lands and seas to rocks Hence science takes another step back and admits or claims a beginning to the earth a beginning to all planets and suns and a beginning to the universe Science and the record in Genesis are thus one This is not reconciliation it is accordance So writes Dr J D Dana the eminent American Professor in the O and N Test Student of July 1890 The record declares that God created not a formless earth but the heavens where at no time do we hear of disorder and the earth But even as to the earth which was to be a scene of change we are expressly told by an authority no less inspired and therefore of equal authority with Moses that such disorder was not the original state For thus saith Jehovah that created the heavens he is God that formed the earth and made it he established it he created it not a waste he formed it to be inhabited Isa xlv 18 The Revised V is purposely cited as confessedly the more correct reflection of the prophet Here is therefore the surest warrant to separate ver 2 from ver Contributions Towards the Exposition of the Book of Genesis Robert Smith CANDLISH, 1868
