land of Ariby. Expect the unexpected. **Farpoint Mindstation** David R. Huff, 2003-10 Joined in Mind and Body Kenneth Fox, 2006-11-10 Several centuries into the future, humans have allied with Kathari, a race of feline aliens, for mutual protection. Andrew Foster was a crack computer technician recruited to work on the powerful Artificial Intelligence system of the Karenthis, flagship of the Kathterran military fleet. The chance to see a huge centaur like Kathari cinched the deal. The psionic felines were the mainstay of any Kathterran vessel. Andrew planned to get the work done and be home by the following afternoon. He didn't expect to remain on the ship when it was deployed to a war zone. He definitely didn't anticipate discovering his true soul mate on the trip. **New Frontiers of the Mind** Joseph Banks RHINE, 1950 **Mind-Surfer** Mark Leon, 1995-01-01 Coping with a dead end job and a lackluster romance, computer programmer Lew Slack finds his world turned upside down when a mysterious stranger hands him a crystal. A woman he has never met claims to be his lover, and his cat disappears. Original *Practical Mind Reading* William Walker Atkinson, 2012-04-26 William Walker Atkinson was one of the initial authors to teach the law of attraction, or in other words, the idea that like attracts like. More than seventy years before Esther and Jerry Hicks' *Ask and it is Given*, or Byrnes' multi-million best seller *The Secret*, Atkinson demonstrated how to use the power of thought to attract abundance. What is lesser known is that Atkinson also taught individuals to use their minds to perform feats of mentalism, such as mind reading and mental telepathy. He cautions readers that scam artists abound and that many such purported demonstrations are fraudulent. At the same time, he assures us that serious practitioners can harness the power of their minds to develop extra-sensory perceptions grounded in scientific theory. This book is a complete mini-course that teaches how to do just that. Readers who apply Atkinson's methods will leave with a new appreciation for and wonder of the untapped potential of the human mind. Contents: Lesson I The Nature of Mind Reading: A plain practical scientific explanation of this vast, mysterious subject explaining the action of mind upon mind and the Mental Wireless Telegraphy according to the latest and best authorities. Lesson II The Proofs of Mind Reading: The result of the latest scientific experiments and investigations regarding this subject, practical proof and indisputable facts. Lesson III Contact Mind Reading: Full instruction regarding the Nerve Currents passing from the human Transmitter to the human receiver, stated so plainly that any one may instantly grasp the theory and practice. Lesson IV Development Exercises: How to develop yourself, how to grow proficient in practice, how to find

Locations how to find Objects how to perform the necessary elementary feats and thus prepare for Public Work Lesson V Simple Demonstrations Public or Parlor Demonstrations Fourteen Practical Demonstrations are explained full directions for performing them are given so that the student may reproduce the demonstrations Lesson VI Difficult Demonstrations Explanations and instructions given for their performance The Banknote Test the Blackboard Feats Drawing Pictures Telepathic Chess and Checkers etc described explained and full instructions given for their reproduction Lesson VII The Transmutation of Negative Thought The Driving Feat the Combination Lock Feat the Office Detective Feat the Postoffice Box Feat and many other sensational demonstrations explained together with an exposure of Fake Demonstrations Lesson VIII Higher Phenomenon Demonstrations without contact Development Directions Long Distance Experiments Automatic Writing Valuable Suggestions and Advice
