American Jaguar Elizabeth Webb, 2021-11-02 In the borderlands between the United States and Mexico America's largest cat the jaguar is fighting to regain its kingdom Added to the endangered species list in 1997 the jaguar has declined in population mainly due to habitat fragmentation created by roads farms mines and most controversially the border wall Such human made barriers prevent free movement of many wild animals for predation and mating thereby threatening their reproduction DNA transfer and overall survival Author and wildlife biologist Elizabeth Webb examines the jaguar's predicament and highlights the work of field scientists who are

searching for solutions Conservation Connection features throughout the book underscore the importance of protecting this keystone species of the Americas *Hope and Hard Times* Ted Bernard,2010-01-01 Successes and speed bumps on the road to sustainable communities **Rewilding the World** Caroline Fraser,2014-04-29 A Library Journal Best Sci Tech Book of the Year A gripping account of the environmental crusade to save the world s most endangered species and landscapes the last best hope for preserving our natural home Scientists worldwide are warning of the looming extinction of thousands of species from tigers and polar bears to rare flowers birds and insects If the destruction continues a third of all plants and animals could disappear by 2050 and with them earth s life support ecosystems that provide our food water medicine and natural defenses against climate change Now Caroline Fraser offers the first definitive account of a visionary campaign to confront this crisis rewilding Breathtaking in scope and ambition rewilding aims to save species by restoring habitats reviving migration corridors and brokering peace between people and predators Traveling with wildlife biologists and conservationists Fraser reports on the vast projects that are turning Europe s former Iron Curtain into a greenbelt creating trans frontier Peace Parks to renew elephant routes throughout Africa and linking protected areas from the Yukon to Mexico and beyond An inspiring story of scientific discovery and grassroots action *Rewilding the World* offers hope for a richer wilder future *Endangered: Biodiversity on the Brink (Volume 2 of 2) (Large Print 16pt)* , **Connecting Mountain Islands and Desert Seas** ,2005 **Backpacker** ,2002-04 Backpacker brings the outdoors straight to the reader s doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world s first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker s Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured Globalization on the Line C. Sadowski-Smith,2016-04-30 The essays in *Globalization on the Line* criticize the almost exclusive emphasis on the ethnically constituted trans nation whose function as an instrument of de nationalization has become signified in the metaphorical use of the border Contributors focus on the surge of a more diverse variety of cultural forms of citizenship in response to the dramatic change that the geographies of U S border areas have undergone and simultaneously held to shape at the end of the 20th century In its attempt to move beyond examinations of de nationalized diasporic formations at the border several essays in the collection add an attention to the northern frontier a hemispheric perspective that was originally spawned by imagining new forms of citizenship within U S Mexico transborder cultures Instead of viewing globalization and nation states as two separate and opposed domains of theorization and politics *Globalization on the Line* contextualizes U S borders within global processes that are currently reconstituting the relationship between nation states and private corporations at the site of U S borders The volume thus adds to the almost exclusive focus on the counter hegemonic diasporic trans nation an emphasis on various forms of citizenship that have emerged in response to increasingly more
